The Defended Border:

Defending the Border Mathijs Pelkmans, 2011-05-16 This book one of the first in English about everyday life in the Republic of Georgia describes how people construct identity in a rapidly changing border region Based on extensive ethnographic research it illuminates the myriad ways residents of the Caucasus have rethought who they are since the collapse of the Soviet Union Through an exploration of three towns in the southwest corner of Georgia all of which are situated close to the Turkish frontier Mathijs Pelkmans shows how social and cultural boundaries took on greater importance in the years of transition when such divisions were expected to vanish By tracing the fears longings and disillusionment that border dwellers projected on the Iron Curtain Pelkmans demonstrates how elements of culture formed along and in response to territorial divisions and how these elements became crucial in attempts to rethink the border after its physical rigidities dissolved in the 1990s The new boundary drawing activities had the effect of grounding and reinforcing Soviet constructions of identity even though they were part of the process of overcoming and dismissing the past Ultimately Pelkmans finds that the opening of the border paradoxically inspired a newfound appreciation for the previously despised Iron Curtain as something that had provided protection and was still worth defending

Defend the Border and Save Lives Tom Homan, 2020-03-31 Former ICE Director Tom Homan has been at the forefront of the conservative fight to secure our borders and offers proof that illegal immigration is not a victimless crime Illegal immigration is the most controversial and emotional issue this country faces today President Trump was elected on his promise to fix illegal immigration and build a wall on our southern border Because he won on this issue the Democrats refuse to work with him and we experienced a government shutdown as a result of this divide The Democrats have supported funding in the past and in his State of the Union the President said that he wants to unify and work together to resolve this and all the other challenges facing America The Democrats sat on their hands They won't budge Clearly as a party they don't care about the facts only about denying whatever success they can to this president Former ICE Director and Fox News contributor Tom Homan knows the facts He's spent his life on the border and knows that if we don't control illegal immigration now this country will continue to suffer the consequences of crime drugs and financial strain and it will get much much worse In *Defend the Border and Save Lives* Homan shares what illegal immigration is really about Illegal immigration should not be a partisan issue Now is the time to fix this issue that has claimed so many victims and divided this country We need to pull the curtain back and expose what truly happens and separate facts from fiction Illegal immigration is not a victimless crime and the victims are the illegals and their innocent children as well as the Americans who suffer at the hand of the criminals who sneak into this country

Central Asia Boris Z. America's First Crisis Robert P. Watson, 2013-12-05 Gold Medalist 2015 Independent Publisher Book Awards in the U S History Category The War of 1812 sometimes called America's forgotten war was a curious affair At the time it was dismissed as Mr Madison's War Later it was hailed by some as America's Second War for Independence and ridiculed by others such as President Harry Truman as the silliest damned war we ever had The conflict which produced several great heroes and future presidents was all this and more In America's First Crisis Robert P Watson tells the stories of the most intriguing battles and leaders and shares the most important blunders and victories of the war What started out as an effort to invade Canada fueled by anger over the harassment of American merchant ships by the Royal Navy soon turned into an all out effort to fend off an invasion by Britain Armies marched across the Canadian border and sacked villages navies battled on Lake Ontario Lake Champlain and the world's oceans both the American and Canadian capitals were burned and in a final irony the United States won its greatest victory in New Orleans after the peace treaty had been signed *Parameters*, 1977

Defensible Borders on the Golan Heights Giora Eiland, 2009 The purpose of this analysis is to demonstrate that Israel does not possess a plausible solution to its security needs without the Golan Heights Not only was the solution proposed in the year 2000 implausible at the time but changing circumstances both strategic and operative have rendered Israel's forfeiture of the Golan today an even more reckless act *The Origins of Revisionist and Status-Quo States* J. Davidson, 2016-04-30 Explaining why some states seek the status quo and others seek revision in international relations Davidson argues that governments pursuing revisionist policies are responding to powerful domestic groups such as nationalists and those in the military that believe they can defeat their rivals He draws on examples of France Italy and Great Britain to enhance understanding of a fundamental source of instability in international affairs *The Nineteenth Century and After*, 1914 **Nineteenth Century**, 1914 *Defending the West* Conrad Riker, 101-01-01 Saving America from the Progressive Nightmare Are you fed up with the relentless attacks on American values Do you feel like your voice is silenced in a world dominated by leftist ideologies Are you ready to fight back against the cultural tyranny threatening our nation's future What you'll find inside this book 1 Discover the hidden forces working to dismantle Western civilization 2 Learn the real facts behind the war on American manhood 3 Uncover the truth about systemic racism and the hoax of privilege 4 Grasp the globalist agenda to erode national sovereignty and its implications 5 Understand the assault on Christianity and traditional values 6 Examine the sinister influence of critical theory in our schools 7 Explore the suppression of free speech and its impact on society 8 Witness the devastating consequences of socialism and communism firsthand If you want to protect America's heritage and stand up to the radical left then buy this book today The Evolution of Soviet Operational Art, 1927-1991: Operational art, 1965-1991, 1995 Soviet military theoretical theories are revealed in the words of those who
