This collection re imagines the field of criminology with insights gleaned from feminist theory Works included here illustrate that gender is a key organizing principle of social life This means that men and women have gender that patriarchy as well as gender must be theorized and that other systems of oppression such as race and class must also be studied to fully understand the crime problem and the criminal justice system Finally the articles collected here exemplify the feminist concern for thinking consciously about how and why we do our research with the crucial goal of producing knowledge that will promote social justice Sex and Social Justice Martha C. Nussbaum, 1999-02-04 What does it mean to respect the dignity of a human being What sort of support do human capacities demand from the world and how should we think about this support when we encounter differences of gender or sexuality How should we think about each other across divisions that a legacy of injustice has created In *Sex and Social Justice* Martha Nussbaum delves into these questions and emerges with a distinctive conception of feminism that links feminist inquiry closely to the important progress that has been made during the past few decades in articulating theories of both national and global justice Growing out of Nussbaum s years of work with an international development agency connected with the United Nations this collection charts a feminism that is deeply concerned with the urgent needs of women who live in hunger and illiteracy or under unequal legal systems Offering

an internationalism informed by development economics and empirical detail many essays take their start from the experiences of women in developing countries Nussbaum argues for a universal account of human capacity and need while emphasizing the essential role of knowledge of local circumstance Further chapters take on the pursuit of social justice in the sexual sphere exploring the issue of equal rights for lesbians and gay men Nussbaum's arguments are shaped by her work on Aristotle and the Stoics and by the modern liberal thinkers Kant and Mill She contends that the liberal tradition of political thought holds rich resources for addressing violations of human dignity on the grounds of sex or sexuality provided the tradition transforms itself by responsiveness to arguments concerning the social shaping of preferences and desires She challenges liberalism to extend its tradition of equal concern to women always keeping both agency and choice as goals With great perception she combines her radical feminist critique of sex relations with an interest in the possibilities of trust sympathy and understanding Sex and Social Justice will interest a wide readership because of the public importance of the topics Nussbaum addresses and the generous insight she shows in dealing with these issues Brought together for this timely collection these essays extensively revised where previously published offer incisive political reflections by one of our most important living philosophers

Changing Roles of NGOs in the Creation, Storage, and Dissemination of Information in Developing Countries Steve W. Witt, 2008-11-03 Non governmental organizations NGOs are growing exponentially In 1993 the Yearbook of International Organizations listed 16 000 internationally recognized NGOs By 2004 this number was 63 000 With this increase comes a staggering growth in the activities and intellectual output of NGOs working on a local and international level As the mission of both libraries and NGOs increasingly intersect these organizations must collaborate to provide essential services that revolve around the creation dissemination and storage of information This volume's eight essays focus on collaborative work between NGOs and libraries in the study and resolution of global issues ranging from AIDS to food security and social transformation

Legislating an Epidemic, 2003 *Gender in Germany and Beyond* Jennifer V. Evans, Shelley E. Rose, 2023-05-12 Jean Quataert redefined the boundaries of at least five historical fields including European socialism women's history and gender history and international law and human rights In this volume dedicated to her pioneering work established and emerging scholars showcase the signature ways in which Quataert as one of the discipline's first women's historians has influenced how subsequent generations think about history writing as a form of intellectual activism Gender in Germany and Beyond presents cutting edge historiographical commentary alongside new work which address subjects such as the history of German colonialism and women's colonial leagues human rights advocacy during the Cold War and the complexities of turn of the century gay and lesbian rights organizing

The New World of Politics Neal Riemer, Douglas Simon, Douglas W. Simon, 1997-03 In this fourth edition Neal Riemer and Douglas W Simon again seek to introduce students to the challenging discipline of political science by highlighting six cardinal features The editors strongly believe that their unique and comprehensive approach employing those six features can best equip students

of political science to stay abreast of the ever changing and ever challenging world of politics First and most important Riemer and Simon affirm the importance of addressing the three main concerns of political science political and philosophy and ethics empirical behavioral political science and public policy Secon the authors reaffirm their normative preference for politics as a civilizing enterprise one that enables people in the political community live better to grow robustly in mind and spirit and to find creative fulfillment The fourth cardinal feature requires to recognize realistically the ever chaning nature of politics and the tasks of assessing and responding to changing values The sixth cardinal feature of The New World of Politics is understanding the importance of keeping the future in mind not only the immediate future but the long range future This book seeks to introduce students to political science as a discipline intimately involved with ethics emprical social scientific inquiry and public policy Neal Riemer and Douglas W Simon are endeavoring to help students respond to those future problems with understanding and wisdom A Collegiate Press book

The Top Books of the Year The Human Rights Watch Global Report On Womens Human Rights The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Human Rights Watch Global Report On Womens Human Rights : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
