# The Decline Of Neutrality 1914 1941 With Special Reference To The United

**Michael Jonas**

## **The Decline Of Neutrality 1914-1941 With Special Reference To The United:**

*The decline of neutrality 1914-1941* Nils Ørvik, 1971      **The Decline of Neutrality 1914-1941** Nils Ørvik, 1971 Label mounted on title page Humanities Press New York Popularized version of the author's thesis The changing concept of neutrality University of Wisconsin Bibliography p 306-313      **The Decline of Neutrality 1914-41** Nils Ørvik, 2024-12-06

*The Decline of Neutrality 1971* examines the impartial disinterested neutrality as it was codified in the Hague Convention in 1907 and the changes the concept underwent from the beginning of World War I in 1914 up to Pearl Harbor December 1941. It deals with the different stages of neutrality during that period and looks at the reasons why the policy no longer worked. Some consideration has also been given to the attempts of uniting weak and strong neutrals in a common defence of neutral rights.

*The Decline of Neutrality 1914-1941* Nils Ørvik, 1971      *The Decline of Neutrality 1914-1941. With Special Reference to the United States and the Northern Neutrals* Nils Ørvik, 1977      *The Encyclopedia of Diplomacy, 4 Volume Set* Gordon Martel, 2018-04-30

The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective. An invaluable resource for anyone interested in diplomacy its history and the relations between states. Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Frontiers and the exercise of soft power as well as issues of globalization and climate change. Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A-Z format. All entries are rigorously peer reviewed to ensure the highest quality of scholarship. Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time.

**Neutrality in World History** Leos Müller, 2019-01-10

Neutrality in World History provides a cogent synthesis of five hundred years of neutrality in global history. Author Leos Müller argues that neutrality and neutral states such as Switzerland Sweden Belgium have played an important historical role in implementing the free trade paradigm shaping the laws of nations and humanitarianism and serving as key global centers of trade and finance. Offering an intriguing alternative to dominant world history narratives which hinge primarily on the international relations and policies of empires and global powers. Neutrality in World History provides students with a distinctive introduction to neutrality's place in world history.

[Scandinavia and the Great Powers in the First World War](#) Michael Jonas, 2019-02-21

This study is among the first works in English to comprehensively address the Scandinavian First World War experience in the larger international context of the war. It surveys the complex relationship between the belligerent great powers and Northern Europe's neutral small states in times of crisis and war. The book's overarching rationale draws upon three underlying conceptual fields: neutrality and international law hegemony and great power politics as well as diplomacy and policy making of small states in the international arena. From a variety of angles it examines the question of how neutrality was understood and perceived negotiated and dealt with both among the

Scandinavian states and the belligerent major powers especially Britain Germany and Russia For a long time the experience of neutral countries during the First World War was seen as marginal and was overshadowed by the experiences of occupation and collaboration brought about by the Second World War In this book Jonas demonstrates how this perception has changed with neutrality becoming an integral part of the multiple narratives of the First World War It is an important contribution to the international history of the First World War cultural historically influenced approaches to diplomatic history and the growing area of neutrality studies

Crafting the International Order Marcus M. Payk, Kim Christian Priemel, 2021-03-25 This volume sheds light on how lawyers have made sense of engaged in and shaped international politics over the past three hundred years Chapters show how politicians and administrators diplomats and military men have considered their tasks in legal terms and how the field of international relations has been filled with the distinctly legal vocabulary of laws regulations treaties agreements and conventions Leading experts in the field provide insights into what it means when concrete decisions are taken negotiations led or controversies articulated and resolved by legal professionals They also inquire into how the often criticised gaps between juristic standards and everyday realities can be explained by looking at the very medium of law Rather than sorting people and problems into binary categories such as law and politics or theory and practice the case studies in this volume reflect on these dichotomies and dissolve them into the messy realities of conflicts and interactions which take place in historically contingent situations and in which international lawyers assume varying personas

*Singapore And Switzerland: Secrets To Small State Success* Yvonne Guo, Jun Jie Woo, 2016-07-22 The cases of Singapore and Switzerland present a fascinating puzzle how have two small states achieved similar levels of success through divergent pathways Are both approaches equally sustainable and what lessons do they hold for each other While Singapore is the archetypal developmental state whose success can be attributed to strong political leadership and long term planning Switzerland's success is a more organic process due to the propitious convergence of strong industries and a resilient citizenry Yet throughout the course of their development both countries have had to deal with the dual challenges of culturally heterogeneous populations and challenging regional contexts Edited by Yvonne Guo and Jun Jie Woo with forewords from Ambassadors Thomas Kupfer and Tommy Koh Singapore and Switzerland Secrets to Small State Success features contributions from distinguished scholars and policymakers who explore the dynamics of two small states which have topped international rankings in a dazzling array of policy areas from economic competitiveness to education to governance but whose pathways to success could not be more different

