The Destiny Of Europes Gypsies:

The Destiny of Europe's Gypsies Donald Kenrick,Grattan Puxon,1973 *The Destiny of Europe's Gypsies, by Donald Kenrick and Grattan Puxon* Donald Kenrick,Grattan Puxon (Joint Author),1972 **Roots of Hate** William Brustein,2003-10-13 William I Brustein offers the first truly systematic comparative and empirical examination of anti Semitism within Europe before the Holocaust Brustein proposes that European anti Semitism flowed from religious racial economic and political roots which became enflamed by economic distress rising Jewish immigration and socialist success To support his arguments Brustein draws upon a careful and extensive examination of the annual volumes of the American Jewish Year Books and more than 40 years of newspaper reportage from Europe s major dailies The findings of this informative book offer a fresh perspective on the roots of society s longest hatred *After Writing Culture* Andrew Dawson,Jenny Hockey,Allison James,2003-12-16 With fourteen articles written by well known anthropologists this book addresses the theme of representation in anthropology and explores the directions in which anthropology is moving following the debates of the 1980s **Shared Sorrows** Toby Sonneman,2002-10-01 On the morning after Kristallnacht Toby Sonneman s father walked through broken glass to apply for the visa that saved him from the fate of so many during the Third Reich In examining her own family history the author discovered the similarities between the fate of the Jews and the Gypsies in the Holocaust both peoples selected on racial grounds for extermination by the Nazis She traveled with an American Gypsy survivor to Munich where she stayed with the formidable Rosa Mettbach This is the story of Rosa and other members of an extended family who survived the Holocaust Shared Sorrows tells the story of a Gypsy family against the backdrop of a Jewish one detailing and examining their shared sufferings under the Nazis My father brought a spool of thread with him from Germany when he came to America in 1939 And another spool of thread one in my imagination unwinds slowly and unpredictably sometimes fraying or tangling It s a thin and delicate thread that leads me to the Gypsies to the family that I meet in Germany the country of so many tangled memories and emotions And as I talk to them and I listen following the threads of their stories backwards in time to the 1930s and 40s and before their memories start to become mine as well **Historical Dictionary of Holocaust Cinema** Robert C. Reimer,Carol J. Reimer,2024-12-19 Some 80 years after the end of World War two and Nazi Germany s attempt to annihilate European Jews and the Jewish culture the story of the Holocaust continues to be told in novels paintings music sculpture and film Over the past eight decades close to a thousand documentaries narrative shorts and features television miniseries and filmed statements from survivors have confronted the horrors of the past creating a recognizable iconography of persecution suffering and genocide While arguably movies and television have a tendency to overly simply if not trivialize historical events popular culture artists also keep the past from being forgotten Historical Dictionary of Holocaust Cinema Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 175 cross referenced entries on films directors and

historical figures Foreign language experimental and canonical films are included This book is an excellent resource for students researchers and anyone wanting to know more about holocaust cinema

'The Damned Fraternitie':

Constructing Gypsy Identity in Early Modern England, 1500-1700 Frances Timbers, 2016-04-20 The Damned Fraternitie Constructing Gypsy Identity in Early Modern England 1500 1700 examines the construction of gypsy identity in England between the early sixteenth century and the end of the seventeenth century Drawing upon previous historiography a wealth of printed primary sources including government documents pamphlets rogue literature and plays and archival material quarter sessions and assize cases parish records and constables s accounts the book argues that the construction of gypsy identity was part of a wider discourse concerning the increasing vagabond population and was further informed by the religious reformations and political insecurities of the time The developing narrative of a fraternity of dangerous vagrants resulted in the gypsy population being designated as a special category of rogues and vagabonds by both the state and popular culture The alleged Egyptian origin of the group and the practice of fortune telling by palmistry contributed elements of the exotic which contributed to the concept of the mysterious alien However as this book reveals a close examination of the first gypsies that are known by name shows that they were more likely Scottish and English vagrants employing the ambiguous and mysterious reputation of the newly emerging category of gypsy This challenges the theory that sixteenth century gypsies were migrants from India and or early predecessors to the later Roma population as proposed by nineteenth century gypsologists The book argues that the fluid identity of gypsies whose origins and ethnicity were and still are ambiguous allowed for the group to become a prime candidate for the other thus a useful tool for reinforcing the parameters of orthodox social behaviour

