The Deceptive Universe:

The Ultimate Deception Bechara H. Charbel, 2013-01-09 This book is not intended to drive people away from their religion or denounce their beliefs in whatever God they believe in. It is simply aimed at waking up the Godly spirit we have all been infused with, recognizing it for what it is, and putting it to its ultimate use. Since the invention of religion and its twisted concept of God, human beings have been taught that they are of a subservient nature and therefore servants to their God. It is as if man and woman beget children for their own gratification, and not so those children can forge their own path and destiny in life. Once the human spirit is liberated and lifted to the Godly heights, it was destined to reach by its creator. Wonderful things will happen; the least of them is true happiness on this earth. **Evil Deception** Bruce S.

Hamilton,2004-02 Hamilton searches the Scriptures looks at evolution and shows how the Bible refutes every concept of evolution s theories **The Path Less Traveled** Jerrold Thacker,2015-08-25 Since man first began looking at the stars he s wondered about their origins and his own Modern astronomers have explained the beginnings of the universe with the Big Bang Theory in which all matter erupted from a single explosion billions of years ago As the universe s mysteries have deepened astronomers have introduced an increasing number of concepts which defy understanding such as an expanding and accelerating universe galaxies at incredible distances massive and unexplainable black holes quasars and bazars with unbelievable distances and energy dark matter and dark energy which supposedly comprise 96% of the universe but can t be found pulsars which defy logic and many other phenomenon which stretch our imagination Amateur astronomer Jerrold Thacker calls the Big Bang Theory and its accompanying scientific theories preposterous Instead he proposes an alternate explanation for what we observe based not on the prevailing Doppler Effect and the concept that the universe s galaxies are receding from our own with increasing velocity but on the Tired Light Effect based on Einstein s General Theory of Relativity which shows that gravitational fields in outer space slow light causing a color shift in light produced by distant objects This new and totally different view of the universe explores the Tired Light Effect on what we observe in the universe The author dismisses much of what is currently espoused by the astronomical community Instead he points to Einstein s predictions and their integral role in explaining every phenomenon hypothesized by modern astronomers revealing the wonder of the cosmos without a big bang or expanding universe The Grandest Deception Dr. Jack Pruet,2011-04-07 Over the last 30 years an outstanding author and researcher named Zecharia Sitchin has written a total of nine books which describe a race of ancient beings who came to Earth about 450 000 years ago These books go into great detail about these beings and their activities on

Earth Sitchin's books are based on ancient tablets found in Mesopotamia the lands of the Garden of Eden described in the Bible The Grandest Deception is a book that is based on Sitchin's work and the Bible it describes how the ancient tablets and the Bible are related to current events The Grandest Deception describes how the Earth was created and how mankind was created It also describes the conditions that mankind will face during the New World Order as well as the fate of mankind if we continue down the path that we are presently on *A Conspiracy Website # 6* , **Religion Without God** William Arthur,1888 **Religion Without God and God Without Religion** William Arthur,1885 [Science Conspiracy Website 1](#) , *A Conspiracy in Science in Progress* , [The Truth about Jesus and the "Lost Gospels"](#) David Marshall,2007 Recent headlines bestselling books and even a blockbuster movie have called a lot of attention to the Lost Gospels ancient documents that portray a Jesus far different from the one found in the Bible What are the Lost Gospels and where did they come from Are these writings trustworthy Are they on par with the Bible Have we had wrong perceptions about Jesus all along A careful comparison of the Lost Gospels to the Bible reveals a number of alarming discrepancies that are cause for concern This eye opening resource will enable you to take a well informed and well reasoned stand on a controversy now sweeping the world Book jacket [Public Islam and the Common Good](#) Armando Salvatore,Dale Eickelman,2004-05-01 This book explores the public role of Islam in contemporary world politics Public Islam refers to the diverse invocations and struggles over Islamic ideas and practices that increasingly influence the politics and social life of large parts of the globe The contributors to this volume show how public Islam articulates competing notions and practices of the common good and a way of envisioning alternative political and religious ideas and realities reconfiguring established boundaries of civil and social life Drawing on examples from the late Ottoman Empire Africa South Asia Iran and the Arab Middle East this volume facilitates understanding the multiple ways in which the public sphere a key concept in social thought can be made transculturally feasible by encompassing the evolution of non Western societies in which religion plays a vital role *THE WHISTLE-BLOWER ON CORRUPT SCIENCE* P.S.J. (Peet) Schutte,2012-12-14 The Whistle Blower on Corrupt Science Science went corrupt the day Edmund Halley in 1705 told the world he used the physics formula of his friend Isaac Newton to calculate the route that Halley's comet took and the time it would arrive This was where science went crooked a position that went on ever since because that same dishonesty is still present in Newtonian science Halley calculated the time periods since 1066 at the battle of Hastings and found a comet was mentioned every seventy six years This was very ordinary for a man of his class so he had to get far cleverer than backdate history to get a time frame So he really got clever and conspired with the biggest fraud in science ever since the man that stole all the physics Doctor Hooks invented the man who even got Kepler figures wrong the man called Isaac Newton Halley said he used the formula of Newton to calculate the route the comet took This says he used mass to calculate how the comet came to the sun According to Newton's science the sun's mass pulled the comet and the comet's mass pulled right back and in this way the comet came to the sun I don't go into the comet

