The Concept Of The Political:

The Concept of the Political Carl Schmitt, 2024-05-31 Arguably Schmitt's most influential work recognized as one of the most important tracts of modern political thought Samuel Earle The New Statesman In this his most influential work legal theorist and political philosopher Carl Schmitt argues that liberalism's basis in individual rights cannot provide a reasonable justification for sacrificing oneself for the state a critique as cogent today as when it first appeared George Schwab's introduction to his translation of the 1932 German edition highlights Schmitt's intellectual journey through the turbulent period of German history leading to the Hitlerian one party state In addition to analysis by Leo Strauss and a foreword by Tracy B Strong placing Schmitt's work into contemporary context this expanded edition also includes a translation of Schmitt's 1929 lecture The Age of Neutralizations and Depoliticizations which the author himself added to the 1932 edition of the book An essential update on a modern classic The Concept of the Political Expanded Edition belongs on the bookshelf of anyone interested in political theory or philosophy Contains much of what is fundamental in Schmitt's understanding of the political nature of man and the state including his contentious definition of the political as the distinction between friend and enemy Its scholarship is unquestionable Joseph W Bendersky Canadian Journal of Political and Social Theory The best introduction to Schmitt's thought Mark Lilla New York Review of Books A foundational work Minor disagreements over terms fade in light of the superb job Schwab has done rendering Schmitt's long multi clausal German sentences into concise pellucid English Robert D Rachlin HNet [The Concept of the Political](#) Hans J.

Morgenthau, 2012-03-06 A growing interest in the oeuvre of Hans J Morgenthau and in re readings of classical realism increases the significance of his European pre emigration writings in order to understand the work of one of the founding figures of IR This book is the first English translation of Morgenthau's French monograph La notion du politique from 1933 translated by Maeva Vidal **Political Theology** Carl Schmitt, 2024-05-31 The distinctive theory of sovereignty from one of the most significant and controversial political theorists of the twentieth century Translated and with an introduction by George Schwab Foreword by Tracy B Strong Written in the intense political and intellectual tumult of the early years of the Weimar Republic Carl Schmitt argues in Political Theology that legal order ultimately rests upon the decisions of the sovereign Focusing on the relationships among political leadership the norms of the legal order and the state of political emergency he asserts that only the sovereign can meet the needs of an exceptional time and transcend legal order so that order can then be reestablished Convinced that the state is governed by the ever present possibility of conflict Schmitt theorizes that the state exists only to maintain its integrity in order to ensure order and stability Suggesting that all concepts of modern political thought are secularized theological concepts Schmitt concludes Political Theology with a critique of liberalism and its attempt to depoliticize political thought by avoiding fundamental political decisions **Politics and the Concept of the Political** James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it

for implicitly trying to conquer, displace or moralize politics James Wileys book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory *Politics and the Concept of the Political* will be a useful resource to general audiences as well as to specialists in political theory

Postcolonial Realism and the Concept of the Political Eli Park Sorensen, 2021-04-28 As the scholarly world attunes itself once again to the specifically political this book rethinks the political significance of literary realism within a postcolonial context Generally postcolonial studies has either ignored realism or criticized it as being naïve anachronistic deceptive or complicit with colonial discourse in other words incongruous with the postcolonial This book argues that postcolonial realism is intimately connected to the specifically political in the sense that realist form is premised on the idea of a collective reality Discussing a range of literary and theoretical works Dr Sorensen exemplifies that many postcolonial writers were often faced with the realities of an unstable state a divided community inhabiting a contested social space the challenges of constructing a notion of the people often out of a myriad of local communities with different traditions and languages brought together arbitrarily through colonization The book demonstrates that the political context of realism is the sphere or possibility of civil war divided societies and unstable communities Postcolonial realism is prompted by disturbing political circumstances and it gestures toward a commonly imagined world precisely because such a notion is under pressure or absent

The Political Discourse of Carl Schmitt Montserrat Herrero, 2015-08-06 Carl Schmitt is a key figure in modern political thought but discussion of his work often focuses upon specific elements or themes within his texts This book provides a wide ranging discussion of Carl Schmitts discourse and provides a new perspective on his contribution presenting the idea of Nomos of the Earth as the key idea that organizes his political and legal discourse This book creates a reverse genealogy of Schmitts theoretical system starting from his legal and political concept of nomos so as to reconstruct his understanding of order It connects the different topics the Carl Schmitt developed along his intellectual trajectory which have generally been approached in separate ways by scholars the legal theory the concept of the political the theory of international relations and political theology The text considers the whole of Carl Schmitts work including writings that have been previously unknown to the English speaking academy old journals with just three or four pages newspaper articles manuscripts of conferences and Festschriften It provides a balanced examination of the whole complex of Carl Schmitts political discourse

The Concept Of The Political Introduction

In today's digital age, the availability of The Concept Of The Political books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Concept Of The Political books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Concept Of The Political books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Concept Of The Political versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Concept Of The Political books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Concept Of The Political books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Concept Of The Political books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Concept Of The Political books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Concept Of The Political books and manuals for download and embark on your journey of knowledge?