**Military Neutrality of Small States in the Twenty-First Century** Jelena Radoman, 2021-08-28 This book explores the factors that account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different

theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies     The Search for Negotiated Peace David S. Patterson,2012-09-10 The First World War was an epic event of huge proportions that lasted over four years and involved the armies of more than twenty nations resulting in 30 million casualties including more than 8 million killed Set against the backdrop of this massive carnage The Search for Negotiated Peace is the gripping story of the events that moved high profile American and European citizens particularly women into the international peace movement This small transatlantic network put forth proposals for changing the international system of negotiation They supported non annexationist war aims and attempted to discredit nations secret diplomacy militarism and narrowly nationalistic practices Instead they wanted to develop a new diplomacy David Patterson skillfully develops the interactions of many of the notable leaders of the movement including Jane Addams Aletta Jacobs and Rosika Schwimmer into an absorbing narrative that brings together the various strands of women s history international diplomatic history and peace history for the first time The Search for Negotiated Peace is an essential read for anyone interested in the social history of World War I and the foundations of citizen activism today     **Neutrality in International Law** Kentaro Wani,2017-02-24 Neutrality is a legal relationship between a belligerent State and a State not participating in a war namely a neutral State The law of neutrality is a body of rules and principles that regulates the legal relations of neutrality The law of neutrality obliges neutral States to treat all belligerent States impartially and to abstain from providing military and other assistance to belligerents The law of neutrality is a branch of international law that developed in the nineteenth century when international law allowed unlimited freedom of sovereign States to resort to war Thus there has been much debate as to whether such a branch of law remains valid in modern international law which generally prohibits war and the use of force by States While there has been much debate regarding the current status of neutrality in modern international law there is a general agreement among scholars as to the basic features of the traditional law of neutrality Wani challenges the conventional understanding of the traditional neutrality by re examining the historical development of the law of neutrality from the sixteenth century to 1945 The modification of the conventional understanding will provide a fundamentally new framework for discussing the current status of neutrality in modern international law     **Shaping the International Relations of the Netherlands, 1815-2000** Ruud van Dijk,Samuël Kruizinga,Vincent Kuitenbrouwer,Rimko van der Maar,2018-02-28 This book seeks to launch a new research agenda for the historiography of Dutch foreign relations during the nineteenth and twentieth centuries It does so in two important ways First it broadens the analytical perspective to include a variety of non state actors beyond politicians and diplomats Second it focuses on the transnational connections that shaped the foreign relations of the Netherlands emphasizing the effects of post colonialism and internationalism Furthermore this essay collection highlights not only the key roles played by Dutch actors on the international scene but also serves as an important point of comparison for the activities

of their counterparts in other small states      *German Naval Strategy, 1856-1888* David H. Olivier, 2004 This book is a comparative study of the evolution of the German navy in the second half of the nineteenth century It examines the development of strategy especially commerce raiding in comparison to what other navies were doing in this era of rapid technological change It is not an insular history merely listing ship rosters or specific events it is a history of the German navy in relation to its potential foes It is also a look at a new military institution involved in an inter service rivalry for funds technology and manpower with the prestigious and well established army      Legalist Empire Benjamin Allen Coates, 2016-06-01 America's empire expanded dramatically following the Spanish American War of 1898 The United States quickly annexed the Philippines and Puerto Rico seized control over Cuba and the Panama Canal Zone and extended political and financial power throughout Latin America This age of empire Benjamin Allen Coates argues was also an age of international law Justifying America's empire with the language of law and civilization international lawyers serving simultaneously as academics leaders of the legal profession corporate attorneys and high ranking government officials became central to the conceptualization conduct and rationalization of US foreign policy Just as international law shaped empire so too did empire shape international law *Legalist Empire* shows how the American Society of International Law was animated by the same notions of civilization that justified the expansion of empire overseas Using the private papers and published writings of such figures as Elihu Root John Bassett Moore and James Brown Scott Coates shows how the newly created international law profession merged European influences with trends in American jurisprudence while appealing to elite notions of order reform and American identity By projecting an image of the United States as a unique force for law and civilization legalists reconciled American exceptionalism empire and an international rule of law Under their influence the nation became the world's leading advocate for the creation of an international court Although the legalist vision of world peace through voluntary adjudication foundered in the interwar period international lawyers through their ideas and their presence in halls of power continue to infuse vital debates about America's global role      *Collision of Empires* G. Bruce Strang, 2016-05-23 Italy's invasion of Ethiopia in 1935 marked a turning point in interwar Europe The last great European colonial conquest in Africa the conflict represented an enormous gamble for the Fascist dictator Benito Mussolini He faced a challenge not only from a stout Ethiopian defence but also from difficult logistics made worse by the League of Nations half hearted sanctions Mussolini faced down this opposition and Italian troops aided by air superiority and liberal use of yprite gas conquered Addis Ababa within eight months a victory that shocked many military observers of the time with its speed and suddenness The invasion had enormous repercussions on European international relations In the midst of a national election campaign the British National Government had felt constrained to support the League despite fears that sanctions through the League could lead to war with Italy The concentration of the Royal Navy in the Mediterranean Sea alienated Mussolini and placed the French government on the horns of dilemma should France support its military partner Italy or its

