## **The Laments Of Jeremiah And Their Contexts:**

The Laments of Jeremiah and Their Contexts Mark S. Smith, 1990      **Jeremiah Under the Shadow of Duhm** Joseph M. Henderson, 2019-11-14 Joe Henderson offers a critique of the assumption that poetic form in the book of Jeremiah indicates authenticity. This assumption undergirds Bernhard Duhm's reconstructions 1901 of the prophet's biography and the book's composition, the basic components of the dominant paradigm for twentieth-century Jeremiah scholarship. Henderson argues that Duhm's model is best understood as an attempt to bring the book into conformity with nineteenth-century systems of aesthetics, historiography, and theology, and with the Grafian reconstruction of the history of Israel's religion. The accord between these systems and Duhm's assumption about poetic form has less to do with their common grasp of the historical reality of Hebrew prophecy than with their common roots in the Romantic theory of prophetic and poetic inspiration, a theory forged by Robert Lowth in his exposition 1752 of the poetry he found in the prophetic books. Henderson contends that continued adherence to Duhm's foundational assumption has held back recent attempts to move beyond Duhm and overcome the fragmentation of the book entailed by his model. Rhetorical critics who maintain that Jeremiah 2-10 is unified by the structural devices of the historical prophet and redaction critics who maintain that Jeremiah 11-20 is unified by the theological agenda of Deuteronomistic editors both rely on the assumed authenticity of the poetry. Henderson observes that although these scholars have uncovered evidence of dramatic presentation in Jeremiah 2-20, they have failed to see that the dramatic nature of these chapters undermines their use for Duhm's historical critical projects and reveals what actually unifies them: narrative progression.

The Theology of the Book of Jeremiah Walter Brueggemann, 2006-11-13 The present study focuses on the theology of the Book of Jeremiah. That theology revolves around themes familiar from Israel's covenantal faith, especially the sovereignty of YHWH expressed in judgment and promise. The outcome of this theological nexus of context, person, and tradition is a book that moves into the abyss and out of the abyss in unexpected ways. It does so in part by asserting that God continues to be generatively and disturbingly operative in the affairs of the world, up to and including our contemporary abysses such as 9/11. The God attested in the Book of Jeremiah invites its readers into and through any and all such dislocations to new futures that combine divine agency and human inventiveness rooted in faithfulness.

*Jeremiah's Scriptures* Hindy Najman, Konrad Schmid, 2016-10-05 *Jeremiah's Scriptures* focuses on the composition of the biblical book of Jeremiah and its dynamic afterlife in ancient Jewish traditions. Jeremiah is an interpretive text that grew over centuries by means of extensive redactional activities on the part of its tradents. In addition to the books within the book of Jeremiah, other books associated with Jeremiah or Baruch were also generated. All the aforementioned texts constitute what we call Jeremiah's Scriptures. The papers and responses collected here approach Jeremiah's scriptures from a variety of perspectives in biblical and ancient Jewish sub-fields. One of the author's goals is to challenge the current fragmentation of the fields of theology, biblical studies, ancient Judaism. This volume focuses on Jeremiah and his legacy.

**Lament in the Letter of**

**James Grant Flynn**,2025-08-14 In *Lament in the Letter* of James Grant Flynn presents the first book length study of lament in James After exploring the contours and development of Old Testament lament Flynn examines the lament material in James including a reference to an act of lament allusions to Old Testament laments and exhortations to lament The author then proposes that the choice to use Job as a model of perseverance implies that Job s lament shaped perseverance informs James s understanding of the virtue By rereading the epistle s opening call to consider trials as pure joy with this Joban perseverance in mind Flynn concludes that James envisions an ongoing cycle of lament and joy that reflects both the pain of human suffering and the hope of eschatological perfection

**Theology in Language, Rhetoric, and Beyond** Jack R Lundbom,2015-02-26 *Theology in Language Rhetoric and Beyond* places before a broad audience of students and general readers theological essays on both the Old and New Testaments Theology is seen to derive from a number of sources the biblical language biblical rhetoric and composition academic disciplines other than philosophy and above all a careful exegesis of the biblical text The essay on Psalm 23 makes use of anthropology and human development theory the essay on Deuteronomy incorporates Wisdom themes the essay called *Jeremiah and the Created Order* looks at ideas not only about God and creation but also about the seldom considered idea of God and a return to chaos and the essay on the *Confessions of Jeremiah* examines not the words that this extraordinary prophet was given by God to preach but what he himself felt and experienced in the office to which he was called One essay on Biblical and theological themes includes a translation into the African language of Lingala which weaves together the story of early Christianity with the more recent founding of churches in Africa and Asia Jack R Lundbom argues eloquently through these essays that theology is rooted in biblical words in themselves in rhetoric and their different contexts

