The Cobbler in the Devil's Kitchen from 'Mackinac and Lake Stories', 1899 Catherwood Mary Hartwell,2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Cobbler in the Devil's Kitchen Mary Hartwell Catherwood,2014-02-15 Early in the Mackinac summer Owen Cunning took his shoemaker s bench and all his belongings to that open cavern on the beach called the Devil s Kitchen which was said to derive its name from former practices of the Indians They roasted prisoners there The inner rock retained old smoke stains Though appearing a mere hole in the cliff to passing canoe men the Devil s Kitchen was really as large as a small cabin rising at least seven feet from a floor which sloped down towards the water Overhead through an opening which admitted his body Owen could reach a natural attic just large enough for his bed if he contented himself with blankets And an Irishman prided himself on being tough as any French voyageur who slept blanketed on snow in the winter wilderness
