The Human Side Of Japanese Enterprise:

The Human Side of Japanese Enterprise Hiroshi Tanaka, 1988 Personality in Industry Hiroshi Tanaka, 2012 Japanese management styles and their relationship to Japanese business success have been aridly studied and analysed in the West but rarely do Western observers understand fully the importance of cultural and historical factors in the Japanese economic miracle This book provides a unique insight into the unseen world of Japanese business by intertwining the history growth and performance of ASICS a major Japanese corporation with the life of its remarkable founder Kihachiro Onitsuka and the dramatic and complex changes in Japanese life economy and culture since the end of the Second World War First published in 1988 this title is part of the Bloomsbury Academic Collections series Bloomsbury Publishing *Personality in Industry* Hiroshi Tanaka, 2013-12-17 Japanese management styles and their relationship to Japanese business success have been aridly studied and analysed in the West but rarely do Western observers understand fully the importance of cultural and historical factors in the Japanese economic miracle This book provides a unique insight into the unseen world of Japanese business by intertwining the history growth and performance of ASICS a major Japanese corporation with the life of its remarkable founder Kihachiro Onitsuka and the dramatic and complex changes in Japanese life economy and culture since the end of the Second World War First published in 1988 this title is part of the Bloomsbury Academic Collections series **The Japanese Enterprise System** W. Mark Fruin, 1992 This volume merges four streams of inquiry and interpretation in a study of the evolution and emergence of Japan s leading industrial firms during the twentieth century First it is a historical study of how the industrial institutions of modern Japan appeared and matured Second it is an organization study of the basic forms of social and economic interaction in Japan Third it is a development study of how circumstances of rapid technical and economic change have shaped the Japanese business system It is also a strategy study of how Japanese managers have responded to and shaped these circumstances This fourfold synthesis offers a model of institutional development under conditions of late economic development and private initiative that falls somewhere between a capitalist development state and a free market economy Business policy rather than industrial policy is accentuated revealing a set of robust institutions and a dynamic to activate and interrelate them The Japanese Industrial System Charles J. McMillan, 2012-10-25 No detailed description available for The Japanese Industrial System Strategy and Structure of Japanese Enterprises Toyohiro Kono, 2016-07-01 Composed of a series of 12 articles this work analyzes China s rural reforms The articles cover such topics as the responsibility system privatization industrialization social conflict urban rural relations and rural urbanization The Human Side of Service Engineering Christine Leitner, Rainer Nägele, Clara Bassano, Debra Satterfield, 2024-07-24 Proceedings of the 15th International Conference on Applied Human Factors and Ergonomics and the Affiliated Conferences Nice France 24-27 July 2024 The Archaeology, History and Heritage of WWII Karst Defenses in the Pacific Julie Mushynsky, 2021-03-12 This book is an archaeological study of the cultures of conflict through an examination of

caves and tunnels used during the Pacific War Referred to here as karst defenses WWII caves and tunnels can be found throughout the karst landscapes of the Pacific Karst defenses have been hidden literally by the jungle and figuratively by history for over 70 years Based on a study of karst defenses and their related artifacts and oral histories in Saipan Commonwealth of the Northern Mariana Islands this book uses karst defenses to investigate the varied human experiences before during and after the Pacific War Historically the book reveals new knowledge about the overall defense strategies used in the Pacific Karst defenses were a central component of Pacific War defense and were constructed and used by civilians the Japanese military and U S troops as early as 1942 Karst defenses also functioned as command posts hospitals shelters storage units and combat positions The book sheds light on the social aspects that influenced the construction and use of karst defenses including the fragmented relationship between the Imperial Japanese Navy and the Imperial Japanese Army the social status of civilians under Japanese rule and the clandestine plans of the U S in Micronesia The book also discusses the complex contemporary meanings of this dark shared heritage **An Intimate History of Humanity**

Theodore Zeldin, 2012-12-31 The book that changed my life a constant companion Bill Bailey Extraordinary and beautiful the most exciting and ambitious work of non fiction I have read in more than a decade The Daily Telegraph This extraordinarily wide ranging study looks at the dilemmas of life today and shows how they need not have arisen Portraits of living people and historical figures are placed alongside each other as Zeldin discusses how men and women have lost and regained hope how they have learnt to have interesting conversations how some have acquired an immunity to loneliness how new forms of love and desire have been invented how respect has become more valued than power how the art of escaping from one's troubles has developed why even the privileged are often gloomy and why parents and children are changing their minds about what they want from each other **Opportunity Knocks**
