The Completed Gesture Myth Character And Education:

The Completed Gesture John Rouse, 1978 **Voices of the Self** Keith Gilyard, 1991-07-01 A unique blend of memoir and scholarship Keith Gilyard's *Voices of the Self* is a penetrating analysis of the linguistic and cultural collision experienced by African American students in the public education system Gilyard examines how black students negotiate their way through school and discusses the tension between the use of Black English and Standard English underlining how that tension is representative of the deeper conflict that exists between black culture and white expectations Vivid descriptions often humorous sometimes disturbing always moving of Gilyard's own childhood experiences in school and society are interlaced with chapters of solid sociolinguistic scholarship Encompassing the perspectives of both the street and the academy *Voices of the Self* presents an eloquent argument for cultural and linguistic pluralism in American public schools *Qualitative Research* Stephen D. Lapan, MaryLynn T. Quartaroli, Frances J. Riemer, 2011-11-09 The authors noted scholars and researchers provide an up to date guide to qualitative study design data collection analysis and reporting Step by step the authors explain a range of methodologies and methods for conducting qualitative research focusing on how they are applied when conducting an actual study The book includes methods of data collection specific approaches to qualitative research and current issues in the field Specifically chapters cover the methods designs and analyses related to the methodologies of history case study program evaluation ethnography autoethnography narrative life histories emancipatory discourses feminist perspectives African American inquiry indigenous studies and practitioner qualitative research **Landmark Essays on Rhetorics of Difference** Damian Baca, Ellen Cushman, Jonathan Osborne, 2024-11-01 *Landmark Essays on Rhetorics of Difference* challenges the Eurocentric perspective from which the field of rhetoric is traditionally viewed Taking a step beyond the creation of alternative rhetorics that maintain the centrality of the European and Greco Roman tradition this volume argues on behalf of pluriversal rhetorics that coexist as equally important on their own terms A timely addition to the respected *Landmark Essays* series it will be invaluable to students of history of rhetoric literacy composition and writing studies *The Person* Dan P. McAdams, 2008-12-22 Drawing on cutting edge scientific research classic personality theories and stirring examples from biography and literature *The Person* presents a lively and integrative introduction to the science of personality psychology Author Dan McAdams organizes the field according to a broad conceptual perspective that has emerged in personality psychology over the past 10 years According to this perspective personality is made up of three levels of psychological individuality dispositional traits characteristic adaptations such as motives and goals and integrative life stories Traits adaptations and stories comprise the three most recognizable variations on psychological human nature grounded in the human evolutionary heritage and situated in cultural and historical context The fifth edition of this beautifully written text expands and updates research on the neuroscience of personality traits and introduces new material on personality disorders evolution and religion attachment in adulthood continuity and change in personality over the life

A Teaching Subject Joseph Harris, 2012-01-01 In this classic text Joseph Harris traces the evolution of college writing instruction since the Dartmouth Seminar of 1966 A Teaching Subject offers a brilliant interpretive history of the first decades during which writing studies came to be imagined as a discipline separable from its partners in English studies Postscripts to each chapter in this new edition bring the history of composition up to the present Reviewing the development of the field through five key ideas Harris unfolds a set of issues and tensions that continue to shape the teaching of writing today Ultimately he builds a case now deeply influential in its own right that composition defines itself through its interest and investment in the literacy work that students and teachers do together Unique among English studies fields composition is Harris contends a teaching subject

The Art and Science of Personality Development Dan P. McAdams, 2016-10-26 Drawing on state of the art personality and developmental research this book presents a new and broadly integrative theory of how people come to be who they are over the life course Preeminent researcher Dan P McAdams traces the development of three distinct layers of personality the social actor who expresses emotional and behavioral traits the motivated agent who pursues goals and values and the autobiographical author who constructs a personal story Highly readable and accessible to scholars and students at all levels the book uses rich portraits of the lives of famous people to illustrate theoretical concepts and empirical findings

The Social Psychology of Crime Laurence Alison, 2021-12-16 Crime is always part of a social process In many cases that process determines the form the crime takes In this ground breaking book a wide range of crimes are examined in terms of the social psychological processes that influence the participants and their relationships with each other Crimes as diverse as fraud and hostage taking are examined from a range of social science perspectives including broad anthropological perspectives on differences in the structure of criminal cultures as well as the detailed consideration of the roles offenders play in groups and teams of criminals This book opens up a new area of empirical study of relevance to students of crime as well as law enforcement officers It will also be of value and interest to all those social scientists who wish to understand how their disciplines can contribute more effectively to the investigation of crime

The Termination of Criminal Careers Stephen Farrall, 2017-07-05 Recent years have witnessed an increase in the attention given to the later stages of criminal careers Research upon this topic has charted the main factors associated with the termination of criminal careers outlined some of the possible reasons behind these relationships and started to develop theoretical explanations for such relationships Collected together for the first time are some of the most important contributions to this field of research The collection focuses upon the initial explorations into this topic the most commonly observed findings the cessation of offending by specific offender types and theoretical matters An introductory essay by the editor provides a thorough overview of the work in this area and highlights the reasons why the termination of criminal careers will become increasingly important to criminologists and criminal justice policy makers alike
