The Historical Mode Richard Martin, Harold Koda, 1989 *The Places and Spaces of Fashion, 1800-2007* John Potvin, 2013-01-11 *The Places and Spaces of Fashion 1800 2007* brings together art design fashion and a much neglected concern for its spatial realities The spaces and places of fashion have often been overlooked in the writing of fashion history and visual culture More often than not however these environments mitigate control inform and enhance how fashion is experienced performed consumed seen exhibited purchased appreciated and of course displayed Space as this volume attempts to illustrate is itself a representational strategy on par with and influencing the visibility and visuality of fashion Innovative and challenging the essays in this volume explore various physical and conceptual spaces moving from physical environments to the two dimensional with paintings illustrations and photographs to chart similarities differences and complex nuanced relationships between environments fashion identities and visuality The volume also navigates various sites both permanent and temporary of production circulation exhibition consumption and promotion of fashion that define meaning and knowledge about a culture or individual by providing for a bond between embodied consumers spectators and fashion objects *The Places and Spaces of Fashion 1800 2007* is a compelling project with a thematic theoretical and historiographic approach that is at once both focused yet far reaching and original in its implications The volume engages with questions attending to the modern condition by seamlessly weaving interdisciplinary discussions of the visual with material culture to explore the spatial dimension s of fashion Some of the essays explore new and exciting spaces while others offer compelling revisionary analyses of relatively known sources **The Great Fashion Designers** Brenda Polan, Roger Tredre, 2020-01-09 Over the last 180 years designers have propelled fashion from an elite craft into a cornerstone of popular culture This brilliantly written guide to the lives and collections of 55 iconic fashion designers draws on the latest academic research and the best of fashion journalism including the authors own interviews with designers Beginning with 19th century couturier Charles Frederick Worth and concluding with the star names of the 2010s Polan and Tredre detail each designer s working methods and career highlights to capture the spirit of their times This beautifully illustrated revised edition features five new designer profiles Hedi Slimane Raf Simons Phoebe Philo Alessandro Michele and Demna Gvasalia It s also been updated throughout to reflect a fashion world in constant ferment with designers swapping jobs and fashion houses at unprecedented speed The industry has expanded into a global phenomenon and designers have emerged as true celebrities *The Great Fashion Designers* explores their passion and flair to show us fashion at its most inspirational **Time in Fashion** Caroline Evans, Alessandra Vaccari, 2020-07-09 Few phenomena embody the notion of time as well as fashion Fast moving and rooted in the now it s constantly creating its own past through the process of rapid style change Uniquely poised between the past and the future fashion s relationship with time is unorthodox Rather than considering time in the conventional sense this anthology explores three alternative ways to think about fashion and time the

first identifies the seasonal nature of fashion as an industry and shows how this has impacted on workers and wearers alike The second looks at fashion design as a ceaseless process of adaptation reconstruction and recombination of motifs in which nostalgia and revivals play their part The third construes fashion's imaginary with its capacity for fantasy and myth making as a form of alternate history that asks what if Within this framework key classic texts are juxtaposed with lesser known ones in an interdisciplinary approach that includes philosophy history literature media and fashion design ranging from the 18th century to the present It will be of interest to anyone wishing to understand one of the most complex yet inescapable aspects of fashion its relationship to time and will be a critical resource for undergraduate and postgraduate students in the humanities and all those interested in fashion in all its creative commercial and cultural aspects Anna Sui Andrew Bolton, 2013-05-07 Anna Sui's trendsetting rock and roll looks have made her one of this decade's top five fashion icons Time Here in the first book to cover the entire scope of Sui's twenty year career fans get rare access to the designer's creative process This richly visual retrospective celebrates her influence from her first show that snared the support of supermodels Naomi Campbell Linda Evangelista Christy Turlington and Kate Moss to the role she's played in making the babydoll dress one of fashion's most iconic silhouettes With more than 400 photographs from legendary photographers this exquisite tome with a shimmering foil stamped cover is essential for all fashionistas American Design in the Twentieth Century Gregory Votolato, 1998 Author Greg Votolato presents the intricate story of how design evolved as a profession and a leisure activity Votolato demonstrates that design in affluent American culture is as much about personalization of the material world as it is about the performance and appearance of manufactured goods 114 illustrations **The Ceaseless Century** Richard Harrison Martin, 1998 Comprises the catalogue of the exhibition of the same name held at the Metropolitan Museum of Art in the fall of 1998 Presents 84 mostly color photographs of costumes from about 1700 to the present with commentary by The Costume Institute's curator Richard Martin 9x12 Annotation copyrighted by Book News Inc Portland OR

Fashioning Identity Maria Mackinney-Valentin, 2017-02-09 We dress to communicate who we are or who we would like others to think we are telling seductive fashion narratives through our adornment Yet today fashion has been democratized through high low collaborations social media and real time fashion mediation complicating the basic dynamic of identity displays and creating tension between personal statements and social performances Fashioning Identity explores how this tension is performed through fashion production and consumption by examining a diverse series of case studies from ninety year old fashion icons to the paradoxical rebellion in normcore and from soccer jerseys in Kenya to heavy metal band T-shirts in Europe Through these cases the role of time gender age memory novelty copying the body and resistance are considered within the context of the contemporary fashion scene Offering a fresh approach to the subject by readdressing Fred Davis seminal concept of identity ambivalence in Fashion Culture and Identity 1992 Mackinney Valentin argues that we are in an epoch of status ambivalence in which fashioning one's own identity has become increasingly complicated **Deco Dandy**

John Potvin, 2020-10-27 Deco dandy contests the supposedly exclusive feminine aspect of the style moderne art deco by exploring how alternative parallel and overlapping experiences of decorative modernism nationalism gender and sexuality in the years surrounding World War I converge in the protean figure of the deco dandy The book suggests a broader view of art deco by claiming a greater place for the male body masculinity and the dandy in this history than has been given to date Important and productive moments in the history of the cultural life of Paris presented in the book provide insights into the changing role performed by consumerism masculinity design history and national identity The Greenwood Guide to American Popular Culture: Editorial cartoons through Illustration M.
