The Consumer's Guide to Effective Environmental Choices Michael Brower, Warren Leon, 2009-11-04. From one of the most prestigious nonprofit organizations devoted to environmental issues comes a clear practical and rational overview of the relationship between consumers and the environment. Paper or plastic. Bus or car. Old house or new. Cloth diapers or disposables. Some choices have a huge impact on the environment others are of

negligible importance To those of us who care about our quality of life and what is happening to the earth this is a vastly important issue In these pages the Union of Concerned Scientists help inform consumers about everyday decisions that significantly affect the environment For example a few major decisions such as the choice of a house or vehicle have such a disproportionately large affect on the environment that minor environmental infractions shrink by comparison This book identifies the 4 Most Significant Consumer Related Environmental Problems the 7 Most Damaging Spending Categories 11 Priority Actions and 7 Rules for Responsible Consumption Learn what you can do to have a truly significant impact on our world from the people who are at the forefront of scientific research

The Images of the Consumer in EU Law Dorota Leczykiewicz, Stephen Weatherill, 2016-01-28 This book consists of contributions exploring from different perspectives the images of the consumer in EU law The images of the consumer form the foundation for various EU policies more or less directly oriented towards the goal of consumer protection The purpose of the volume is to establish what visions of the consumer there are in different contexts of EU law whether they are consistent and whether EU law's engagement with consumer related considerations is sincere or merely instrumental to the achievement of other goals The chapters discuss how consumers should be protected in EU contract competition free movement and trade mark law They reflect on the limits of the consumer empowerment rationale as the basis for EU consumer policy The chapters look also at the variety of concerns consumers might have including the cost of goods and services access to credit ethical questions of consumption the challenges of excessive choice and the possibility to influence the content of regulatory measures and explore the significance of these issues for the EU's legislative and judicial process

The Consumer Citizen Ethan Porter, 2020-11-06 Citizens are asked to buy and asked to consider to buy goods of all sizes and all prices nearly all of the time Appeals to political decision making are less common In *The Consumer Citizen* Ethan Porter investigates how the techniques of everyday consumer experiences can shape political behavior Drawing on more than a dozen original studies he shows that the casual conflation of consumer and political decisions has profound implications for how Americans think about politics Indeed Porter explains that consumer habits can affect citizens attitudes about their government their taxes their politicians and even whether they purchase government sponsored health insurance The consumer citizen approaches government as if it were just an ordinary firm Of course government is not an ordinary firm far from it and the disjunction between what government is and the consumer apparatus that citizens bring to bear on their evaluations of it offers insight into several

long unanswered questions in political behavior and public opinion How do many Americans make sense of the political world The Consumer Citizen offers a novel answer By relying on the habits and tools that they learn as consumers The Consumer Action Handbook ,2001 **The Consumer Protection Act, 1986** ,1989 *Consumer's Cooperation* ,1929

EU Competition Law, the Consumer Interest and Data Protection Federico Ferretti,2014-07-24 The legitimacy or illegitimacy of information exchanges between competitors remains a topical debate with regard to EU competition law and policy This book reexamines the issue in the retail financial services sector focusing on the peculiar problems that it poses for EU market integration consumer policy and protection and the intersection with fundamental rights It analyzes and reflects on the relevant case law and guidelines offered by the corresponding European authorities providing a critique of the current approach and advancing the proposition that information markets themselves need attention in addition to the markets that they serve The book also advances new perspectives on cases in which consumers personal information is involved in the exchange recognizing the inevitable interaction between EU competition law the interests and protection of consumers and personal data protection It suggests that the status quo under competition law is unsatisfactorily short sighted and that the EU should take a holistic approach including information markets to the analysis of competition law reflecting consumer protection and fundamental rights aspects in the assessment *Door-to-door Sales Regulation, Hearings Before the*
