The Demigods Charismatic Leadership In The Third World:

The Demigods : Charismatic Leadership in the Third World, 1970 **The Demigods: Charismatic Leadership in the Third World. (Translated From the French by Patricia Wolf** Jean Lacouture, 1970 **The Third World Charismat** Zillur Rahman Khan, 1996 Political biography of Sheikh Mujibur Rahman 1922 1975 former president of Bangladesh **Political Discourse in Transition in Europe 1989–1991** Paul Chilton, Mikhail V. Ilyin, Jacob L. Mey, 1998-03-15 The year 1989 brought political upheavals in Central Eastern and Southern Europe the effects of which have not yet ended The political discourse of the Cold War period disintegrated and gave way to competing alternatives The contributors to this book are linguists discourse analysts and social scientists from all corners of the continent whose tools of analysis shed light on the crucial two years of transition during which political concepts and political interaction changed in dramatic and sometimes violent ways **The Rise and Fall of Arab Presidents for Life** Roger Owen, 2014-11-24 Monarchical presidential regimes in the Arab world looked as though they would last indefinitely until events in Tunisia and Egypt made clear their time was up This is the first book to lay bare the dynamics of a governmental system that largely defined the Arab Middle East in the twentieth century and the popular opposition they engendered **From Jail to Jail** Tan Malaka, 2020-03-10 From Jail to Jail is the political autobiography of Sutan Ibrahim gelar Tan Malaka an enigmatic and colorful political thinker of twentieth century Asia who was one of the most influential figures of the Indonesian Revolution Variouslly labeled a communist Trotskyite and nationalist Tan Malaka managed to run afoul of nearly every political group and faction involved in the Indonesian struggle for independence During his decades of political activity he spent periods of exile and hiding in nearly every country in Southeast Asia As a Marxist who was expelled from and became a bitter enemy of his country's Communist Party and as a nationalist who was imprisoned and murdered by his own government's forces as a danger to its anticolonial struggle Tan Malaka was and continues to be soaked in contradiction and controversy Translated by Helen Jarvis and with a new introduction from Harry A Poeze this edition of From Jail to Jail contextualizes the life and political accomplishments of Tan Malaka in one of the few known autobiographies by a Marxist of this political era and region Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1974 *Patrimonial Capitalism and Empire* Mounira Maya Charrad, Julia P. Adams, 2015-04-01 This volume focuses on the interconnected formations of patrimonialism colonialism empire and capitalism The articles show that patrimonial practices which often form the backbone of empire are present throughout history including in global capitalist modernity **A Brotherhood of Tyrants** D. Jablow Hershman, Julian Lieb, M.D., 2010-10-29 Napoleon Bonaparte Adolf Hitler and Joseph Stalin were three tyrants and the effects of their brutal regimes are still with us Each attained absolute power and misused it in a gargantuan fashion leaving in his wake a trail of hatred devastation and death In A Brotherhood of Tyrants D Jablow Hershman and Julian Lieb uncover manic depression as a hidden cause of dictatorship war and mass killing In comparing these three tyrants they

describe a number of behavioral similarities supporting the contention that a specific psychiatric disorder manic depression can be one of the key factors in such political pathologies as tyranny and terrorism Manic depressive disorder has also produced the great destroyers in history when in addition to ambition and egotism have been added large measures of ruthlessness willfulness utter intolerance of criticism a consuming need to dominate others paranoia and megalomania Focusing on these three dictators A Brotherhood of Tyrants argues that manic depression has always been and continues to be a critical factor in compelling some individuals to seek political power and to become tyrants It powerfully demonstrates how this disorder is the source of many of the typical characteristics including grandiosity and megalomania of a tyrannical personality and provides a manual for the identification of the psychotic tyrant In their epilogue the authors outline the clinical signs of manic depression as described in the classic studies of the German psychiatrist Emil Kraepelin 1856 1926 They apply these clinical signs and symptoms to the pathologies of four notorious mass killers of recent times David Koresh Jeffrey Dahmer Jim Jones and Colin Ferguson They argue that if these individuals had been identified in time as manic depressives they could have been successfully treated and hundreds of innocent lives could have been saved

States and Women's Rights Mounira Charrad, 2001 At a time when the situation of women in the Islamic world is of global interest here is a study that unlocks the mystery of why women s fates vary so greatly from one country to another Mounira M Charrad analyzes the distinctive nature of Islamic legal codes by placing them in the larger context of state power in various societies Charrad argues that many analysts miss what is going on in Islamic societies because they fail to recognize the logic of the kin based model of social and political life which she contrasts with the Western class centered model In a skillful synthesis she shows how the logic of Islamic legal codes and kin based political power affect the position of women These provide the key to Charrad s empirical puzzle why after colonial rule women in Tunisia gained broad legal rights even in the absence of a feminist protest movement while despite similarities in culture and religion women remained subordinated in post independence Morocco and Algeria Charrad s elegant theory crisp writing and solid scholarship make a unique contribution in developing a state building paradigm to discuss women s rights This book will interest readers in the fields of sociology politics law women s studies postcolonial

Social Housing in the Middle East

Mohammad Gharipour, Kivanc Kilinc, 2019-03-01 As oil rich countries in the Middle East are increasingly associated with soaring skyscrapers and modern architecture attention is being diverted away from the pervasive struggles of social housing in those same urban settings Social Housing in the Middle East traces the history of social housing both gleaming postmodern projects and bare bones urban housing structures in an effort to provide a wider understanding of marginalized spaces and their impact on identities communities and class While architects may have envisioned utopian or futuristic experiments these buildings were often constructed with the knowledge and skill sets of local workers and the housing was in turn adapted to suit the modern needs of residents This tension between local needs and national aspirations are linked to issues of global importance including security migration and refugee resettlement The essays collected here consider how culture faith and politics influenced the solutions offered by social housing they provide an insightful look at how social housing has evolved since the 19th century and how it will need to adapt to suit the 21st