Cultural Politics of Ethnicity Vera Sokolova, 2012-02-27 This book maps out the history of Czechoslovak linguistic and social practices directed at Roma during the communist period It explains how contemporary Czech society has come to understand the Romani population in terms of inherited social medical and juridical ideas Rather than focusing on the Roma people as an object of analysis the book problematizes assumed notions of Gypsiness and Czechness in mainstream society by highlighting the role of different socialist discourses in constructing images of Roma as socially deviant and abnormal By uncovering the lines of continuity in the intersections of ethnic discrimination social deviance and citizenship from the 1950s to the collapse of communism this book comes to terms with a variety of questions that have not yet been adequately addressed in the literature What underlying assumptions informed the socialist regime s understanding of Gypsiness and how did these conceptions relate to notions of citizenship equality and normality How and why did the meaning of the terms Gypsies and Roma become imbued in popular discourse with ideas of unhealthiness and social deviance What implications does translating perceived cultural traits and lifestyles of Roma into non ethnic frames of reference have for understanding racism and ethnic sensibilities in the country today The work emphasizes historical continuities between contemporary xenophobia and the strategies which the communist regime used to deal with the Gypsy

question Focusing on the discrepancies between written laws and policies as well as their implementation this study exposes the intricate relationships between official beliefs institutional policies and popular consciousness under the communist regime For it was these relationships which together created the mechanisms of social control that facilitated discrimination of Czechoslovak Roma under the guise of social welfare Rethinking Roma Ian Law,Martin Kovats,2018-02-06 This book provides the first comprehensive analysis of the emergence development and implications of the Roma political phenomenon in contemporary Europe It also challenges the conventional epistemological basis to political claims of distinct Roma people and argues that the contemporary politics of Roma is better understood as the public application of Roma identity In recent times a new word has entered the political lexicon across Europe and beyond Roma Thirty years ago it would have been hard to encounter the public use of the word outside of a small number of academics and activists In the second decade of the new millennium Roma has become a dynamic political identity championed by hundreds of organisations thousands of activists and applied to millions of people across Europe and beyond Roma has become an agenda item for local and national authorities as well as being taken up by the European Union and other international organisations In challenging the conventional epistemology this book examines the principal interests and processes that are constructing Roma as a public political identity encompassing highly differentiated groups of people This book brings together critical race theory and theories of ethnic mobilisation to provide a new critical framework for understanding Roma identity history and transnational politics It will be of particular interest to students and academics within the fields of global racialization and ethnicity studies

Fear in the German-Speaking World, 1600-2000 Thomas Kehoe,Michael Pickering,2020-02-20 This book addresses the nature and role of fear in the German world from the early modern period through to the 20th century Offering the first collection that centres fear in the historical analysis of central Europe since 1600 these essays demonstrate the importance of emotional experience to the study of the past Fear has been at the centre of many of the most important historical events in this region witch hunts religious conflicts invasions and ultra nationalism in the form of the Nazi regime This book explores ways in which fear was understood developed and negotiated throughout these historical contexts and how people of the German world coped with it From the fear of vampires to the loss of national sovereignty pestilence gypsies and criminals Fear in the German Speaking World 1600 2000 draws connections between cases over a period of 400 years and considers fear alongside the history of emotions more generally In doing so the chapters reveal a complex evolving construction of fear that is universally human but also dependent upon its cultural and historical context *The Holocaust's Ghost* F. C. DeCoste,Bernard Schwartz,2000-05 Numerous scholars explore the moral aesthetic and political outcomes of the Holocaust from the perspectives of various academic backgrounds including art literature political science education and history **Mass Violence in Nazi-Occupied Europe** Alex J. Kay,David Stahel,2021-12-22 This scholarly anthology explores the violence perpetrated by Nazi Germany shedding new light on its staggering scale and scope Mass Violence in