**Dictionary of the Old Testament: Prophets** G MCCONVILLE,MARK J BODA,2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of

Parrott,2023-06-19 While the last four years has seen a renewed interest in dress in biblical studies much of this work focuses on dress as object what it is looks like and who wears it In consequence the symbolic and rhetorical function of dress in metaphors is often reduced to its function in real life In response this study bridges the conversation from what dress is to what dress is doing By focusing on dress as subject and a concept this study identifies constellations that hold prophetic metaphors of the investiture divestiture of dress together with respect to identity formation deformation suffering and destruction

*You Are My People* Louis Stulman, Dr Hyun Chul Paul Kim, 2011-12-01 Building on recent developments in biblical studies this book introduces the prophetic literature of the Old Testament against the background of

today's postmodern context and crisis of meaning Pulsating with anxiety over the empire Assyrian Babylonian and Persian the prophet corpus is a disturbing cultural expression of lament and chaos Danger disjunction and disaster bubble beneath the surface of virtually every prophetic text Sometimes in denial sometimes in despair and sometimes in defiance the readers of this literature find themselves living at the edge of time immediately before during or after the collapse of longstanding symbolic cultural and geo political structures These written prophecies not only reflect the social location of trauma but are also a complex response More specifically prophetic texts are thick meaning making maps tapestries of hope that help at risk communities survive

*What Is This Babbler Trying to Say?* Michael S. Moore, 2016-03-03 This book is a collection of revised and updated essays about the Hebrew Bible written by a North American scholar over a period of several decades Subdivided into three parts Torah Prophecy Apocalyptic and Wisdom these seventeen essays attempt to model for younger scholars and students what the discipline of biblical interpretation can look like attending carefully to literary historical canonical and comparative intertextual methods of investigation

*Israel's Past* Bob Becking, 2021-10-04 How should one write a history of Ancient Israel In the last few decades a lively discussion has taken place on the historiography of ancient Israel Minimalists such as Philip Davies Thomas Thompson and Niels Peter Lemche challenged the usefulness of the Hebrew Bible as a source for constructing Israel's past Maximalists like Baruch Halpern and William Dever argued instead that the data from the Hebrew Bible should be trusted until otherwise proven Others among whom we can name Hans Barstad Rainer Albertz and Lester Grabbe took a third road The essays in this volume follow that third road by applying insights from the field of philosophy of history A dozen case studies from David to the earliest Samaritans demonstrate how difficult it is to write a history of ancient Israel without falling in the abyss of an ideology in one direction or another The matrix designed by Manfred Weippert to look at the past through five windows landscape climate archaeology epigraphy and only at the end the Hebrew Bible turned out to be more helpful The conclusion of this research is that there are some stable pillars in the swamp of the past but it comes with the warning that the space between these pillars is large and cannot easily be filled

*The Responsive Self* Susan Niditch, 2015-01-01 Works created in the period from the Babylonian conquest of Judea through the takeover and rule of Judea and Samaria by imperial Persia reveal a profound interest in the religious responses of individuals and an intimate engagement with the nature of personal experience Using the rich and varied body of literature preserved in the Hebrew Bible Susan Niditch examines ways in which followers of Yahweh participating in long standing traditions are shown to privatize and personalize religion Their experiences remain relevant to many of the questions we still ask today Why do bad things happen to good people Does God hear me when I call out in trouble How do I define myself Do I have a personal relationship with a divine being How do I cope with chaos and make sense of my experience What roles do material objects and private practices play within my religious life These questions deeply engaged the ancient writers of the Bible and they continue to intrigue contemporary people who try to find meaning in life and to make sense of the world The

Responsive Self studies a variety of phenomena including the use of first person speech seemingly autobiographic forms and orientations the emphasis on individual responsibility for sin interest in the emotional dimensions of biblical characters and descriptions of self imposed ritual This set of interests lends itself to exciting approaches in the contemporary study of religion including the concept of lived religion and involves understanding and describing what people actually do and believe in cultures of religion
