The House Of Boni Liveright 1917 1933 A Documentary Volume:

The House of Boni & Liveright, 1917-1933 Charles Egleston, 2004 Presents historical and bibliographic information about the New York publishing house of Boni and Liveright The volume covers the period from 1917 to 1933 **The Culture of the Publisher's Series, Volume One** J. Spiers, 2011-02-18 This volume focuses on the publisher's series as a cultural formation a material artefact and component of cultural hierarchies Contributors engage with archival research cultural theory literary and bibliometric analysis amongst a range of other approaches to contextualize the publisher's series in terms of its cultural and economic work **Three Revolutions** Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In *Three Revolutions* the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep *Three Revolutions* raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today **Modernist Experiments in Genre, Media, and Transatlantic Print Culture** Jennifer Julia Sorensen, 2016-12-08 The years from 1890 through 1935 witnessed an explosion of print both in terms of the variety of venues for publication and in the vast circulation figures and the quantity of print forums Arguing that the formal strategies of modernist texts can only be fully understood in the context of the material forms and circuits of print culture through which they were produced and distributed Jennifer Sorensen shows how authors and publishers conceptualized the material text as an object as a body and as an ontological problem She examines works by Henry James Jean Toomer Djuna Barnes Katherine Mansfield and Virginia Woolf showing that they understood acts of reading as materially mediated encounters Sorensen draws on recent textual theory media theory archival materials and paratexts such as advertisements illustrations book designs drafts diaries dust jackets notes and frontispieces to demonstrate how these writers radically redefined literary genres and refashioned the material forms through which their literary experiments reached the public Placing the literary text at the center of inquiry while simultaneously expanding the boundaries of what counts as that Sorensen shows that modernist generic and formal

experimentation was deeply engaged with specific print histories that generated competitive media ecologies of competition and hybridization

Encyclopedia of American Literature Manly, Inc.,2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Bruccoli George Parker Anderson Judith S **Publishing Modernist Fiction and Poetry** Lise Jaillant,2019-02-06 Publishing houses are nearly invisible in modernist studies Looking beyond little magazines and other periodicals this collection highlights the importance of book publishers in the diffusion of modernism It also participates in the transnational turn in modernist studies demonstrating that book publishers created new markets for modernist texts in the United States Europe and the rest of the world
