Annual Meeting Congregational Conference of Ohio, 1865 Summa Theologica, Part III (Tertia Pars) Thomas Aquinas, 2021-12-12 Summa Theologica Part III Tertia Pars Thomas Aquinas The Summa Theologiae Latin Compendium of Theology or Theological Compendium also subsequently called the Summa Theologica or simply the Summa written 1265 1274 is the best known work of Thomas Aquinas c 1225 1274 and although unfinished one of the classics of the history of philosophy and one of the most influential

works of Western literature It is intended as a manual for beginners in theology and a compendium of all of the main theological teachings of the Church It presents the reasoning for almost all points of Christian theology in the West The Summa s topics follow a cycle the existence of God Creation Man Man s purpose Christ the Sacraments and back to God courtesy of wikipedia com This is part 3 Tertia Pars The way which leads to God is Christ the theme of part III It can be asserted that the incarnation was absolutely necessary The Unio between the Logos and the human nature is a relation between the divine and the human nature which comes about by both natures being brought together in the one person of the Logos An incarnation can be spoken of only in the sense that the human nature began to be in the eternal hypostasis of the divine nature So Christ is unum since his human nature lacks the hypostasis The person of the Logos accordingly has assumed the impersonal human nature and in such way that the assumption of the soul became the means for the assumption of the body This union with the human soul is the gratia unionis which leads to the impartation of the gratia habitualis from the Logos to the human nature Thereby all human potentialities are made perfect in Jesus Besides the perfections given by the vision of God which Jesus enjoyed from the beginning he receives all others by the gratia habitualis
