The Compleat Phil Batt Phil Batt,1999 *Idaho Politics and Government* Jasper M. LiCalzi,2019-01-01 Examining politics in Idaho through the lens of ideology i e conservative versus liberal or partisanship i e Democrat versus Republican does not illuminate the more fundamental dynamics of the state s political environment Unlike other states that are divided on partisan or traditional ideological lines Idaho tends to be divided between its libertarian and communitarian visions of the role of government and the place of the individual in society In *Idaho Politics and Government* Jasper M LiCalzi examines the complex world of Idaho politics where morality dominates but a heartily libertarian strain of individualism keeps lawmakers from falling into the liberal versus conservative dialogue prevalent in other states After opening with the ultrasound bill failure as a recent example of Idaho s political culture LiCalzi traces the influence of individuals and party factions from the 1960s through the present before moving on to the inner workings of government itself with all its institutions and extra governmental extensions He closes with another recent Idaho bill concerning the topics of child support and Sharia Islamic law giving readers yet another glimpse of the workings of Idaho politics and the continuing clash between the community and the individual Presenting a continuum of political views from an emphasis on the individual personified by Thomas Jefferson to a focus on community personified by Alexander Hamilton LiCalzi provides a new method for understanding political actions and situations in Idaho *Governing Idaho* James Benjamin Weatherby,Randy Stapilus,2005 Distributed by the University of Nebraska Press for Caxton Press Idaho is a state with many varied interests vying for political control Whether it be in the politically liberal north the staunchly conservative southeast or the rapidly changing southwest of the state the social and political factors that determine who gains power in the Gem state often flies in the face of logic and makes for an interesting study in contrasts **The Executive Branch of State Government** Margaret R.
