E. Kaufmann, H. W. these interdisciplinary studies have demonstrated the potential to connect individual memories and historical debates to the fragmentary material remains Archaeologies of Internment brings together in one volume a range of methodological and theoretical approaches to this developing field The contributions are geographically and temporally diverse ranging from Second World War internment in Europe and the USA to prison islands of the Greek Civil War South African labor camps and the secret detention centers of the Argentinean Junta and the East German Stasi These studies have powerful social cultural political and emotive implications particularly in societies in which historical narratives of oppression and genocide have themselves been suppressed By repopulating the historical narratives with individuals and grounding them in the material remains it is hoped that they might become at least in some cases archaeologies of liberation **Air Raid** Warren Murphy, Richard Sapir, 2002 A mad scientist threatens to destroy the earth with genetically engineered blue seeds that mature quickly into trees that literally suck all the oxygen from the atmosphere Having killed off all but one of his scientific team Dr Hubert St Clair leads Remo and Chiun on a chase through the proverbial forest Syndication Rites Warren Murphy, Richard Sapir, 2001 When a DEA drug raid on a New Jersey warehouse goes fatally wrong it shouldn't be that big a deal But who's pulling the strings behind the scenes and what is the connection to Raffair a mysterious company that's just gone public As Raffair's stock goes through the roof more bodies begin to pile up The outgoing President has decided to strike up an odd relationship with a CIA analyst Has the President decided to mount an eleventh hour attack on Cure Remo and Chiun are sent to untangle a mess that runs from the White House to the Mob and to a small maximum security prison cell where America's infamous Mafia don has hatched the ultimate scheme of vengeance and profit
