The Last Trek-- a New Beginning Frederik Willem De Klerk, 1999 The Last Trek A New Beginning is a frank and revealing autobiography that reflects both the author and his role during a remarkable period in history On becoming State President of South Africa in 1989 F W de Klerk set about dismantling apartheid By releasing Nelson Mandela from prison in February 1990 he set in motion a chain of events which would lead to the first fully democratic elections in South Africa's history This is the long awaited inside story of the South African miracle by the man who sacrificed his own power to make it happen De Klerk relates numerous anecdotes personal behind the scenes observations and impressions of Mandela as well as other figures who have dominated recent South African history He also provides a fascinating insight into the workings of power and the mechanics of historic change

A Rainbow in the Night Dominique Lapierre, 2009-11-03 In 1652 a small group of Dutch farmers landed on the southernmost tip of Africa Sent by the powerful Dutch India Company their mission was simply to grow vegetables and supply ships rounding the cape The colonists however were convinced by their strict Calvinist faith that they were among God's Elect chosen to rule over the continent Their saga bloody ferocious and fervent would culminate three centuries later in one of the greatest tragedies of history the establishment of a racist regime in which a white minority would subjugate and victimize millions of blacks Called apartheid it was a poisonous system that would only end with the liberation from prison of one of the moral giants of our time Nelson Mandela *A Rainbow in the Night* is Dominique Lapierre's epic account of South Africa's tragic history and the heroic men and women famous and obscure white and black European and African who have with their blood and tears brought to life the country that is today known as the Rainbow Nation

Cyril Ramaphosa Ray Hartley, 2018 A political biography of one of the great survivors of African politics a major figure in the anti apartheid struggle and close ally of Nelson Mandela

The Palgrave Handbook of African Colonial and Postcolonial History Martin S. Shanguhya, Toyin Falola, 2018-01-28 This wide ranging volume presents the most complete appraisal of modern African history to date It assembles dozens of new and established scholars to tackle the questions and subjects that define the field ranging from the economy the two world wars nationalism decolonization and postcolonial politics to religion development sexuality and the African youth experience Contributors are drawn from numerous fields in African studies including art music literature

education and anthropology The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it Older themes in the field have been treated to an engaging re assessment while new and emerging themes are situated as the book s core strength The result is a comprehensive vital picture of where the field of modern African history stands today **The Crisis of South African Foreign Policy** Matthew Graham,2015-09-28 The emergence of a new democratic South Africa under Nelson Mandela was regarded as a high watermark for international ideals of human rights and democracy Much was expected of the ANC in power particularly that it would be able to translate its ideals into a coherent foreign policy for the African continent Yet its foreign policy since 1994 has been mired in accusations of incoherence contradiction and failure Here based on extensive archival research and interviews Matthew Graham offers new ways of interpreting South Africa s foreign policy by investigating the continuities and discontinuities of the ANC s international relations from exile to political power Charting the political intrigues during the country s transition from apartheid and the subsequent influences on Presidents Mandela and Mbeki **The Crisis of South African Foreign Policy** makes a vital contribution to our understanding of why post apartheid South Africa has failed to lead Africa on the world stage **Encyclopedia of the World's Minorities** Carl Skutsch,2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World s Minorities website **A Concise History of the Modern World W.** Woodruff,2016-01-22 By investigating the major changes of world history during the past five hundred years this book provides the necessary global perspective to understand the geopolitical and geoeconomic changes facing us today We have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations The need to take a world view which this book provides has become acute **Bring Me My Machine Gun** Alec Russell,2010-05-21 Award winning journalist Alec Russell was in South Africa to witness the fall of apartheid and the remarkable reconciliation of Nelson Mandela s rule and returned in 2007 2008 to see Mandela s successor Thabo Mbeki fritter away the country s reputation South Africa is now perched on a precipice as it prepares to elect Jacob Zuma as president signaling a potential slide back to the bad old days of post colonial African leadership and disaster for a country that was once the beacon of the continent Drawing on his long relationships with all the key senior figures including Mandela Mbeki Desmond Tutu and Zuma and a host of South Africans he has known over the years including former activists turned billionaires and reactionary Boers Alec Russell s **Bring Me My Machine Gun** is a beautifully told and expertly researched account of South Africa s great tragedy the tragedy of hope unfulfilled **Colour, Class and Community - The Natal Indian Congress, 1971-1994** Ashwin Desai,Goolam Vahed,2021-11 Positions the history and inner workings of the Natal Indian Congress NIC against the canvas of the major

political developments in South Africa during the 1970s and 1980s up to the first democratic elections in 1994 Following a hiatus in the 1960s the Natal Indian Congress NIC in South Africa was revived in 1971 In fascinating detail Ashwin Desai and Goolam Vahed bring the inner workings of the NIC to life against the canvas of major political developments in South Africa during the 1970s and 1980s and up to the first democratic elections in 1994 The NIC was relaunched during the rise of the Black Consciousness Movement which attracted a following among Indian university students and whose invocation of Indians as Black led to a major debate about ethnic organisations such as the NIC This debate persisted in the 1980s with the rise of the United Democratic Front and its commitment to non racialism The NIC was central to other major debates of the period most significantly the lines drawn between boycotting and participating in government created structures such as the Tri Cameral Parliament Despite threats of banning and incarceration the NIC kept attracting recruits who encouraged the development of community organisations such as students radicalised by the 1980s education boycotts and civic protests Colour Class and Community The Natal Indian Congress 1971 1994 details how some members of the NIC played dual roles as members of a legal organisation and as allies of the African National Congress underground armed struggle Drawing on varied sources including oral interviews newspaper reports and minutes of organisational meetings this in depth study tells a largely untold history challenging existing narratives around Indian cabalism and bringing the African and Indian political story into present debates about race class and nation

