The Killer Gun:

The Killer's Wrath Pasquale De Marco, 2025-08-10 The Killer's Wrath is a chilling journey into the minds of serial killers. Over the last two decades Pasquale De Marco, a renowned expert in the field of criminal psychology, has interviewed dozens of convicted murderers, gaining insights into their motivations, methods, and psyche. In this book, Pasquale De Marco shares his findings, providing a comprehensive overview of the world of serial murder. This book is not for the faint of heart. It is a disturbing but fascinating look into the minds of some of the most depraved criminals in history. But it is also a necessary read for anyone who wants to understand the nature of evil and how to prevent it. In this book, you will learn about the different types of serial killers, the motivations behind their crimes, the methods they use to kill, the impact of their crimes on victims and their families, the challenges of investigating and prosecuting serial killers. You will also learn about some of the most notorious serial killers in history, including Ted Bundy, John Wayne Gacy, and Jeffrey Dahmer. Pasquale De Marco provides a detailed account of their crimes, their trials, and their eventual executions. But this book is not just about the past. It is also about the present and the future. Pasquale De Marco examines the current state of serial murder in the United States and offers insights into how we can prevent future tragedies. This book is a must-read for anyone who is interested in true crime, criminal psychology, or the nature of evil. It is a disturbing but important read that will leave you with a new understanding of the human capacity for violence.

The Killer's Den Mark S. Schubert, 2008-10-24 Twelve people awaken in a strange house with no phone and no exits. They are completely shut out from the outside world. They do not know each other; they don't even remember who they are themselves. An observer comes over an intercom to tell them they all volunteered for a unique sociological experiment: their memories have been blocked, and they are to live for the next year in this enclosed house. But there is a catch: one of them was a convicted killer prior to the induced amnesia. The study is specifically aimed at whether murderous intent is learned or innate. Out of necessity, they begin to build relationships and allegiances, only to find that trust and cooperation begins to deteriorate once people begin to die. The group continuously battles distrust and panic, and the social order breaks down again and again, threatening more lives. The thin layer of cohesion the group desperately needs to survive.

The Minds of Mass Killers P. Shavaun Scott, 2021-11-12 Public mass killings are becoming more common. Though the chances of being harmed or killed in a mass shooting are slim, each incident affects the public's sense of safety. There are many myths and falsehoods concerning mass murderers. As a result, the public lacks reliable knowledge about the reasons behind such killings, preventing the development of comprehensive strategies to mitigate the violence. Written by a mental health therapist with thirty years of clinical experience in violence prevention, this book clarifies the realities of mass killings. Using

research from forensic psychology it provides a foundation for understanding the pathway to violence identified in the personal histories of many mass murderers Drawing from criminology neuroscience and developmental and social psychology the author makes the case that we are all capable of creating a safer society The Light Giver Christaan Salgado,2012-11-17 Wanting to start a new life and get far away from his foster parents that blame him for their problems Dorrian Graves moves to a remote town called Dark River with his best friend Conley Evans The night after his arrival someone is brutally murdered not far from his apartment A series of homicides begin that will change Dorrian and everyone involved forever As the town is covered in fear a mysterious man only known as The Light Giver appears to perform astonishing miracles and then is gone before anyone has a chance to get his description Plagued with strange dreams and a message from The Light Giver Dorrian finds that hes in the middle of the madness The serial killer then does something no one is expecting He proclaims in a letter to the media that he is to be known as Gods Wrath and that he has been sent to kill all the false gods in Dark River With the overwhelming number of fast paced murders Detective Warner T Bradley and his partner Detective Sam Weston have no time to do a thorough investigation In the midst of it all Warner finds evidence that Gods Wrath and a past killer who had gotten away could be the same person Just when the detectives are in deep desperation and have lost all hope evidence is found that is so strong it gives Warner the name of the killer Dorrian Graves Warner and Sam initiate the biggest manhunt theyve ever been part a of Dorrian is on the run and doesnt realize it but he is set on a path from God that will lead him to death violence and his inevitable destiny Who is The Light Giver Is he from God or is he a madman in disguise Who is Gods Wrath Will Dorrian choose to lose everything including his life in order to follow Gods plan **Firearms Legislation** United States.
