Dantzker, 2025-01-07 Det Sgt J J Cowboy Manford is tasked with his second serial murder case in less than a year Three women are killed via strangulation The only evidence is semen which is from the same perpetrator However the DNA from it is not found in any database The only other connection is that a well known and well liked local psychiatrist psychologist knew all three women Unfortunately at the time all three women are killed he cannot account for his time claiming to have no memory of any encounter with these women outside of their initial meeting A psychological alibi or a brilliant liar

and working closely with the DEA Carlo also wrote the definitive account of Bonanno Mafia family assassin Tommy Karate Pitera The Butcher Carlo s investigative achievements were remarkable but what wasn t known to his readers was that while working on The Ice Man he learnt he had amyotrophic lateral sclerosis ALS a terminal illness that caused all of the muscles in his body to atrophy over time Suddenly after years of penetrating the minds of killers Carlo was himself being pursued by the grim reaper But rather than lying down and succumbing to the disease Carlo continued to work right up until his death in 2010 and his books were published to critical and commercial acclaim In The Killer Within Carlo documents his difficult experiences with ALS and explains how he managed to continue working as a true crime author in the face of adversity He provides an intimate account of his relationships with Ramirez Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with the numerous challenges that ALS presented as it slowly began to steal his life away