Nazi Occupied Europe argues for a more comprehensive understanding of what constitutes Nazi violence and who was affected by this violence The works gathered consider sexual violence food deprivation and forced labor as aspects of Nazi aggression Contributors focus in particular on the Holocaust the persecution of the Sinti and Roma the eradication of useless eaters psychiatric patients and Soviet prisoners of war and the crimes of the Wehrmacht The collection concludes with a consideration of memorialization and a comparison of Soviet and Nazi mass crimes *Polish Literature and Genocide* Arkadiusz Morawiec,2021-12-30 Polish Literature and Genocide presents the attitude of Polish literature to the 20th century acts of genocide This volume examines the literary representations of the Armenian genocide the Holocaust and the massacre in Srebrenica in a rich detailed and comprehensive way expanding the existing research and in some cases challenging the former sometimes ossified ideas Polish literature not only reflects the obvious extermination of Jews and Poles but also records what had been largely overlooked the extermination of disabled and mentally ill people the Roma and Sinti and the Soviet prisoners of war by the Nazis This volume includes analysis of the literary works of Władysław Szlengel the most prominent Polish language poet in the Warsaw ghetto the peculiar reception of Julian Tuwim's famous poem for children Locomotive the memoir of Leon Weliczker a prisoner of the Janowska concentration camp in Lvov and a member of the death brigade Sonderkommando the origins of Medallions by Zofia Nałkowska who processed historical documents into literature and contributed to the making of professor Rudolf Spanner's dark legend and the textual origins of Tadeusz Różewicz's poetry after Auschwitz Furthermore this volume addresses issues related to the genesis and function of genocide literature aesthetic cognitive ideological and social This volume will be a crucial resource for academics interested in genocide and Holocaust literary studies **Minority Rights Protection in International Law** Helen O'Nions,2016-04-22 There are approximately ten million Roma in Europe making them the continent's largest non territorial minority Despite this fact the Roma continue to experience routine discrimination and marginalization in European countries As a result they are seldom engaged in national political activism and are frequently at the bottom of the economic and social ladder The severity of exclusion experienced by the Roma in societies which have long paid heed to the notion of individual universal human rights combined with their geographical dispersal and heterogeneous nature makes the study of the Roma highly informative This book examines the theoretical debate concerning the most appropriate way of protecting the fundamental human rights of the Roma which also illuminates ways in which the rights of minority groups can be protected more generally As a result this work will be a valuable resource for social scientists and practitioners in the field of human rights *The Holocaust* David M. Crowe,2018-05-04 This book details the history of the Jews their two millennia old struggle with a larger Christian world and the historical anti-Semitism that created the environment that helped pave the way for the Holocaust It helps students develop the interpretative skills in the fields of history and law **A People Destroyed** Anton Weiss-Wendt, *Ethnicity, Immigration, and Psychopathology* Ihsan Al-Issa,Michel Tousignant,1997-06-30 Includes statistics The

Nomadic Subject Jean Ryan Hakizimana, 2009-10-02 This volume is an exploration of the image that is the Traveller Gypsy the nomad the migrant and the outsider Other within the frames of articulation that are the present day flows of cultural diaspora and mass globalisation Mass media dissemination and the combination of a range of complex social and cultural forces and movements have all served to rupture and blur the borders of the post Enlightenment modern nation state Nowhere is this more evident than in the case of postcolonial diasporas such as Travellers Roma and other traditionally nomadic groups groups whose migrations have served to accelerate the reconfiguring of hitherto dominant cultural narratives This book explores the manner whereby the migrant experience as relating to Ireland and as relating to Irish Travellers and Roma has been analysed and represented While the essays in this volume have a particular focus on the experiences of Irish migrants and the people sometimes referred to as the old Irish or the new Irish they also have a strong resonance with other recent explorations of the hybrid and diverse discourses that are the narratives of many Western countries today

Public Health, Mental Health, and Mass Atrocity Prevention Jocelyn Getgen Kestenbaum, Caitlin O. Mahoney, Amy E. Meade, Arlan F. Fuller, 2021-07-29 This multidisciplinary volume considers the role of both public health and mental health policies and practices in the prevention of mass atrocity including war crimes crimes against humanity and genocide The authors address atrocity prevention through the framework of primary pre conflict secondary mid conflict and tertiary post conflict settings They examine the ways in which public health and mental health scholars and practitioners currently orient their research and interventions and the ways in which we can adapt frameworks methods tools and practice toward a more sophisticated and truly interdisciplinary understanding and application of atrocity prevention The book brings together diverse fields of study by global north and global south authors in diverse contexts It culminates in a narrative that demonstrates the state of the current fields on intersecting themes within public health mental health and mass atrocity prevention and the future potential directions in which these intersections could go Such discussions will serve to influence both policy makers and practitioners in these fields toward developing adapting and testing frames and tools for atrocity prevention Multidisciplinary perspectives are represented among editors and authors including law political science international studies public health mental health philosophy clinical psychology social psychology history and peace studies

Segregation of Roma Children in Education Sina Van den Bogaert, 2018-11-26 In Segregation of Roma Children in Education Sina Van den Bogaert examines from the perspective of public international law how the Framework Convention for the Protection of National Minorities Council of Europe and the Racial Equality Directive 2000 43 EC European Union have contributed towards desegregation of Roma children in education in Europe The fields of application *ratione personae* and *ratione materiae* of both instruments are discussed as well as their added value Sina Van den Bogaert demonstrates that the Framework Convention and the Racial Equality Directive are complementary instruments and formulates useful suggestions for a more effective monitoring and implementation of both instruments in the field of Roma education This book

is the first and only comprehensive scholarly treatment in public international law of the still widespread phenomenon of segregation of Roma children in education
