The Lagoon A Collection Of Short Stories:

The Lagoon Janet Frame,1997 **Chicorel Index to Short Stories in Anthologies and Collections** Marietta Chicorel,1974 *Janet Frame* Claire Bazin,2011 Claire Bazin explores the extraordinary life of Janet Frame and highlights the author s significant contribution to postcolonial and gender studies **The Reception of Joseph Conrad in Europe** Robert Hampson,Véronique Pauly,2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English Joseph Conrad was from the start as much a European writer as he was a British one and his work from his earliest fictions through *Heart of Darkness* *Nostromo* and *The Secret Agent* to his later novels has repeatedly been the focal point of discussions about key issues of the modern age With chapters written by leading international scholars this book provides a wide ranging survey of the reception translation and publication history of Conrad s works across Europe Covering reviews and critical discussion and with some attention to adaptations in other media these chapters situate Conrad s works in their social and political context The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad s reception throughout the continent

Chicorel Index to Short Stories in Anthologies and Collections ,1974 Janet Frame in Focus Josephine A. McQuail,2018-01-26 New Zealand author Janet Frame 1924 2004 during her lifetime published 11 novels three collections of short stories a volume of poetry and a children s book The details of her life her tragic early years her confinement in a psychiatric hospital and her miraculous reprieve overshadow her work and she remains largely neglected by scholars These essays focus on Frame s autobiography short stories and novels Contributors from around the world explore a range of topics including her mother s Christadelphian faith her relationships with two 20th century icons William Theophilus Brown and John Money and a view of Frame in the context of trauma studies Two of the essays were presented at the 2014 Northeast Modern Language Association convention The Unharnessed World Cindy Gabrielle,2015-06-18 Though New Zealand author Janet Frame 1924 2004 lived at a time of growing dissatisfaction with European cultural models and though her autobiography fiction and letters all testify to the fact that a direct encounter between herself and Buddhism occurred her work has so far never been examined from the vantage point of its indebtedness to Buddhism It is of the utmost significance however that a Buddhist navigation of Frame s texts should shed fresh light on large segments of the Framean corpus which have tended to remain obdurately mysterious This includes passages centering on such themes as the existence of a non dual world or a character s sudden embrace of a non ego like self Of equal significance is the conclusion one then draws that this unharnessed world which human beings are often unable to embrace has always been right under their nose for whenever the aspect of the intellect that filters perceptions into mutually excluding categories fails to function he or she finds a place of subjective arrival in and sees this supposedly unknowable beyond Thus possibly against the grain of mainstream criticism this study argues that Janet Frame constantly seeks ways through which the infinite and the Other can be approached though

not corrupted by the perceiving self and that she found in the Buddhist epistemology a pathway towards evoking such alterity