International Mediation in the South African Transition

Zwelethu Jolobe, 2019-04-09 This book challenges the conventional understanding of South Africa's transition to democracy as a home grown process through a comparative analysis of Commonwealth and United Nations mediation attempts Approaching power transition through the lens of South Africa Zwelethu Jolobe raises questions about how methods and types of mediation are understood and their appropriateness for certain stages of negotiation processes International Mediation in the South African Transition calls into question the generalisations about the determinants of success by international third parties in resolving internal conflicts It moves from the position that the success of a mediation effort depends on the examination of the time horizon of a conflict and on the contribution the mediation effort plays in improving the relationship between the belligerents The book argues that the international community particularly the Commonwealth and the United Nations played a profound and beneficial role in the political transition to end apartheid International Mediation in the South African Transition will be of interest to students and scholars of African politics conflict resolution international relations and global governance

Mandela Tom Lodge, 2007-07-26 Nelson Mandela the first African politician to acquire a world following remains in the 21st century an iconic figure But what are the sources of his almost mythic appeal And to what extent did Mandela self consciously create the status of political hero that he now enjoys This new and highly revealing biography examines these questions in detail for the first time Drawing on a range of original sources it presents a host of fresh insights about the shaping of Mandela's personality and public persona from his childhood days and

early activism through his long years of imprisonment to his presidency of the new South Africa Throughout Lodge emphasizes the crucial interplay between Mandela's public career and his personal or private world showing how his heroic status was a product both of his leading position within the anti apartheid movement and his own deliberate efforts to supply a form of quasi messianic leadership for that movement And as Lodge shows Mandela's huge international appeal is a compelling and unusual cocktail Of the sacred and the secular Of traditional African values and global media savvy And of human vulnerability interwoven with the grand narrative of liberation

The Afrikaner's Emancipation Barry Botha, 2008-11 President Mandela's stand in negotiations before during and after imprisonment was attainment of universal democratic rights for all citizens in South Africa His counterpart President F W de Klerk's condition was protection of minority rights a position he knew could not be sustained but he did persuade whites to support it until he in the end capitulated and they also The result was a peaceful transition to black majority rule but a great number of Afrikaners accepted the handing over of power without rejecting their apartheid ideology The Afrikaner's Apartheid Mindset was based on an attitude of superiority and a false belief that apartheid was scripturally justified Although most Christian churches rejected apartheid as sin the biggest Afrikaans Protestant Church the Dutch Reformed Church only did so in 1986 Many Afrikaner Christians still have not personally accepted this truth thus binding themselves to unfinished reconciliation Through reconciliation the Afrikaners need to make amends for a century of injustice against blacks whom they refused parliamentary representation On the other hand in the previous century of injustice before the Anglo Boer War 1899 British imperialism sought to end the Afrikaners independence Black economic empowerment a means of compensation or redress may eventually benefit all parties in the new era instead of being a cause of frustration and complaint

The Pitfalls of Liberal Democracy and Late Nationalism in South Africa M. Muiu, 2008-12-08 This book compares African and Afrikaner nationalisms to demonstrate that the transition from apartheid to liberal democracy in South Africa was a neo colonial settlement that left the economy and the military and security sectors under the control of the white minority while increasing wide socioeconomic disparities between rich and poor

Africa's Peacemakers Adekaye Adebajo, 2014-02-13 As Africa and its diaspora commemorate fifty years of post independence Pan Africanism this unique volume provides profound insight into the thirteen prominent individuals of African descent who have won the Nobel Peace Prize since 1950 From the first American president of African descent Barack Obama whose career was inspired by the civil rights and anti apartheid struggles promoted by fellow Nobel Peace laureates Martin Luther King Jr Nelson Mandela Desmond Tutu and Albert Luthuli to influential figures in peacemaking such as Ralph Bunche Anwar Sadat Kofi Annan and F W De Klerk as well as Ellen Johnson Sirleaf Leymah Gbowee Wangari Maathai and Mohamed El Baradei who have been variously involved in women's rights environmental protection and nuclear disarmament Africa's Peacemakers reveals how this remarkable collection of individuals have changed the world for better or worse

Ending Apartheid Jack Spence, David Welsh, 2014-06-06 The

release of Nelson Mandela from twenty seven years imprisonment in 1990 and the free elections which followed four years later were among the most dramatic events of the twentieth century David Welsh and J E Spence here examine the complex forces which lay behind that drama They chart the rise and decline of apartheid ideology in South Africa the internal insurrection and increased international isolation which characterised the 1980s and the political roller coaster ride of the period after 1990 as constitutional negotiations got underway Based on extensive interviews with those involved Ending Apartheid traces the negotiating process in penetrating detail noting the political skills of de Klerk and Mandela in keeping their potentially unruly constituencies in line and avoiding the major violence that many had predicted Reaching agreement on a democratic constitution was a major achievement that surprised many sceptical observers but the book ends on a more sombre note Reviewing the period subsequent to the transition it argues that while progress has been made the future of South Africa s democracy is still far from assured Written by two eminent scholars with decades of experience teaching in the field Ending Apartheid is an invaluable resource for all students of South African politics seeking a deeper understanding of a defining episode in recent history

The Cross of Nails Oliver Schuegraf, 2013-01-07 The story of The Community of the Cross of Nails born from the bombing of Coventry Cathedral in 1940 Today it works in 40 countries to build peace heal the wounds of history and enable people to grow together in hope This illustrated guide tells its remarkable story from the beginning reflecting on the meaning of reconciliation today
