Roston, 2006-07-31 In *Narrative Strategies*, Roston focuses upon the Greene's texts themselves and their manipulation of reader response, highlighting the innovative strategies that Greene developed to cope with the mid-century invalidation of the traditional hero. The result is a stimulating new reading of the major novels. *Graham Greene's Fictions* Cates Baldridge, 2000 **Graham Greene's Catholic Imagination** Mark Bosco, 2005-02-17 Graham Greene's early books are described as Catholic Novels, with his later work falling into political and detective genres. This title argues that this is a false dichotomy created by a narrowly prescriptive understanding of the Catholic genre and obscures the impact of Greene's religious imagination on his literary art. *The Language of Ethics and Community in Graham Greene's Fiction* Paula Martín Salvan, 2016-04-29 A study of Graham Greene's fiction from the perspective of ethics and community, focusing on the narrative pattern that emerges from the author's idiosyncratic use of keywords like peace, despair, compassion, or commitment. This book explores their potential for the textual articulation of narrative conflict and the dramatization of the ethical. **Graham Greene** A. F. Cassis, 1981 Covers fifty years of criticism of Graham Greene, a leading man of letters on the English literary scene. **Graham Greene's Childless Fathers** Daphna Erdinast-Vulcan, 1988-06-18 *Innocence in Graham Greene's Novels* Shoko Miyano, 2006 Graham Greene once wrote that Innocence is a kind of insanity. This book examines the many shades of innocence in Greene's characters: the blank innocence, depraved innocence, and absurd innocence of Anthony Farrant; the piteous innocence of Pinkie; the simple innocence of Raven; the pure innocence of Father Quixote; the paradoxical innocence of

the Whisky Priest the inverted innocence of Sarah Miles the faithful innocence of Father Rivas the Dog Ears Priest the intrusive innocence of Doctor Fischer and the playful innocence of Harry Lime The complex concept of innocence is found to be a prevailing theme in Greene s novels

Certainty and Ambiguity in Global Mystery Fiction John J. Han,C. Clark Triplett,Matthew Bardowell,2024-02-08 Mystery fiction as a genre renders moral judgments not only about detectives and criminals but also concerning the cultural structures within which these mysteries unfold In contrast to other volumes which examine morality in crime fiction through the lenses of personal guilt and personal justice Certainty and Ambiguity in Global Mystery Fiction analyzes the effect of moral imagination on the moral structures implicit in the genre In recent years public awareness has attended to the relationship between social structures and justice and this collection centers on how personal ethics and social ethics are bound together amidst the shifting moral landscapes of mystery fiction Contributors discuss the interplay between personal guilt and social guilt considering morality and justice on an individual level and at a societal level using frameworks of certainty and ambiguity They show how individual characters in works by Agatha Christie Gabriel Garc a M rquez Natsuo Kirino F H Batacan and Stephen King among others may view their moral standing with certainty but clash with the established mores of their culture Featuring essays on Japanese Filipino Indian and Colombbian mystery fiction as well as American and British fiction this volume analyzes social guilt and justice across cultures showing how individuals grapple with the certainty and at times the moral ambiguity of their respective cultures

Graham Greene Robert Hoskins,2004-11-23 This study reveals Greene in a dual role as author one who projects literary experience into his view of life and subsequently projects both his experience and its literary interpretation into his fiction and it defines two phases of Greenes novels through the changing relationship between writer and protagonists The first phase progresses from acutely sensitive self divided young men somewhat like the young Greene to embittered alienated characters ostensibly at great distance from their creator The second phase 1939 includes a series of portraits of the artist through which Greene confronts more directly the tensions and conflicts of his private life

Miracles & Sacrilege William Bruce Johnson,2008-01-01 Tracing the development of the Church in the United States Johnson discusses the reasons it found The Miracle sacrilegious and how it attained the power to persuade civil authorities to ban it

A Common Spring Nadya Aisenberg,1979 Nadya Aisenberg discusses the potentialities of the crime novel its implications principles and scope and its analogy of myth and the fairy tale She proposes that the detective story and the thriller have made an unacknowledged contribution to serious literature Her discussion of Dickens Conrad and Green indicate that each borrowed many important ingredients from the formulaic novel

The Power and the Glory Graham Greene,2003 A tormented alcoholic priest is pursued by an idealistic lieutenant during an anti clerical persecution in Mexico

Made in Mexico Luis I. Reyes,2024-03-26 For more than a century directors from both sides of the border have chosen Mexico as the location to create their cinematic art leaving an indelible imprint on the imaginations of moviegoers and filmmakers worldwide Now for the first time Made in Mexico

Hollywood South of the Border presents a comprehensive examination of more than one hundred Hollywood theatrical feature films made in Mexico between 1914 and the present day Lavishly illustrated throughout Made in Mexico examines how Hollywood films depicted Mexico and how Mexico represented itself in relation to the films shot on location It pulls back the curtain on how Hollywood filmmakers influenced Mexican films and Mexican filmmakers influenced Hollywood Listed chronologically and featuring cast credits synopsis and contemporary reviews along with a production history for each entry this book highlights the concept of crossing borders in which artists from both nations collaborated with one another Made in Mexico also provides a brief historical perspective on the aesthetics economics and politics of the film industries in each country giving readers a glimpse of the external forces at play in the production of these films With motion pictures permeating the cultural and historical landscape of both Mexico and the United States this compulsively readable compendium demonstrates the far reaching influences of the featured films on the popular culture of both nations Visible Nations Chon A. Noriega,2000 *Wandering through Guilt* Paola Di Gennaro,2015-06-18 The first comprehensive study on the pattern of guilt and wandering in literature this book examines the relationship between the two complex concepts as they appear in twentieth century novels positing its methodological premises on archetypal criticism and both close and distant reading but also drawing on psychology anthropology mythology and religion This research deciphers a common paradigm and literary representation whose archetype within Western literature is found in the biblical figure of Cain while presenting a critical framework valid for boundary crossing comparative approaches From Graham Greene s *The Power and the Glory* and Malcolm Lowry s *Under the Volcano* to Wolfgang Koeppen s *Death in Rome* and oka Sh hei s *Fires on the Plain* this book is not merely a thematic study but an analysis of the literary phenomena that appear in those novels where the sense of guilt is controversially subjective or so collective as to be perceived as universal as is often the case with war and postwar literature Di Gennaro goes beyond the analysis of explicit rewritings of the story of Cain in order to uncover the monomyth through its rhetorical structures and mythical methods The wasteland with no religion the lost abandoned garden the classical and religiously corrupted city and the tropical cannibalistic island at war are the respective settings of these narratives where the issue is neither homelessness nor journeying but rather the desperate and futile movement toward self consciousness or self destruction After the Second World War much was silenced rather than left unsaid This study retraces those silent cries over history through the powerful literary marks of myths *Reference Guide to Short Fiction* Thomas Riggs,1999 *Reference Guide to Short Fiction* provides study and commentary on the most instrumental writers of short fiction through the 20th century International in scope this single scholarly volume includes 779 entries on 377 authors and 402 short stories
