

THE DECISION OF FAITH

Can Christian Beliefs Be Freely Chosen?

Kevin Kinghorn

The Decision Of Faith Can Christian Beliefs Be Freely Chosen

**George Thomas Kurian, Mark A.
Lamport**

The Decision Of Faith Can Christian Beliefs Be Freely Chosen:

The Decision of Faith Kevin Kinghorn, 2005-12-01 Kevin Kinghorn uses experimental studies within the psychological literature on self deception to make sense of the Christian idea of spiritual blindness and argues that whether or not a person wilfully contributes to self deception will hinge on decisiveness. The Hiddenness Argument J. L. Schellenberg, 2015-07-02 In many places and times and for many people God's existence has been rather less than a clear fact According to the hiddenness argument this is actually a reason to suppose that it is not a fact at all The hiddenness argument is a new argument for atheism that has come to prominence in philosophy over the past two decades J L Schellenberg first developed the argument in 1993 and this book offers a short and vigorous statement of its central claims and ideas Logically sharp but so clear that anyone can understand the book addresses little discussed issues such as why it took so long for hiddenness reasoning to emerge in philosophy and how the hiddenness problem is distinct from the problem of evil It concludes with the fascinating thought that retiring the last of the personal gods might leave us nearer the beginning of religion than the end Though an atheist Schellenberg writes sensitively and with a nuanced insider's grasp of the religious life Pertinent aspects of his experience as a believer and as a nonbeliever and of his own engagement with hiddenness issues are included Set in this personal context and against an authoritative background on relevant logical conceptual and historical matters The Hiddenness Argument's careful but provocative reasoning makes crystal clear just what this new argument is and why it matters

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women's education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church's founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as

researchers and students of contemporary Christianity and modern religious education **The ^ATestimony of the Spirit**
R. Douglas Geivett, Paul K. Moser, 2017-04-03 The theme of the testimony of the Spirit of God has received inadequate attention in recent publications This book corrects that inadequacy with new essays from an interdisciplinary perspective including theology Biblical studies philosophy of religion ethics psychology aesthetics and apologetics **The Continuing Relevance of Wesleyan Theology** Nathan Crawford, 2011-06-01 What does the Wesleyan message have to say to the greater theological world This is a question that Laurence Wood has taken up as his concern throughout his career In order to honor his work this collection takes up this question through a series of essays designed to show how Wesleyan Theology while distinctive has a continued relevance to the wider world of theological scholarship This collection does this in two ways First by showing how the Wesleyan distinctives have been present throughout the history of theology And secondly the collection brings the Wesleyan distinctives into conversation with various contemporary theological conversations ranging from theological hermeneutics and the science religion dialogue to the practice of preaching and spirituality The result is a volume that puts Wesleyan theology into continued dialogue with the broader theological world showing its vitality and importance for the contemporary situation A New Theist Response to the New Atheists Kevin Vallier, Joshua Rasmussen, 2019-11-11 In response to the intellectual movement of New Atheism this volume articulates a New Theist response that has at its core a desire to engage in productive and depolarizing dialogue To ensure this book is of interest to atheists and theists alike a team of experts in the field of philosophy of religion offer an assessment of the strongest New Atheist arguments The chapters address the most pertinent questions about God including politics and morality and each essay shows how a reflective theist might deal with points raised by the New Atheists This volume is a serious academic engagement with the questions asked by New Atheism As such it will be of significant interest to scholars working in the philosophy of religion and theology as well as those engaged in religious studies generally *A Framework for the Good* Kevin Kinghorn, 2016-04-15 This book provides an ethical framework for understanding the good and how we can experience it in increasing measure In Part 1 Kevin Kinghorn offers a formal analysis of the meaning of the term good the nature of goodness and why we are motivated to pursue it Setting this analysis within a larger ethical framework Kinghorn proposes a way of understanding where noninstrumental value lies the source of normativity and the relationship between the good and the right Kinghorn defends a welfarist conception of the good along with the view that mental states alone directly affect a person's well being He endorses a Humean account of motivation in which desires alone motivate us not moral beliefs to explain the source of the normative pressure we feel to do the good and the right Turning to the place of objectivity within ethics he concludes that the concept of objective wrongness is a misguided one although a robust account of objective goodness is still possible In Part 2 Kinghorn shifts to a substantive Christian account of what the good life consists in as well as how we can achieve it Hume's emphasis of desire over reason is not challenged but rather endorsed as a way of

