The Battle of Leyte Gulf H. P. Willmott, 2005-08-19 The Battle of Leyte Gulf was an extremely unusual battle It was unusual on five separate counts that are so obvious that they are usually missed It was unusual in that it was a series of actions not a single battle It was unusual as a naval battle in that it was fought over five days historically naval battles have seldom spread themselves over more than one or two days It was unusual in terms of its name This battle involved a series of related actions subsequently grouped together under the name of just one of these engagements but in fact none of the actions were fought inside Leyte Gulf More importantly it was unusual in that it was a full scale fleet action fought after the issue of victory and defeat at sea had been decided and it was unusual in that it resulted in clear overwhelming victory and defeat from Chapter One The Battle of Leyte Gulf October 22-28 1944 was the greatest naval engagement in history In fact the battle was four separate actions none of which were fought in the Gulf itself and the result was the destruction of Japanese naval power in the Pacific This book is a detailed and comprehensive account of the fighting from both sides It provides the context of the battle most obviously in terms of Japanese calculations and the search for a fitting place to die and the chance to bloom as flowers of death Using Japanese material never previously noted in western accounts H P Willmott provides new perspectives on the unfolding of the battle and very deliberately seeks to give readers a proper understanding of the importance of this battle for American naval operations in the following month This careful interrogation of the accounts of the last fleet action is a significant contribution to military history

At Close Quarters; PT Boats In The United States Navy [Illustrated Edition] Captain Robert J. Bulkley Jr., 2015-11-06 Includes over 110 illustrations charting the history of the US Navy PT Boats The destiny of our country has been inextricably interwoven with the sea This was never more true than in the giant World War II that involved all seas and most of mankind To fight the sea war we needed many types of ships large and small from aircraft carriers and battleships to PT boats Small though they were the PT boats played a key role Like most naval ships they could carry out numerous tasks with dispatch and versatility In narrow waters or in fighting close to land they could deliver a powerful punch with torpedo or gun On occasion they could lay mines or drop depth charges They could speed through reefs and shark infested waters to rescue downed pilots or secretly close the shore to make contacts with coast watchers and guerrilla forces PT boats were an embodiment of John Paul Jones words I wish to have no connection with any ship that does not sail fast for I intend to go in harm's way Naval strength must function from shore to shore and on inland waters where the mobility and flexibility provided by ships can be employed to support land operations PT boats filled an important need in World War II in shallow waters complementing the achievements of greater ships in greater seas This need for small fast versatile strongly armed vessels does not wane In fact it may increase in these troubled times when operations requiring just these capabilities are the most likely of those which may confront us The thorough and competent account herein of over all PT boat operations in World War II compiled by Captain Robert Bulkley a

distinguished PT boat commander should therefore prove of wide interest The widest use of the sea integrated fully into our national strength is as important to America in the age of nuclear power and space travel as in those stirring days of the birth of the Republic President John F Kennedy **World's War Events: Beginning with the departure of the first American destroyers for service abroad in April, 1917, and closing with the treaties of peace in 1919** Francis Joseph Reynolds, Allen Leon Churchill, 1919 **Hearings Before the Committee on Naval Affairs of the House of Representatives on Sundry Legislation Affecting the Naval Establishment, 1922-23** United States.