more important potential ally Great Britain French attempts to mark out a middle ground did little to placate the Duce and the crisis seemed to develop a deep rift between Fascist Italy and the Anglo French democracies while at the same time creating a crisis in Anglo French relations Mussolini turned towards Nazi Germany in an attempt to end his diplomatic isolation during the sanctions episode although Hitler considered the Duce s friendship a mixed blessing The question of American adherence to sanctions increased ill will between British politicians and the Roosevelt administration in Washington as each tended to blame the other for the failure of oil sanctions and the collapse of collective security The international crisis posed similarly thorny problems for the smaller powers of Europe and for Japan and the Soviet Union The crisis impeded common defence against Fascist expansionism while giving impetus to claims of the revisionist powers Despite the tremendous importance of the international crisis however little new work on the subject has appeared in recent decades In this volume an international cast of contributors take a fresh look at the crisis through the lens of new evidence and new approaches to international relations history to provide the most comprehensive coverage of the crisis currently possible and their work provides new frames of reference for exploring imperialism collective security and genocide

*Hitler's Ambivalent Attaché* Alfred M. Beck, 2014-05-27 Friedrich von Boetticher was Germany s only military attaché accredited to the United States between the world wars As such he was Germany s official military observer in the capital of the nation whose potential as an ally of those powers arrayed against Adolf Hitler in the 1930s might have given the dictator pause in any predatory plans he harbored against his neighbors Though von Boetticher produced a rich and detailed commentary on military and political affairs in Washington in the eight years prior to the outbreak of war between Germany and the United States in 1941 he was nonetheless accused after the war of misjudging America s productive potential and misleading Hitler with overly optimistic reports As Alfred M Beck points out what he actually told German authorities in Berlin is strikingly different from what his detractors later claimed Von Boetticher permits a glimpse into the sociology of a conservative officer caste at once assailed by the politics of a regime and the impossibilities imposed on it its weaknesses in resisting its evils and its eventual failure to present an alternative to National Socialism s illusory attractions A loyal German von Boetticher had strong ties to America His mother was American born he spoke English fluently and he was enamored of American military history He was also anti Semitic and believed that Jewish wire pullers had undue influence over the U S government and its policies His professional ties to U S Army officers in the War Department were so strong supplying them for example with details on German air strength and operations during the Battle of Britain in 1940 that they survived until August 1941 and long after the German ambassador himself had been recalled Torn between his duty to Germany though the Nazi regime had attempted to harm his son and his deep affection for America von Boetticher stood among the broad middle range of German officials who were neither perpetrator nor victim Two-Edged Sword Nicholas Tracy, 2012-10-01 In the first major study of the Royal Canadian Navy s contribution to foreign policy Nicholas Tracy takes a comprehensive look at

the paradox that Canada faces in participating in a system of collective defence as a means of avoiding subordination to other countries Created in 1910 to support Canadian autonomy the Royal Canadian Navy has played an important role in defining Canada's relationship with the United Kingdom the United States and NATO Initially involved with participation in Imperial and Commonwealth defence the RCN's role shifted following the Second World War to primarily ensuring the survival of the NATO alliance and deflecting American influence over Canada Tracy demonstrates the ways in which the Navy's priorities have realigned since the end of the Cold War this time partnering with the US and NATO navies in global policing Insightful detailed and grounded in solid historical scholarship *A Two Edged Sword* presents a complete portrait of the shifting relevance and future of a cornerstone of Canadian defence

**Caught in the Middle** Johan den Hertog, Samuël Kruizinga, 2011 The essays in this collection cover not only multiple countries but also multiple aspects of the concept of neutrality political economic cultural and legal These case studies have led to a re-evaluation of the notion of neutrality and the role of neutrals during the First World War making this collection of great value to all scholars of neutrality the history of individual neutral countries and of the war itself

### **The Decline Of Neutrality 1914 1941 With Special Reference To The United Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Decline Of Neutrality 1914 1941 With Special Reference To The United PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process.

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Decline Of Neutrality 1914 1941 With Special Reference To The United PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Decline Of Neutrality 1914 1941 With Special Reference To The United free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About The Decline Of Neutrality 1914 1941 With Special Reference To The United Books**

1. Where can I buy The Decline Of Neutrality 1914 1941 With Special Reference To The United books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Decline Of Neutrality 1914 1941 With Special Reference To The United book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Decline Of Neutrality 1914 1941 With Special Reference To The United books? Storage:

- Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