understanding both the human capacity for choice and the means by which God prompts us to pursue relationships of benevolence in which our ultimate flourishing consists But What About God's Wrath? Kevin Kinghorn, 2019-11-19 How can a loving God also be a God of wrath Using a philosophically informed line of argument and a careful study of the relevant biblical texts Kinghorn and Travis show how these two aspects of God's character can be reconciled Instead of assuming that God's just response to people is incompatible with a loving response the authors instead view God's love as a strictly essential divine attribute with justice as a derivative of love **What Can Be Known About God Is Plain** Tyler Taber, 2024-12-16 Why is God's existence not more obvious Why does he seem hidden This is commonly known as the Problem of Divine Hiddenness In *What Can Be Known about God Is Plain* Tyler Taber seeks to elucidate these questions from a Christian perspective Drawing from the work of noted Christian philosopher Alvin Plantinga Taber addresses the Problem of Divine Hiddenness with theological acumen as well as with resources from the Reformed tradition Taber argues that the problem has an answer when these questions are analyzed in conjunction with Plantinga's epistemology and alongside certain Reformed doctrines for instance the doctrines of general revelation sin's noetic effects the internal witness of the Holy Spirit and so forth Religious Ethics and Constructivism Kevin Jung, 2018-04-17 In metaethics there is a divide between those who believe that there exist moral facts independently of human interests and attitudes i.e. moral realists and those who don't i.e. antirealists In the last half century the field of religious ethics has been inundated with various antirealist schools of moral thought Though there is a wide spectrum of different positions within antirealism a majority of antirealist religious ethicists tend to see moral belief as an historically dependent social construction This has created an environment where doing religious ethics in any metaphysically substantial sense is often seen not only as out of fashion but also as philosophically implausible However there is a lack of clarity as to what antirealists exactly mean by construction and what arguments they would use to support their views *Religious Ethics and Constructivism* brings together a diverse group of scholars who represent different philosophical and theological outlooks to discuss the merits of constructivism vis vis religious ethics The essays explore four different kinds of constructivism in metaethics social or Hegelian constructivism Kantian constructivism Humean constructivism and theological constructivism The overall aim of these essays is to foster dialogue between religious ethicists and moral philosophers and to open the field religious ethics to the insights that can be provided by contemporary metaethics **Basketball and Philosophy** Jerry L. Walls, Gregory Bassham, 2007-03-09 What can the film *Hoosiers* teach us about the meaning of life How can ancient Eastern wisdom traditions such as Taoism and Zen Buddhism improve our jump shots What can the Zen Master Phil Jackson and the Big Aristotle Shaquille O'Neal teach us about sustained excellence and success Is women's basketball better basketball How ethically should one deal with a strategic cheater in pickup basketball With NBA and NCAA team rosters constantly changing what does it mean to play for the same team What can coaching legends Dean Smith Rick Pitino Pat Summitt and Mike Krzyzewski teach us about

character achievement and competition What makes basketball such a beautiful game to watch and play Basketball is now the most popular team sport in the United States each year more than 50 million Americans attend college and pro basketball games When Dr James Naismith the inventor of basketball first nailed two peach baskets at the opposite ends of a Springfield Massachusetts gym in 1891 he had little idea of how thoroughly the game would shape American and international culture Hoops superstars such as Michael Jordan LeBron James and Yao Ming are now instantly recognized celebrities all across the planet So what can a group of philosophers add to the understanding of basketball It is a relatively simple game but as Kant and Dennis Rodman liked to say appearances can be deceiving Coach Phil Jackson actively uses philosophy to improve player performance and to motivate and inspire his team and his fellow coaches both on and off the court Jackson has integrated philosophy into his coaching and his personal life so thoroughly that it is often difficult to distinguish his role as a basketball coach from his role as a philosophical guide and mentor to his players In Basketball and Philosophy a Dream Team of twenty six basketball fans most of whom also happen to be philosophers proves that basketball is the thinking person's sport They look at what happens when the Tao meets the hardwood as they explore the teamwork patience selflessness and balanced and harmonious action that make up the art of playing basketball

