Ronald Decker, Michael Dummett

The Complete Golden Dawn Cipher Manuscript Golden Dawn Studies Series 1:

The History of the Occult Tarot Ronald Decker, Michael Dummett, 2013-07-18 An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics

A Cultural History of Tarot Helen Farley, 2009-08-13 The enigmatic and richly illustrative tarot deck reveals a host of strange and iconic mages such as The Tower The Wheel of Fortune The Hanged Man and The Fool over which loom the terrifying figures of Death and The Devil The 21 numbered playing cards of tarot have always exerted strong fascination way beyond their original purpose and the multiple resonances of the deck are ubiquitous From T S Eliot and his wicked pack of cards in The Waste Land to the psychic divination of Solitaire in Ian Fleming s Live and Let Die and from the satanic novels of Dennis Wheatley to the deck s adoption by New Age practitioners the cards have in modern times become inseparably connected to the occult They are now viewed as arguably the foremost medium of prophesying and foretelling Yet as the author shows originally the tarot were used as recreational playing cards by the Italian nobility in the Renaissance It was only much later in the 18th and 19th centuries that the deck became associated with esotericism before evolving finally into a diagnostic tool for mind body and spirit This is the first book to explore the remarkably varied ways in which tarot has influenced culture Tracing the changing patterns of the deck s use from game to mysterious oracular device Helen Farley examines tarot s emergence in 15th century Milan and discusses its later associations with astrology kabbalah and the Age of Aquarius

Archetypal Tarot Mary K. Greer, 2021-06 The tarot cards associated with your birth date and name form a pattern of personal destiny They describe the theme of your life the challenges and the gifts In Archetypal Tarot tarot scholar and teacher Mary K Greer connects astrology and numerology to the tarot to create an in depth personality profile that can be used for self realization and personal harmony

the vision of transmitting esoteric knowledge to profane humanity They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people *Constructing Tradition* Andreas Kilcher,2010-10-05 This volume of conference proceedings investigates the various ways and patterns with which esoteric writings and groups establish their own tradition This involves concepts of origin and memory ways of legitimising esoteric tradition as well as techniques and practices of knowledge transmission in esotericism **The Golden Builders** Tobias Churton,2005-01-01 A leading scholar of esoteric spirituality uncovers the history of Gnostic alchemy from Hellenistic Alexandria to the Renaissance In *The Golden Builders* Tobias Churton eschews myth and pseudohistory to trace 1 600 years of Hermetic spiritual and philosophical development In a breathtaking span of detailed research he sheds light on the origins of Gnostic alchemy pre Grand Lodge Freemasonry and the mysterious Fraternity of the Rosy Cross the Rosicrucians He introduces readers to great men of magic and spiritual wisdom such as Paracelsus Caspar Schwenckfeld Johann Valentin Andrae and others This sweeping work is divided into three parts Part 1 presents a broad survey of the Hermetic current and its transmissions from Hellenistic Alexandria to the time of Paracelsus Part 2 focuses on the Rosicrucian movement as a vehicle of the Hermetic current drawing on the research of scholars such as Carlos Gilly Part 3 concentrates on Elias Ashmole the English polymath alchemist astrologer and early Freemason who carried the Hermetic current forward during the Renaissance Debunking myths while revealing genuine mysteries *The Golden Builders* combines authoritative scholarship with deep spiritual wisdom City of the Beast Phil Baker,2022-08-16 A work that combines biography and psychogeography to trace Aleister Crowley s life in London I dreamed I was paying a visit to London Aleister Crowley wrote in Italy continuing It was a vivid long coherent detailed affair of several days with so much incident that it would make a good sized volume Crowley had a love hate relationship with London but the city was where he spent much of his adult life and it was the capital of the culture that created him Crowley was a post decadent with deviant Victorian roots in the cultural ferment of the 1890s and the magical revival of the Golden Dawn Not a walking guide although many routes could be pieced together from its pages this is a biography by sites A fusion of life writing with psychogeography steeped in London s social history from Victoria to the Blitz it draws extensively on unpublished material and offers an exceptionally intimate picture of the Great Beast We follow Crowley as he searches for prostitutes in Hyde Park and Pimlico drinks absinthe and eats Chinese food in Soho and find himself down on his luck in Paddington Green and never quite losing sight of the illumination that drove him the abiding rapture he wrote in his diary which makes a bus in the street sound like an angel choir *Magic in the Modern World* Edward Bever,Randall Styers,2017-04-18 This collection of essays considers the place of magic in the modern world first by exploring the ways in which modernity has been defined in explicit opposition to magic and superstition and then by illuminating how modern proponents of magic have worked to legitimize their practices through an overt embrace of evolving forms such as esotericism and supernaturalism Taking a two track approach this book explores the

complex dynamics of the construction of the modern self and its relation to the modern preoccupation with magic Essays examine how modern rational consciousness is generated and maintained and how proponents of both magical and scientific traditions rationalize evidence to fit accepted orthodoxy This book also describes how people unsatisfied with the norms of modern subjectivity embrace various forms of magic and the methods these modern practitioners use to legitimate magic in the modern world A compelling assessment of magic from the early modern period to today Magic in the Modern World shows how despite the dominant culture s emphatic denial of their validity older forms of magic persist and develop while new forms of magic continue to emerge In addition to the editors contributors include Egil Asprem Erik Davis Megan Goodwin Dan Harms Adam Jortner and Benedek L ng **Bibliographic Guide to Psychology** New York Public Library. Blavatsky,Michael Gomes,2009-07-23 Madame Blavatsky s Victorian era masterpiece is now scaled down to its essentials providing the most readable accessible experience ever of one of history s seminal occult works The Secret Doctrine Helena Petrovna Blavatsky s masterwork on the origin and evolution of the universe and humanity itself is arguably the most famous and perhaps the most influential occult book ever written Published since 1888 only in expensive two volume editions of some 1 400 pages it has long eluded the grasp of modern readers until now This single volume edition abridged and annotated by historian and Theosophical scholar Michael Gomes places the ideas of The Secret Doctrine within reach of all
