The Dawn of Humanism in Italy Roberto Weiss,1970

Humanism and the Culture of Renaissance Europe Charles G. Nauert (Jr.),1995-09-28 This new textbook provides students with a highly readable synthesis of the major determining features of the European Renaissance one of the most influential cultural revolutions in history Professor Nauert s approach is broader than the traditional focus on Italy and tackles the themes in the wider European context He traces the origins of the humanist movement and connects it to the social and political environments in which it developed In a tour de force of lucid exposition over six wide ranging chapters Nauert charts the key intellectual social educational and philosophical concerns of this humanist revolution using art and biographical sketches of key figures to illuminate the discussion The study also traces subsequent transformations of humanism and its solvent effect on intellectual developments in the late Renaissance

Dawn of Humanism in Italy Roberto Weiss,1970-02-01 Professor Weiss here presents his own idea of the gradual passage from medieval to more modern methods of scholarship which brought about the Renaissance

The Italian Renaissance Harold Bloom,2004 Analyzes the literary trends of the Italian renaissance period

Interpretations of Renaissance Humanism Angelo Mazzocco,2006-07-01 Authored by some of the most preeminent Renaissance scholars active today the essays of this volume give fresh and illuminating analyses of important aspects of Renaissance humanism such as the time and causes of its origin its connection to the papal court and medieval traditions its classical learning its religious and literary dimensions and its dramatis personae Their interpretations are varied to the point of being contradictory The essays bear the imprint of the work of the eminent scholars of the second half of the twentieth century especially Kristeller s and demonstrate an awareness of the various modes of critical inquiry that have prevailed in recent years As such they are an important exemplar of current scholarship on Renaissance humanism and are therefore indispensable to the scholar who wishes to explore this pivotal cultural movement Contributors include Robert Black Alison Brown Riccardo Fubini Paul F Grendler James Hankins Eckhard Kessler Arthur F Kinney Angelo Mazzocco Giuseppe Mazzotta Massimo Miglio John Monfasani Charles G Nauert and Ronald G Witt

Contesting the Renaissance William Caferro,2010-08-24 In this book William Caferro asks if the Renaissance was really a period of progress reason the emergence of the individual and the beginning of modernity An influential investigation into the nature of the European Renaissance Summarizes scholarly debates about the nature of the Renaissance Engages with specific controversies concerning gender identity economics the emergence of the modern state and reason and faith Takes a balanced approach to the many different problems and perspectives that

characterize Renaissance studies *Luther and German Humanism* Lewis W. Spitz, 2024-10-28 The particular interest of Professor Spitz has been the close relationship and synergy between humanism and religious reform in the transformation of European culture in the 16th century Within the general cultural and intellectual context of the Renaissance and Reformation movements the present volume focuses on Luther and German humanism a subsequent collection looks more particularly at the place of education and history in the thought of the time The articles here discuss Luther's imposing knowledge of the classics his attitudes towards learning the religious and patriotic interests of the humanists and the role of a younger generation of humanists in the Reformation Also included is a far reaching appraisal of the impact of humanism and the Reformation on Western history Renaissance Monks Franz Posset, 2022-09-30 This volume deals with the intellectual world of progressive Benedictine and Cistercian monks who vicariously represent humanists in cloisters Klosterhumanismus Bibelhumanismus in German speaking lands Conradus Leontorius 1460 1511 Maulbronn Benedictus Chelidonium c 1460 1521 Nuremberg and Vienna Bolfgangus Marius 1469 1544 Aldersbach in Bavaria Henricus Urbanus c 1470 c 1539 Georgenthal in the region of Gotha and Erfurt Vitus Bild Acropolitanus 1481 1529 Augsburg Nikolaus Ellenbog 1481 1543 of Ottobeuren For the first time in historical theological research new insights are provided into the world of the social group called Monastic Humanists who emerged next to the better known Civic Humanists within the diverse international phenomenon of Renaissance humanism **Humanism and Empire** Alexander Lee (Historian), 2018 The first comprehensive synoptic study of humanistic ideas of Empire in the period c 1250 1402 Humanism and Empire offers a radical new interpretation of fourteenth century political thought and raises wide ranging questions about the foundations of modern constitutional ideas and the origins of the concept of liberty **The Foundations of Modern Political Thought: Volume 1, The Renaissance** Quentin Skinner, 1978-11-30 A two volume study of political thought from the late thirteenth to the end of the sixteenth century the decisive period of transition from medieval to modern political theory The work is intended to be both an introduction to the period for students and a presentation and justification of a particular approach to the interpretation of historical texts Quentin Skinner gives an outline account of all the principal texts of the period discussing in turn the chief political writings of Dante Marsiglio Bartolus Machiavelli Erasmus and more Luther and Calvin Bodin and the Calvinist revolutionaries But he also examines a very large number of lesser writers in order to explain the general social and intellectual context in which these leading theorists worked He thus presents the history not as a procession of classic texts but are more readily intelligible He traces by this means the gradual emergence of the vocabulary of modern political thought and in particular the crucial concept of the State **The New Solomon** Samantha Kelly, 2003-04-01 The first full length study of Robert of Naples reign in over seventy years this volume analyzes Robert's policies and image in the context of larger shifts in rulership from the Middle Ages to the early modern period Treating kingship as a joint enterprise of king and court it draws on an interdisciplinary range of sources from chronicles sermons popular poetry and works of art to

