Speaking in the Past Tense Herb Wylie, 2009-10-22 Speaking in the Past Tense participates in an expanding critical dialogue on the writing of historical fiction providing a series of reflections on the process from the perspective of those souls intrepid enough to step onto what is practically by definition contested territory Herb Wylie from the Introduction The extermination of the Beothuk the exploration of the Arctic the experiences of soldiers in the trenches during World War I the foibles of Canada s longest serving prime minister the Ojibway sniper who is credited with 378 wartime kills these are just some of the people and events discussed in these candid and wide ranging interviews with eleven authors whose novels are based on events in Canadian history These sometimes startling conversations take the reader behind the scenes of the novels and into the minds of their authors Through them we explore the writers motives for writing the challenges they faced in gathering information and presenting it in fictional form the sometimes hostile reaction they faced after publication and perhaps most interestingly

the stories that didn't make it into their novels *Speaking in the Past Tense* provides fascinating insights into the construction of national historical narratives and myths both those familiar to us and those that are still being written *Catching the Torch* Neta Gordon, 2014-03-25 *Catching the Torch* examines contemporary novels and plays written about Canada's participation in World War I Exploring such works as Jane Urquhart's *The Underpainter* and *The Stone Carvers* Jack Hodgins's *Broken Ground* Kevin Kerr's *Unity 1918* Stephen Massicotte's *Mary's Wedding* and Frances Itani's *Deafening* the book considers how writers have dealt with the compelling myth that the Canadian nation was born in the trenches of the Great War In contrast to British and European remembrances of WWI which tend to regard it as a cataclysmic destroyer of innocence or Australian myths that promote an ideal of outsize masculinity physical bravery and white superiority contemporary Canadian texts conjure up notions of distinctively Canadian values tolerance of ethnic difference the ability to do one's duty without complaint or arrogance and the inclination to show moral as well as physical courage Paradoxically Canadians are shown to decry the horrors of war while making use of its productive cultural effects Through a close analysis of the way sacrifice service and the commemoration of war are represented in these literary works *Catching the Torch* argues that iterations of a secure mythic notion of national identity one that is articulated via the representation of straightforward civic and military participation work to counter current anxieties about the stability of the nation state in particular anxieties about the failure of the ideal of a national character
