and factors that led to the dramatic rise in these powerful forces of faith which influence societies and politics around the world Together they present a carefully curated narrative of the interplay of religion and identity politics globally and across Asia The prevailing differences in demographics history and the extent of ethno religious diversity across country contexts are perused across each chapter and the ensuing circumstances deliberated upon As these circumstances change the ways people interpret their identities engage in politics and navigate their religion will also evolve How we manage the effects of religious fundamentalism must hence begin with an understanding of how religion identity and politics interact and this is what the upcoming chapters seek to illustrate Gangsters, Democracy, and the State in Southeast Asia Carl A.

Religion and Conflict in South and Southeast Asia Linell E. Cady, Sheldon W. Simon, 2006-09-27 A major new contribution to comparative and multidisciplinary scholarship on the alignment of religion and violence in the contemporary world with a special focus on South and Southeast Asia. Religion and Conflict in South and Southeast Asia shows how this region is the site of recent and emerging democracies a high degree of religious pluralism the largest Muslim populations in the world and several well organized terrorist groups making understanding of the dynamics of religious conflict and violence particularly urgent. By bringing scholars from religious studies political science sociology anthropology and international relations into conversation with each other this volume brings much needed attention to the role of religion in fostering violence in the region and addresses strategies for its containment or resolution. The dearth of other literature on the intersection of religion politics and violence in contemporary South and Southeast Asia makes the timing of this book particularly relevant. This book will of great interest to advanced undergraduate and postgraduate students of Asian politics security studies and conflict studies.