as such in this book but I do in other books In this book I show how Newtonian science started to go corrupt in 1705 with one conspiracy to cheat and became the corrupt myth it now developed into How do I know Halley did not use the mass pull mass idea It is because if he did so then how did he calculate that the comet was cyclic or that it returns every seventy six years If mass pulled the comet to the sun what then pushed to comet back into outer space His big ambition was to prove the comet comes and goes but if mass makes the comet come what pushes the comet back You know what is the biggest fraud that came to be called Newtonian science The most brilliant minds on earth this past three hundred years failed to asks this simple question if mass pulls the comet closer what pushes the comet away If mass forms the force of pulling and pulled the comet closer then what pushed the comet back into the darkness of the beyond How did he know the mass of Halley s comet Nobody then asked questions No one asks uneasy question except me I show the fake science we have Newton and Halley got away with corrupt science If you wish to prove wrong I challenge you to prove that Newton is correct Today just like it was and keeping the trend go on modern Newtonians gets away with even more corrupt science than anyone can imagine

The Deception of Theistic Evolution Mark Allfree,Matthew Davies,2016-11 This book examines the beliefs of theistic evolutionists from the perspective of the teaching of the Bible It is demonstrated that theistic evolution is not consistent with the truth revealed in the Bible and undermines a number of key Gospel doctrines including the nature and mortality of man the origin of sin and death and the inspiration of the scriptures **HuMan Economy** Hans-Jürgen Klaussner EN,2025-03-03 Hans J rgen Klaussner spent 27 years developing the HuMan route inventory management system which has now reached maturity This means that the old Rothschild banking system which is on the verge of collapse can be replaced along with interest and fiat money and people can be led into a positive future States can introduce it on an ad hoc basis with the help of innovative software He ran several companies with many employees and holds several international patents **A COSMIC**

BIRTH... STARTING BEFORE ZERO PSJ (Peet) Schutte,2013-07-12 I explain Genesis 1 v 1 the beginning or birth of the Universe in terms of the Bible using not theology but mathematics I prove Genesis 1 verse 1 to be correct by using mathematics The Bible says IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss Yes this I do explain mathematically and I manage this because I prove and explain four cosmic keys that build the Universe namely The Titius Bode Law The Lagrangian Points The Roche limit and Coanda Effect Everything in nature in the Universe applies these phenomena in how space forms The Titius Bode Law The Lagrangian Points The Roche Coanda Effect forms the Universe in as much as forming stars in spheres and forming galactica in circles These principles form space and materials This is a process that produces space and that is how the Universe began before the Universe began in space I take the cosmic birth back to before space came about as the Big Bang
