Jan van Eyck and Portugal's 'Illustrious Generation' Barbara von Barghahn,2013-12-31 This book investigates Jan Van Eyck s patronage by the Crown of Portugal and his role as diplomat painter for the Duchy of Burgundy following his first voyage to Lisbon in 1428 1429 when he painted two portraits of Infanta Isabella who became the third wife of Philip the Good in 1430 New portrait identifications are provided for the Ghent Altarpiece 1432 and its iconographical prototype the lost Fountain of Life These altarpieces are analysed with regard to King Joao I s conquest of Ceuta achieved by his sons who were hailed as an illustrious generation Strong family ties between the dynastic houses of Avis and Lancaster explain Lusitania s sustained fascination with Arthurian lore and the Grail quest Several chapters of this book are overlaid with a chivalric veneer A second secret mission to Portugal in 1437 by Jan van Eyck is postulated and this diplomatic visit is related to Prince Henry the Navigator s expedition to Tangier and King Duarte s attempts to forge an alliance with Alfonso V of Aragon Late Eyckian commissions are reviewed in the light of this ill fated crusade and additional new portraits are identified The most significant artist of Renaissance Flanders appears to have been patronized as much by the House of Avis as by the Duchy of Burgundy Barbara von Barghahn is Professor of Art History at George Washington University and a specialist in the art history of Portugal Spain and their colonial dominions as well as Flanders In 1993 she was conferred O Grao Comendador in the Portuguese Order of Prince Henry the Navigator She has spent nearly a decade completing research about Jan van Eyck s diplomatic visits to the Iberian Peninsula

Milestones T. H. Meyer, 2015-10-26 Why was the act of arson that destroyed the first Goetheanum so devastatingly successful in its malicious intent What was the nature of the poisoning that Rudolf Steiner suffered in 1923 What was the significance of Steiner's encounter with an unknown Master in 1879 and his later meeting with Friedrich Nietzsche on his sickbed Rather than presenting an accumulation of data Meyer takes a symptomatological approach to the evolution of Rudolf Steiner's thinking pinpointing specific moments in his biography whilst making numerous links to contemporary issues Seemingly unimportant details are significant such as Steiner's boyhood habit of smashing dishes or the droplet of water that adorned Steiner's forehead at his funeral The often overlooked language of such images is evaluated within the scope and grandeur of Rudolf Steiner's life's work An incisive theme running through *Milestones* is the dual nature of time involution and evolution and how it affects the Anthroposophical Society and movement Following Steiner's death a one sided involution process has been evident in the overemphasis on the Christmas Foundation Meeting as well as Steiner's supposedly indissoluble connection with the Society This is coupled with distorted evolution processes as seen in the urge to enter the public domain by jettisoning anthroposophy altogether Such disharmonies can only be healed says Meyer by seeing the reality This book serves as an essential guide to understanding the task of anthroposophy in the modern world W. J. Stein Johannes Tautz, 2015-03-18 Based on personal knowledge and intimate interviews with his subject as well as access to W J Stein's archive of letters and documents Tautz's biography is a thoroughly researched and lovingly detailed study of an exceptional life Walter Johannes Stein 1891-1957 was one of the original pioneers of anthroposophy A student of the Austrian philosopher Rudolf Steiner Stein met his spiritual teacher whilst studying at Vienna University After serving in the First World War Stein was invited by Rudolf Steiner to teach History and Literature at the fledgling Waldorf school in Stuttgart despite the fact that Stein's doctorate was in Philosophy and his training in Mathematics and Physics Through his efforts to master the new disciplines and with the aid of unconventional methods of research Stein developed groundbreaking new insights into the story of Parzival and the mystery of the Holy Grail which led to his seminal book *The Ninth Century and the*

Holy Grail Tautz describes Stein's close friendship with Eugen Kolisko his struggles to help establish the threefold social order his work as a Goetheanum lecturer and his eventual estrangement from the Anthroposophical Society following Rudolf Steiner's death After journeys of discovery across Europe Stein landed in London in 1933 a refugee from the Nazi aggression in Central Europe where he met his mentor D N Dunlop Dunlop employed him to help establish the first World Power Conference Based in England for the last 24 years of his life Stein became a prolific and popular lecturer and the editor of the important anthroposophical journal The Present Age Long out of print the new edition of this important work is a welcome addition to the growing number of biographies on the founders of anthroposophy **The Arcana of the Grail**
