The Last Days In America:

The Last Days in America Bob Fraley, 1984 You will be challenged and motivated with the explanation of one of the greatest mysteries among Christians how the world's most powerful nation fits into Bible prophecy The surprising and prominent role America plays in end time events is revealed in this book **The Last Days of America: Preparing for Our Place in the Book of Revelation** Gregg F. Swift, 2014-10-14 Doesn't it seem that everywhere you turn you hear about events that seem to say the world is on fire and about to fall apart These are the last days prophesied in the books of Daniel Revelation and others Believers should know the times and seasons of bible prophecy to prepare to survive those biblical events A proper understanding of the chronology of the book of Revelation is where you must begin In *The Last Days of America Preparing for Our Place in the Book of Revelation* author Gregg Swift lays out the book of Revelation in a way that will effectively show the believer why it is time to make preparations for the coming bad times by explaining Why America is under the judgment of God The proper chronology of the book of Revelation How bad events like the seals trumpets and judgments will be A common sense understanding of the timeframe of the rapture When Satan and his angels are thrown down to the earth The timing of the Antichrist using the book of Revelation Why the year 2021 is important in biblical prophecy If you believe that we are in the biblical last days this book will put you on the right path by helping you understand exactly what you have to prepare for and how bad things will be Book jacket *The Last Days of the Schooner America* David Gendell, 2024-08-06 2025 BREWINGTON BOOK PRIZE WINNER The schooner America was a technological marvel and a child star In the summer of 1851 just weeks after her launching at New York she crossed the Atlantic and sailed to an upset victory against a fleet of champions The silver cup she won that day is still coveted by sportsmen Almost immediately after that famous victory she began a decades long run of adventure neglect rehabilitations and hard sailing always surrounded by colorful passionate personalities America ran and enforced wartime blockades She carried spies across the ocean And she was on the scene as yachtsmen and business titans spent freely and competed fiercely for the cup she first won By the early twentieth century she was in desperate need of a thorough refit The old thoroughbred floated in brackish water at the United States Naval Academy stripped of her sails and rotting in the sun Refitting America would be a massive project expensive and potentially distracting for a nation struggling to emerge from the Great Depression and preparing for a world war But the project had a powerful sponsor On a windy evening in December 1940 the eighty nine year old America was hauled groaning and complaining up a marine railway at Annapolis the first physical step in a rehabilitation rumored to have been set in motion by President Franklin Roosevelt himself The haul out brought the famous schooner into the heart of the Annapolis Yacht Yard a privately owned company with a staff capable of completing such a project but with leadership determined to convert their facility into a modern warship production plant on behalf of the United States and its allies *The Last Days of the Schooner America* traces the history of the famous vessel from her design build and early racing career through her lesser

known Civil War service and the never before told story of her final days and moments on the ground at Annapolis The schooner's story is set against a vivid picture of the entrepreneurial forces behind the fast focused rise of the Annapolis Yacht Yard as the United States prepares for and enters World War II As wooden warships are built around her America waits for a rehabilitation that would never happen To bring this unique story to life Annapolis sailor David Gendell delves into archival sources and oral histories and interviews some of the last living people who saw America at the Annapolis Yacht Yard

Hope in the Last Days Dave Williams, 2017 Understand how ancient biblical prophecies are coming to pass in our day how coming prophetic events will impact you and how there is hope for all followers of Christ Today there is a tremendous interest in Bible prophecy particularly because end time events prophesied long ago are coming to pass in an extraordinary manner Hope in the Last Days reveals based on prophecy fulfilled and yet to be fulfilled that very shortly the world will reel into its deepest hour of torment and agony Dave Williams encourages you with the truth of how coming events will affect you and your loved ones and what God has planned as a way of escape for followers of Jesus Christ **End-Times Prophecy and "The Last Days"** Kendall Brashears, 2024-08-19 End Times Prophecy and The Last Days invites people to explore end times biblical prophecy and to open Revelation the last book of the Bible These sources reveal God's will for individuals and his whole world Kendall Brashears distills over three decades of dedicated study and presents it with the skill of a seasoned educator His hard work has yielded an approachable guide to ancient and sometimes difficult texts featuring verse by verse explanations of key passages Through his prophetic research and years of teaching Brashears will explore the following Are we living in the last days as described by the Bible What end time events are we seeing in the world today Will the Rapture of believers precede the Tribulation and if so how will it occur and what will it look like Will we know who the Antichrist is before the Rapture and how will we recognize him If there is a seven year Tribulation on earth what will it be like and who will go through it The answers to these questions and many more are discussed thoroughly in this study If you have wondered what God has planned for his world if you ask yourself whether distressing events signal the coming end of human history or if you want to grow in your knowledge of the details contained in the Bible's prophetic and apocalyptic passages then End Times Prophecy and The Last Days will serve you well as a tool for deepening your understanding You will emerge from your experience with a breadth of knowledge that provides guidance both for recognizing the changes that are occurring in the world today and for clinging to the assurance of God's plan for care and comfort in uncertain times

