The Hollywood Hallucination:

The Hollywood Hallucination Parker Tyler, 1944 Film Study Frank Manchel, 1990-10 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities The Rhapsodes David Bordwell, 2016-04-04 An engaging look at four pioneering film critics besides being a pleasure to read it makes a sophisticated contribution to the study of film criticism Cineaste In the 1960s Pauline Kael Andrew Sarris and Roger Ebert were three of America's most popular and influential film critics But their remarkable contributions to the cinema landscape were deeply influenced by the work of four earlier critics who are too often overlooked Otis Ferguson James Agee Manny Farber and Parker Tyler Throughout the 30s and 40s these pioneering critics scrutinized movies with an intensity not previously seen in popular reviewing With The Rhapsodes renowned film scholar and critic David Bordwell restores their work to a wider audience Bordwell calls these four critics the Rhapsodes in honor of their passionate and deliberately offbeat prose Each broke with prevailing currents in criticism finding new ways to discuss popular films that their contemporaries regarded as trivial With his customary clarity and brio Bordwell considers each critics writing style their conceptions of films and their many quarrels He then concludes by examining their profound impact on later generations of film writers **Film and the Working Class** Peter Stead, 2013-12-13 Taking the subject chronologically from the 1890s to when the book was initially published in 1989 this book analyses those films specifically concerned with working class conditions and struggle and discusses them within the context of the debate on the social significance of the feature film It concentrates on films which depict labour organizations and political activists as well as life in working class communities and actors with working class identities such as James Cagney Reviews of the original edition fills a gap in film studies the study of social and labour history and the development of popular culture in Britain and the United States Garbo Robert Gottlieb, 2021-12-07 A New York Times Book Review Editors Choice One of Esquire's 125 best books about Hollywood Award winning master critic Robert Gottlieb takes a singular and multifaceted look at the life of silver screen legend Greta Garbo and the culture that worshiped her Wherever you look in the period between 1925 and 1941 Robert Gottlieb writes in Garbo Greta Garbo is in people's minds hearts and dreams Strikingly glamorous and famously inscrutable she managed in sixteen short years to infiltrate the world's subconscious the end of her film career when she was thirty six only made her more irresistible Garbo appeared in just twenty four Hollywood movies yet her impact on the world and that indescribable transcendent presence she possessed was rivaled only by Marilyn Monroe's She was looked on as a unique phenomenon a sphinx a myth the most beautiful woman in the world but in reality she was a Swedish peasant girl uneducated naïve and always on her guard When she arrived in Hollywood aged nineteen she spoke barely a word of English

and was completely unprepared for the ferocious publicity that quickly adhered to her as almost overnight she became the world's most famous actress. In *Garbo*, the acclaimed critic and editor Robert Gottlieb offers a vivid and thorough retelling of her life beginning in the slums of Stockholm and proceeding through her years of struggling to elude the attention of the world, her desperate futile striving to be left alone. He takes us through the films themselves from M.G.M.'s early presentation of her as a vamp, her overwhelming beauty drawing men to their doom, a formula she loathed, to the artistic heights of *Camille* and *Ninotchka*. *Garbo Laughs*, by way of Anna Christie, *Garbo Talks*, *Mata Hari*, and *Grand Hotel*. He examines her passive withdrawal from the movies and the endless attempts to draw her back. And he sketches the life she led as a very wealthy woman in New York, a hermit about town, and the life she led in Europe among the Rothschilds and men like Onassis and Churchill. Her relationships with her famous co-star John Gilbert, with Cecil Beaton, with Leopold Stokowski, with Erich Maria Remarque, with George Schlee, were they consummated? Was she bisexual? Was she sexual at all? The whole world wanted to know and still wants to know. In addition to offering his rich account of her life, Gottlieb in what he calls *A Garbo Reader* brings together a remarkable assembly of glimpses of Garbo from other people's memoirs and interviews ranging from Ingmar Bergman and Tallulah Bankhead to Roland Barthes, from literature she turns up everywhere in Hemingway's *For Whom the Bell Tolls*, in Evelyn Waugh, Graham Greene, and the letters of Marianne Moore and Alice B. Toklas, from countless songs and cartoons and articles of merchandise. Most extraordinary of all are the pictures: 250 or so ravishing movie stills, formal portraits and revealing snapshots, all reproduced here in superb duotone. She had no personal vanity, no interest in clothes and make-up; yet the story of Garbo is essentially the story of a face and the camera. Forty years after her career ended, she was still being tormented by unrelenting paparazzi wherever she went. Includes Black and White Photographs.

Violence and American Cinema J. David Slocum, 2013-09-13 American cinema has always been violent and never more so than now: exploding heads, buses that blow up if they stop, racial attacks and general mayhem. From slapstick's comic violence to film noir, from silent cinema to Tarantino, violence has been an integral part of America on screen. This new volume in a successful series analyzes violence, examining its nature, its effects, and its cinematic and social meaning. **Guilty**

Pleasures Pamela Robertson, 1996 Using detailed studies of stars such as Mae West, Joan Crawford, and Madonna, *Guilty Pleasures* examines the tradition of feminist camp, a female form of aestheticism related to masquerade and rooted in burlesque, parallel but different to gay male camp. **Stars** Lucy Fischer, Marcia Landy, 2004 From two distinguished academics, *Stars: The Film Reader* brings together key writings and new perspectives on stars and stardom in cinema, including coverage of stars and star systems from Europe and Asia as well as Hollywood, such as Mario Lanza, Oprah Winfrey, and Roseanne Barr. Including contributions from top scholars such as Richard Dyer, the book addresses questions of production, labour, and circulation, and examines neglected areas of study such as the Avant Garde star, the non-American stars, and the question of ethnicity. Grouped in thematic sections, the articles explore key issues and developments in the study

of stardom providing a comprehensive overview of stardom across the world and in different genres and media *The Complete History of American Film Criticism* Jerry Roberts, 2010-02-19 *The Complete History of American Film Criticism* is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework *The Complete History of American Film Criticism* is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form **Radical Visions and American Dreams** Richard H. Pells, 1973 The Great Depression of the 1930s was more than an economic catastrophe to many American writers and artists Attracted to Marxist ideals they interpreted the crisis as a symptom of a deeper spiritual malaise that reflected the dehumanizing effects of capitalism and they advocated more sweeping social changes than those enacted under the New Deal In *Radical Visions and American Dreams* Richard Pells discusses the work of Lewis Mumford John Dewey Reinhold Niebuhr Edmund Wilson and Orson Welles among others He analyzes developments in liberal reform radical social criticism literature the theater and mass culture and especially the impact of Hollywood on depression era America By placing cultural developments against the background of the New Deal the influence of the American Communist Party and the coming of World War II Pells explains how these artists and intellectuals wanted to transform American society yet why they wound up defending the American Dream A new preface enhances this classic work of American cultural history
