# The Death And Rebirth Of The Seneca

**Alfred A. Cave**

## **The Death And Rebirth Of The Seneca:**

*Death and Rebirth of Seneca* Anthony Wallace, 2010-09-01 This book tells the story of the late colonial and early reservation history of the Seneca Indians and of the prophet Handsome Lake his visions and the moral and religious revitalization of an American Indian society that he and his followers achieved in the years around 1800 **The Death and Rebirth of the Seneca** Anthony F. C. Wallace, Sheila C. Steen, 1969 *The Death and Rebirth of the Seneca* Anthony F. C. Wallace, Sheila C. Steen, 1973 The Making of Anthropology Jacob Pandian, Susan Parman, 2004 This book offers an interpretation of anthropology as a discourse that contrasts the western self and the non western other and shows that the organizing principle of this discourse was the Judeo Christian episteme of the Other in Us that the Christian Church Fathers developed to define why the pagan others were endowed with negative ungodly attributes of humanity It is pointed out that the anthropological application of this episteme to represent and explain the colonized non western others resulted in the emergence of eurocentric hierarchical models of humanity and that although these models of humanity were largely replaced by pluralistic models in the late 20 century anthropology has continued to be linked with the episteme of the other in us Dust jacket **The Death and Rebirth of the Seneca, Iroquois Nation** Anthony F. C. Wallace, 1970 **The Iroquois and the Athenians** Brian Seitz, Thomas Thorp, 2013-08-22 Political communities are constituted through the representation of their own origin The Iroquois and the Athenians is a philosophical exploration of the material traces left by that constitutional act in the political practices of the classical Iroquois and Athenians Tempering Kant with Nietzsche this work offers an account of political action that locates the roots of justice in its radical impossibility an aporia in place of a foundation Instead of mythical references to a state of nature or an act of the founding fathers the Iroquois and the Athenians recognized that political legitimacy can never be established in principle but must be continually enacted repeated a repetition that stimulates the withdrawal of natural foundations and holds open the site of any possible democracy For philosophers and political theorists this is a unique hybrid deployment of Kant the transcendental move and Nietzsche the use of history offering a new view of the origins of Democracy Scholars in Native American Studies will find much of value in its unprecedented use of traditional Iroquois political discourse and practice as a resource for mainstream political philosophy Finally scholars of ancient Greece and Classics will appreciate its novel presentation of ancient Greek political discourse and political practice The Death and Rebirth of the Seneca Anthony F. C. Wallace, 1970 **Spellbound** Elizabeth Reis, 1998 *Spellbound Women and Witchcraft in America* is a collection of twelve articles that revisit crucial events in the history of witchcraft and spiritual feminism in this country Beginning with the witches of colonial America *Spellbound* extends its focus through the nineteenth century to explore women s involvement with alternative spiritualities and culminates with examinations of the contemporary feminist neopagan and Goddess movements A valuable source for those interested in women s history women s studies and religious history *Spellbound* is also a crucial addition to the bookshelf of

anyone tracing the evolution of spiritualism in America      **Planning the Unthinkable** Peter René Lavoy, Scott Douglas Sagan, James J. Wirtz, 2000 The proliferation of chemical biological and nuclear weapons is now the single most serious security concern for governments around the world This text compares how organisations shape the way leaders intend to employ these armaments      **Cultivating a Landscape of Peace** Matthew Dennis, 2018-10-18 This book examines the peculiar new worlds of the Five Nations of the Iroquois the Dutch and the French who shared cultural frontiers in seventeenth century America Viewing early America from the different perspectives of the diverse peoples who coexisted uneasily during the colonial encounter between Europeans and Indians he explains a long standing paradox the apparent belligerence of the Five Nations a people who saw themselves as promoters of universal peace In a radically new interpretation of the Iroquois Dennis argues that the Five Nations sought to incorporate their new European neighbors as kinspeople into their Longhouse the physical symbolic embodiment of Iroquois domesticity and peace He offers a close original reading of the fundamental political myth of the Five Nations the Deganawidah Epic and situates it historically and ideologically in Iroquois life Detailing the particular nature of Iroquois peace he describes the Five Nations diligent efforts to establish peace on their own terms and the frustrations and hostilities that stemmed from the fundamental contrast between Iroquois and European goals expectations and perceptions of human relationships      **Prophets of the Great Spirit** Alfred A. Cave, 2006-01-01 Prophets of the Great Spirit offers an in depth look at the work of a diverse group of Native American visionaries who forged new syncretic religious movements that provided their peoples with the ideological means to resist white domination By blending ideas borrowed from Christianity with traditional beliefs they transformed high gods or a distant and aloof creator into a powerful activist deity that came to be called the Great Spirit These revitalization leaders sought to regain the favor of the Great Spirit through reforms within their societies and the inauguration of new ritual practices Among the prophets included in this study are the Delaware Neolin the Shawnee Tenkwatawa the Creek Red Stick prophets the Seneca Handsome Lake and the Kickapoo Kenekuk Covering more than a century from the early 1700s through the Kickapoo Indian removal of the Jacksonian Era the prophets of the Great Spirit sometimes preached armed resistance but more often used nonviolent strategies to resist white cultural domination Some prophets rejected virtually all aspects of Euro American culture Others sought to assure the survival of their culture through selective adaptation Alfred A Cave explains the conditions giving rise to the millenarian movements in detail and skillfully illuminates the key histories personalities and legacies of the movement Weaving an array of sources into a compelling narrative he captures the diversity of these prophets and their commitment to the common goal of Native American survival      From the Fallen Tree Thomas Hallock, 2004-07-21 Anglo American writers in the revolutionary era used pastoral images to place themselves as native to the continent argues Thomas Hallock in From the Fallen Tree Beginning in the mid eighteenth century as territorial expansion got under way in earnest and ending with the era of Indian dispossession the author demonstrates how authors explored the idea of wilderness