Mapping the End Times Dr Jason Dittmer, Dr Tristan Sturm, 2012-11-28 Over the last quarter century evangelicalism has become an important social and political force in modern America Here new voices in the field are brought together with leading scholars such as William E Connolly Michael Barkun Simon Dalby and Paul Boyer to produce a timely examination of the spatial dimensions of the movement offering useful and compelling insights on the intersection between politics and religion This comprehensive study discusses evangelicalism in its different forms from the moderates to the would be

theocrats who in anticipation of the Rapture seek to impose their interpretations of the Bible upon American foreign policy The result is a unique appraisal of the movement and its geopolitical visions and the wider impact of these on America and the world at large *The Rapture 2028: America's Countdown to Apocalypse!* David Netherton, 2015-01-02 A Shocking Bible Discovery found in the Dead Sea Scrolls After forty years of research in the Biblical text this book came about while studying Biblical manuscripts in their original Greek I was given a project by my Greek professor to research the Dead Sea Scrolls This research changed my life my belief about time and the books of the Bible While researching the Dead Sea Scrolls I found two historical books that were in the Bible during Jesus time on this Earth So I ask this question Why did man remove these books The deeper I studied I discovered that our Bible should have seventy books instead of sixty six Six is the number of man and a number representing incompleteness Sixty six doubles its meaning and the number 666 needs no explanations Men do resist Gods will today 2 Peter 3:9 While researching the subject I encountered extreme opposition The books of the Bible should be divisible by seven So we are missing one New Testament book and three Old Testament books to make a seventy book Bible Have we been deceived by our religious leaders and science community Does all time truly consist in a 7007 year window This book is written from the complete seventy book Bible which was revealed in the Dead Sea Scrolls Do the scrolls reveal angels mating with the daughters of Adam Where did the giant human originate Have we all been lied to about Genesis 6 and the events during the days of Noah Are angels and demons masquerading as aliens and UFOs in a great end of time deception Will the dollar collapse by 2022 Will the U S be destroyed in one day by 2028 However when He the Spirit of truth has come He will guide you into all truth for He will not speak on His own authority but whatever He hears He will speak and He will tell you things to come John 16:13-14 **In and Out of This World** Stephen C. Finley, 2022-10-24 With *In and Out of This World* Stephen C. Finley examines the religious practices and discourses that have shaped the Nation of Islam NOI in America Drawing on the speeches and writing of figures such as Elijah Muhammad Malcolm X Warith Deen Mohammad and Louis Farrakhan Finley shows that the NOI and its leaders used multiple religious symbols rituals and mythologies meant to recast the meaning of the cosmos and create new transcendent and immanent black bodies whose meaning cannot be reduced to products of racism Whether examining how the myth of Yakub helped Elijah Muhammad explain the violence directed at black bodies how Malcolm X made black bodies in the NOI publicly visible or the ways Farrakhan's discourses on his experiences with the Mother Wheel UFO organize his interpretation of black bodies Finley demonstrates that the NOI intended to retrieve reclaim and reform black bodies in a context of antiblack violence [The End of America?](#) Jeff Kinley, 2017-08-01 Will God's Wrath Fall on America What happens when a country glories in its immorality turning away from faith in God and obedience to Him Jeff Kinley author of *As It Was in the Days of Noah* explores historical and biblical precedents for the demise of a nation and addresses pressing questions such as How did we get to this point Is America in Bible prophecy Will Christians face widespread persecution here What effect will the rapture have on

America How should I respond to the moral decline This forthright survey of current events and trends offers valuable perspective on the future of America along with powerful motivation to embrace the only source of lasting hope **The Late Great United States** Mark Hitchcock,2010-05-18 Will God Bless America Even in the End Times Every day brings more news of a world that seems to teeter on a disastrous precipice Wars of genocide Massive earthquakes and typhoons The rising cost of foreign oil Terrorist bombings Economic disasters and lost security Crushing federal debt Famine and worldwide hunger a tidal wave of illegal immigrants How many of these events and crises are signs of the end times And what will become of the United States Will America continue to slip as today's lone world superpower and will it even exist when the sounds of warfare rumble at the Battle of Armageddon Clearly explaining the end time prophecies of Scripture Mark Hitchcock shows that today's geopolitical situation corresponds remarkably to what the Bible predicted thousands of years ago Prophecies previously dismissed as unbelievable now read like news headlines Learn of America's final fate and the outcome of dire events at the end of the age as Mark Hitchcock teaches how to find the only lasting hope in a God who will not forsake us no matter what cataclysms we experience on earth **Popular Evangelicalism in American Culture**

Heidler,Jeanne T. Heidler,2007-01-30 In post Civil War America civilians were ordinarily far removed from the actual fighting War brought about tremendous and far reaching changes to America's society politics and economy nonetheless Readers are offered detailed glimpses into the lives of ordinary folk struggling with the privations shortages and anxieties brought on by U S entry into war They are also shown how they strove to turn changing times to their advantage especially civically and economically as minorities pressed for political inclusion and traders profited from government contracts and women took on well paying skilled jobs in large numbers for the first time Susan Badger Doyle's chapter on the Indian Wars in the American West shows how for whites the migration westward was the path to a land of opportunity for Native Americans migration it was a disastrous epoch that led to their near extermination Michael Neiberg's piece on World War I highlights how America's entry into the war on the Allied side was far from universally popular or supported because of large German and Irish immigrant communities and how this tepid support led to the creation of some of the harshest censorship and curtailment of civil rights in U S history Judy Litoff's chapter on the home front during World

War II focuses on the exceptional changes brought on by total mobilization for the war effort African Americans push for expanded civil rights to women entering the workforce in large numbers to the public's acceptance even expectation of centralized planning and government intervention in economic and social matters Jon Timothy Kelly's essay on the Cold War provides a look at how the country quickly returned to a state of readiness when the end of World War II ushered in the Cold War and the immanent threat of nuclear annihilation even as a booming economy brought undreamt of material prosperity to huge numbers of Americans Finally James Landers describes how American involvement in Vietnam the first televised war profoundly changed American attitudes about war even as this particular conflict touched few Americans but divided them like few previous events have
