The Day I Wasnt There A Novel:

Write Your Novel One Day at a Time J. W. Judge, 2022-11-01 You've always had the ideas for your novel. Now you can do the work of writing it. *Write Your Novel One Day at a Time* will help develop the processes to do the creative work of writing your novel. I will show you the power of consistency by giving you a look at my daily word counts and journal entries through the six-month endeavor of writing my third novel while working my day job as a commercial litigator and raising a young family. My writing has been twenty-five years in the making and now includes four non-fiction books and three novels. All these books have been written in small chunks, a few hundred words at a time, because small increments are the only ones I have. Through this book, I will show you how showing up daily to do your creative work will help you deliver the book you want to write. But I'm not the only one who has had to juggle writing, family, and a career. In *Write Your Novel One Day at a Time*, I interview five successful writers who began writing their novels during their professional careers. Through these interviews and my own experiences, I will help you develop a blueprint for how you can get your creative work done. I am not a guru who has all the answers; I am a writer who is figuring things out as I go. So as I learn on the fly, I want to help flatten the learning curve and provide some encouragement for those of you who also aspire to write novels and get your words and your work into the world.

The Book of Dragon Steven Brust, 2014-07-22 The first seven of Steven Brust's Vlad Taltos fantasy novels have long been in print from Ace Books in a set of three trade paperback omnibuses. Now Tor, publisher of the series from book eight on, continues the series of omnibuses with *The Book of Dragon*, which includes *Dragon* and *Issola*. In *Dragon*, Vlad finds himself in the last place any self-respecting assassin wants to be: the army. Worse, he's in the middle of an apocalyptic battle between two sorcerous armies, and everyone expects him to perform a role that they won't explain. Vlad may kill people for a living, but this is ridiculous. All he's got to rely on are his wits and a smart-mouthed winged lizard. In *Issola*, Vlad's aristocratic friends Morrolan and Alieria have disappeared, and according to the eldritch but affable Sethra Lavode, they may be in the hands of the Jenoine, the mysterious beings who made the world of the Dragaera Empire and its surroundings, and who may have come from somewhere else. Oh well, what's life without the occasional cosmic battle with beings who control time and space? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Our Story Vivian L. Beeler, 2012-05-07 *Our Story* 90 years. Looking Back. The world has changed so much in 90 years that I wanted to write about how they affected our lives. To let you know that we were real people that had the same emotions and feelings that you have, I've included a little genealogy, a little history, and how the things you read about in your history books affected us. Also, how the world has changed socially and morally, and not always for the best. Of course, this is your 90-year-old Great Grandmas story and ideas.
