C. Juhasz, 2003-12-16 **The Knock** Peter Taylor, 2014-02-20 SMALL time journalists with big time ambitions weave a trail of distress mayhem double standards dirty tricks and binge drinking through the community they serve The Knock is a work of fiction set in the north of England extrapolated from the realities of the work of front line regional newspaper news reporters and the sort of situations they

face on a daily basis and the sort of people they are and can become when dealing with these situations *Journalism and the Coronavirus Pandemic* Thorsten Quandt, Karin Wahl-Jorgensen, 2025-02-13 This book explores how the Covid 19 pandemic triggered profound changes in the practice and consumption of digital journalism Featuring original research from around the globe the volume examines key challenges of covering the pandemic from Zimbabwe to China and the UK The research shows that the pandemic amplified threats to press freedom At the same time it took an emotional toll on journalists who worried about their exposure to Covid 19 and dealt with challenges associated with a growing reliance on digital tools as well as difficulties accessing sources and hostile reactions from audiences Charting the consequences of an increasingly complex media ecosystem the volume addresses the rise of distrust in mainstream media the influence of alternative news outlets and the surge of misinformation and conspiracy theories The volume also examines the polarized reactions of audiences and the complex relationship between public trust government actions and journalistic organisations Despite the challenges there are signs of increased audience engagement with news pointing to a potential positive shift in journalism's societal role This volume is essential reading for scholars and students in media and journalism studies seeking a comprehensive understanding of how the pandemic reshaped digital journalism The chapters in this book were originally published as a special issue of Digital Journalism