and political identities in fully populated frontiers Hallock provides an alternative to the myth of a vacant wilderness found in later writings Emphasizing shared cultures and conflict in the border regions he reconstructs the milieu of Hector St John de Crevecoeur Thomas Jefferson Meriwether Lewis and William Clark William Bartram and James Fenimore Cooper as well as lesser known figures such as Lewis Evans Jane Colden Anne Grant and Elias Boudinot State papers treaty documents maps and journals provide a rich backdrop against which Hallock reinterprets the origins of a pastoral tradition Combining the new western history ecological criticism and native American studies Hallock uncovers the human stories embedded in descriptions of the land His historicized readings offer an alternative to long accepted myths about the vanishing backcountry the march of civilization and a pristine wilderness The American pastoral he argues grew from the anxiety of independent citizens who became colonizers themselves *The ^AIndian World of George Washington* Colin G.

Calloway,2018-03-09 The Indian World of George Washington offers a fresh portrait of the most revered American and the Native Americans whose story has been only partially told **We Survived the End of the World** Steven

Charleston,2023-09-19 From the moment European settlers reached these shores the American apocalypse began But Native Americans did not vanish Apocalypse did not fully destroy them and it doesn't have to destroy us Pandemics and war social turmoil and corrupt governments natural disasters and environmental collapse it's hard not to watch the signs of the times and feel afraid But we can journey through that fear to find hope With the warnings of a prophet and the lively voice of a storyteller Choctaw elder and author of *Ladder to the Light* Steven Charleston speaks to all who sense apocalyptic dread rising around and within You'd be hard pressed to find an apocalypse more total than the one Native America has confronted for more than four hundred years Yet Charleston's ancestors are a case study in the liberating and hopeful survival of a spiritual community How did Indigenous communities achieve the miracle of their own survival and live to tell the tale What strategies did America's Indigenous people rely on that may help us to endure an apocalypse or perhaps even prevent one from happening Charleston points to four Indigenous prophets who helped their people learn strategies for surviving catastrophe Ganiodaiio of the Seneca Tenskwatawa of the Shawnee Smohalla of the Wanapams and Wovoka of the Paiute Through gestures such as turning the culture upside down finding a fixed place on which to stand listening to what the earth is saying and dancing a ghostly vision into being these prophets helped their people survive Charleston looks too at the Hopi people of the American Southwest whose sacred stories tell them they were created for a purpose These ancestors' words reach across centuries to help us live through apocalypse today with courage and dignity **The Evangelical Tradition in**

**America** Leonard Sweet, Leonard I. Sweet, 1997 The essays collected in *The Evangelical Tradition in America* range over a vast plain of historical inquiry Yet they are linked by a common purpose and vision of the exploration through ever widening avenues of research into one of the most important movements in American culture and the uncovering of forgotten ill conceived or half perceived features of the Evangelical tradition This volume opens up new territory recharts the old and

challenges and corrects several gaps in the historical topography of American Evangelicalism Emerging from the Charles G Finney Historical Conference at Colgate Rochester Divinity School Bexley Hall Crozer Theological Seminary in October 1981 these essays offer exciting interdisciplinary insights into the role of Evangelical religion in American society As major contributions to scholarship in American religion these investigations forge beyond the borders of Evangelicalism s role in issues now being explored by many American historians on the South blacks women urban centers millennialism and organizational structures They also provide directions from which to view Evangelicalism s impact on American history from the perspective of Southern popular religion the psychological aspects of black evangelicalism the stream of intellectual history and the Enlightenment and evangelical roots of millenarian ideology      **What Is America?** Ronald Wright,2008-09-02 Following his international bestseller *A Short History of Progress* Wright provokes once again as he explores the oldest American myth the endless frontier      *Prologue* ,1975      **The Iroquois in the War of 1812** Carl Benn,1998-01-01 Describes how the Six Nations got involved in the War of 1812 the role they played in the defense of Canada and the war s effects on their society      **The Papers of Thomas Jefferson, Volume 39** Thomas Jefferson,2018-06-05 This volume opens on 13 November 1802 when Jefferson is in Washington and closes on 3 March 1803 the final day of his second year as president The central issue of these months is the closing of the right of deposit at New Orleans an act that threatens the economic wellbeing of Westerners Jefferson asks his old friend Pierre Samuel du Pont de Nemours to remind the French government of the strong friendship between the two nations To disarm the political opposition the president sends James Monroe who is respected by the Federalists to Europe as a special envoy to work with Robert Livingston in negotiating the dispute with France Jefferson proposes a bargain that will result in the acquisition of the Louisiana Territory In a confidential message to Congress Jefferson seeks 2 500 to send a small party of men to explore the Missouri River Congress concurs and Jefferson s secretary Meriwether Lewis will lead the expedition Settling the boundaries with Native American lands is a major theme of the volume In reality settling results in major cessions of Indian lands to the American government During the months of this volume Jefferson never leaves the capital even for a brief sojourn at Monticello He does however enjoy a visit of six weeks from his daughters and two of his grandchildren They participate in Washington society capture the affection of Margaret Bayard Smith and brighten Jefferson s days      *Native America in the Twentieth Century* Mary B. Davis,2014-05-01 First Published in 1996 Articles on present day tribal groups comprise more than half of the coverage ranging from essays on the Navajo Lakota Cherokee and other large tribes to shorter entries on such lesser known groups as the Hoh Paugusett and Tunica Biloxi Also 25 includes maps
