[With a Portrait.]* Ronald Firbank, 1961 **The complete Ronald Firbank, with a pref** Arthur Annesley Ronald Firbank, *The Complete Ronald Firbank* Ronald Firbank, 1962 Odette a fairy tale for weary people The artificial princess Vainglory Inclinations Caprice Valmouth Santal The flower beneath the foot Prancing nigger Concerning the eccentricities of Cardinal Pirelli The Princess Zoubaroff **Sex and Sensibility in the Novels of Alan Hollinghurst** Mark Mathuray, 2017-05-26 Winner of the British Association for Contemporary Literary Studies BACLS 2017 Edited Collection Prize This book is a challenging and engaging collection of original essays on the novels of Alan Hollinghurst Britain's foremost gay writer and the English novel's master stylist The essays engage the precarious and shifting relationship between sex and literary sensibility in his novels and thus also attempt to establish the parameters of a new critical discourse for future research on Hollinghurst's novel queer theory and the contemporary literary representations of masculinity and sexuality By coupling the consideration of Hollinghurst's aesthetics his sensuously evocative style to an interrogation of the social political and sexual currents in his texts the contributors of this collection provide distinctive interpretations of Hollinghurst's novels from Hollinghurst's uncovering of a gay artistic heritage to his re-signification of earlier English literary styles from his engagement with the Symbolist fin de siècle to his critique of aestheticism etc whilst paying close attention to the formally innovative qualities of his texts **Ronald Firbank** Steven Moore, 1996 An annotated Bibliography of secondary Materials 1905 1955 *The Ruling Passion* Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery **Criticism of Society in the English Novel Between the Wars** Hena Maes-Jelinek, 2013-05-22 The main concern of this study is the artist's vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist's awareness of the social reality and of the individual's response to it the writers I deal with all

proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual s sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism A History of the Modernist Novel Gregory

Castle,2015-06-25 A History of the Modernist Novel reassesses the modernist canon and produces a wealth of new comparative analyses that radically revise the novel s history Drawing on American English Irish Russian French and German traditions leading scholars challenge existing attitudes about realism and modernism and draw new attention to everyday life and everyday objects In addition to its exploration of new forms such as the modernist genre novel and experimental historical novel this book considers the novel in postcolonial transnational and cosmopolitan contexts A History of the Modernist Novel also considers the novel s global reach while suggesting that the epoch of modernism is not yet finished