diplomatic and archival records to reassess the major issues of his reign and underscore the importance of image making and negotiation to his rule The final chapter tracks the legacy of his image as the Wise adopted by later fourteenth century kings of France Bohemia and England before its eclipse in favour of princely prudence in the Renaissance *Italian Humanism* Eugenio Garin,1965 **Italian Renaissance Humanism in the Mirror** Patrick Baker,2015-09-29 This important study takes a new approach to understanding Italian Renaissance humanism based not on scholarly paradigms or philosophical concepts but on a neglected yet indispensable perspective the humanists understanding of themselves Through a series of close textual studies Patrick Baker excavates what humanists thought was important about humanism how they viewed their own history what goals they enunciated what triumphs they celebrated in short he attempts to reconstruct humanist identity What emerges is a small coherent community dedicated primarily not to political ideology a philosophy of man an educational ethos or moral improvement but rather to the pursuit of classical Latin eloquence Grasping the significance this stylistic ideal had for the humanists is essential to understanding both their sense of themselves and the importance they and others attached to their movement For eloquence was no mere aesthetic affair but rather appeared to them as the guarantor of civilisation itself Historical Truth in Fifteenth-Century Italy Giuliano Mori,2024 While humanists agreed on identifying the main requirement of the historical genre with truthfulness they disagreed on their notions of historical truth Some authors equated historical truth with verisimilitude thus harmonizing the quest for truth with other ingredients of their histories such as their political utility and rhetorical aptness Others instead rejected the notion of verisimilitude identifying historical truth with factuality Accordingly they sought to produce bare and exhaustive accounts of all the things that pertained to their historical explorations often resorting to innovative disciplines such as archeology philology and the history of institutions The humanist historiographical debate is especially significant because the notion of verisimilitude encompassed crucial elements required for the development of methods of critical assessment By perceiving verisimilitude and factuality as irreconcilable Quattrocento humanists reached a critical impasse those who were interested in factual truth mostly lacked the means to ascertain it while those that developed embryonic notions of historical criticism were not eminently concerned with the factual account of the past This critical weakness exposed humanists to considerable risks including that of accepting non verisimilar historical forgeries passed off as factual Such forgeries eventually served as a testing ground for sixteenth and seventeenth century scholars who sought to restore factual truth by means of critical criteria grounded in verisimilitude thus overcoming the humanist impasse *Historical Truth in Fifteenth Century Italy* addresses Renaissance history philosophy rhetoric and jurisprudence to shed light on how humanists conceptualized truth and more specifically historical truth *Albertino Mussato: The Making of a Poet Laureate* Aislinn McCabe,2022-01-27 This book examines the life and political career of Albertino Mussato 1261 1329 a Paduan poet historian and politician Mussato was one of the first writers of the late medieval period to begin reviving classical Latin in his works His classical style tragic drama *Ecerinis*

inspired by the writings of Seneca paved the way for him to be crowned as the first poet laureate since antiquity This work outlines how Mussato depicted the course of his own career from being an impoverished teenager of insignificant birth to becoming a celebrated poet and scholar as well as an influential political figure It looks specifically at the years leading up to Mussato s public coronation on 3rd December 1315 as poet laureate for his city His writings are a key component of his political manoeuvres as he tried to navigate through the troubled waters of northern Italian politics The book demonstrates how the sources pertaining to Mussato s life and career are part of an exercise in self promotion and self fashioning intended to secure his position within factional politics but rooted in a philosophical approach derived from his early classical studies Accordingly this book acts as a fully fledged account of the interaction between Mussato s writings and his political career and how this contributed to his rise to fame

Between Saint James and Erasmus: Studies in Late-Medieval Religious Life – Devotion and Pilgrimage in the Netherlands Jan van Herwaarden, 2021-10-25 This volume is divided into four sections late medieval devotion in the Netherlands medieval Christian pilgrimage the medieval cult of St James the Great and Erasmiana Variety and coherence sound the keynote in the title and the contents of the book Religious concepts and expressions of religious faith such as pilgrimages and indulgences are representative of late medieval Christianity In this book they refer specifically to the medieval cult of St James the Great while for Erasmus they were an object of his critical consideration The whole book can be read in the light of the debate about the tension between an appreciation for outward signs of faith and the inward experience of religious belief which Erasmus considered an absolute necessity
