## **The Dance Of Golf:**

Golf's Three Noble Truths James L. Ragonnet, 2010-04 The Buddha's seven years of wandering in search of enlightenment ended in frustration. So did the author's thirty years of traversing golf courses. Neither found what they were looking for until they stopped searching outside and started looking within. The result for James Ragonnet was the kind of second birthday Eastern thinkers describe when you wake up to everything happening around you. Through delightful anecdotes and practical lessons, Ragonnet reveals the power of awareness, balance, and unity to banish the dissatisfaction and stagnation so many golfers experience. He shows how all golf Buddhas, Bobby Jones, Jack Nicklaus, Annika Sorenstam, Tiger Woods, play with their outer and inner eyes wide open. Describes his twelfth green O.O.G.E. out of golf experience and offers readers simple truths that prompt flashes of understanding. These insights invite birdies, drop handicaps, and transform experience both on and off the course. Now in paperback, this edition includes two chapters of all new material.

**The Dance of Leadership: The Art of Leading in Business, Government, and Society** Janet V. Denhardt, 2015-06-01 Most successful leaders know that leadership is an art, not a science. They recognize that beyond all the sophisticated systems and theories, the strategies and tactics, leadership is ultimately about intangible things such as timing, intuition, and passion. This book shows how successful leaders can master the artistic aspects of their work. It guides readers to the ways that the leadership can be practiced and learned. The Dance of Leadership explores the art of leadership by examining the perspectives, training, and insights of artists, most particularly in the fields of music and dance. The authors look at how these people learn their craft, practice their skills, and attain mastery of their art. Then they adapt these lessons from the arts to the experiences of successful leaders in all fields. This book incorporates in-depth interviews with some of the world's premier artists and writers, as well as dozens of leader-business, government, the military, and sports. The result is a book that celebrates the art of leadership but an art that can be learned, developed, and practiced.
