Texas Devils Michael L. Collins,2012-11-09 The Texas Rangers have been the source of tall tales and the stuff of legend as well as a growing darker reputation But the story of the Rangers along the Mexican border between Texas statehood and the onset of the Civil War has been largely overlooked until now This engaging history pulls readers back to a chaotic time along the lower Rio Grande in the mid nineteenth century Texas Devils challenges the time honored image of good guys in white hats to reveal the more complicated and sobering reality behind the Ranger Myth Michael L Collins demonstrates that rather than bringing peace to the region the Texas Rangers contributed to the violence and were often brutal in their injustices against Spanish speaking inhabitants who dubbed them los diablos Tejanos the Texas devils Collins goes beyond other more laudatory Ranger histories to focus on the origins of the legend casting Ranger immortals such as John Coffee Jack Hays Ben McCulloch and John S Rip Ford in a new and not always flattering light In revealing a barbaric code of conduct on the Rio Grande frontier Collins shows that much of the Ranger Myth doesn t hold up to close historical scrutiny Texas Devils offers exciting true stories of the Rangers for anyone captivated by their legend even as it provides a corrective to that legend *Coast of Dreams* Kevin Starr,2011-06-22 In this extraordinary book Kevin Starr widely acknowledged as

the premier historian of California the scope of whose scholarship the Atlantic Monthly has called breathtaking probes the possible collapse of the California dream in the years 1990 2003 In a series of compelling chapters Coast of Dreams moves through a variety of topics that show the California of the last decade when the state was sometimes stumbling sometimes humbled but more often flourishing with its usual panache From gang violence in Los Angeles to the spectacular rise and equally spectacular fall of Silicon Valley from the Northridge earthquake to the recall of Governor Gray Davis Starr ranges over myriad facts anecdotes news stories personal impressions and analyses to explore a time of unprecedented upheaval in California Coast of Dreams describes an exceptional diversity of people cultures and values an economy that mirrors the economic state of the nation a battlefield where industry and the necessities of infrastructure collide with the inherent demands of a unique and stunning natural environment It explores California politics including Arnold Schwarzenegger s election in the 2003 recall the multifaceted business landscape and controversial icons such as O J Simpson Historians of the future Starr writes will be able to see with more certainty whether or not the period 1990 2003 was not only the end of one California but the beginning of another in the meantime he gives a picture of the place and time in a book at once sweeping and riveting in its details deeply informed engagingly personal and altogether fascinating **Understanding War** Christian P. Potholm, 2016-08-03 The third book in Professor Christian Potholm s war trilogy which includes Winning at War and War Wisdom Understanding War provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material Understanding War is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these Understanding War enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures

before he is drawn into a complex and dangerous world in which greed fanaticism and state policy overlap And as the killings continue Mendoza's investigation is overshadowed by the real prospect of an ethnic and religious civil war By turns an involving historical thriller and a novel with parallels to our own time *The Devils of Cardona* is an unexpected and compelling read