Tennis and Philosophy David Baggett, 2021-05-11 Tennis smashed onto the worldwide athletic scene soon after its modern rules and equipment were introduced in nineteenth century England Exciting competitive and uniquely accessible to people of all ages and talent levels tennis continues to enjoy popularity both as a recreational activity and a spectator sport Life imitates sport in Tennis and Philosophy Editor David Baggett approaches tennis not only as a game but also as a surprisingly rich resource for philosophical analysis He assembles a team of champion scholars including David Foster Wallace Robert R Clewis David Detmer Mark Huston Tommy Valentini Neil Delaney and Kevin Kinghorn to consider numerous philosophical issues within the sport Profiles of tennis greats such as John McEnroe Roger Federer the Williams sisters and Arthur Ashe are paired with pertinent topics from the ethics of rage to the role of rivalry Whether entertaining metaphysical arguments or examining the nature of beauty these essays promise insightful discussion of one of the world's most popular sports

Journal of Biblical and Theological Studies, Issue 6.1 Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2022-03-29 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological

disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics

The God Beyond Belief Nick Trakakis,2006-11-03 This study of Professor William Rowe s defense of atheism on the basis of evil assesses the literature that has developed in response to Rowe s work closely examining two strategies mystery the idea that God may have reasons beyond our comprehension for permitting evil and theodicy explanations as to why God allows evil to flourish The book unearths difficulties in both concluding that the God of theism must be beyond belief

American Philosophy: An Encyclopedia John Lachs,2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity

Divine Faith John R.T. Lamont,2017-03-02 Using philosophical and theological reflection this book explores the rational grounding for Christian faith inquiring into the basis for believing the Christian revelation and using the answers to give an account of Christian faith itself Setting the discussion in the context of the history of views on revelation Divine Faith makes an original contribution to historiography and draws out hitherto unnoticed affinities between Catholic and Protestant thought Re examining the question from the beginning by asking how it is that the Christian revelation is made Lamont then looks at the fundamental philosophical issues concerning the nature of knowledge and the reasonableness of belief in testimony that are crucial to an understanding of Christian belief Through theological considerations on the relations of grace and the church and new advances in the philosophy of belief in testimony and how God speaks to communicate the Christian religion this book offers an original and powerful account of the nature of Christian belief

God, Faith and the New Millennium Keith Ward,2014-10-01 Does being a Christian in the modern scientific age require intellectual suicide What future for Christianity in the Third Millennium In *God Faith and the New Millennium* Keith Ward has produced a powerful and upbeat study of Christian belief that tackles questions such as these head on In what he describes as a summary of his life s work on Christianity religion and science Ward s new and positive interpretation presents a Christian faith in harmony with the scientific worldview while remaining true to its traditions This is a cutting edge study

that will provoke and inspire every Christian and anyone interested in the debate on the role of faith in the modern world Through his examination of key issues such as Creation evolution and the divine purpose Ward demonstrates that there is a natural fit between the scientific worldview and mainstream Christian beliefs Christian faith gives insight into the meaning and purpose of the universe the physical structure of which modern science has marvellously discovered Politics of Religious Freedom Winnifred Fallers,Elizabeth Shakman Hurd,Saba Mahmood,Peter G. Danchin,2015-07-22 In a remarkably short period of time the realization of religious freedom has achieved broad consensus as an indispensable condition for peace Faced with widespread reports of religious persecution public and private actors around the world have responded with laws and policies designed to promote freedom of religion But what precisely is being promoted What are the cultural and epistemological assumptions underlying this response and what forms of politics are enabled in the process The fruits of the three year Politics of Religious Freedom research project the contributions to this volume unsettle the assumption ubiquitous in policy circles that religious freedom is a singular achievement an easily understood state of affairs and that the problem lies in its incomplete accomplishment Taking a global perspective the more than two dozen contributors delineate the different conceptions of religious freedom predominant in the world today as well as their histories and social and political contexts Together the contributions make clear that the reasons for persecution are more varied and complex than is widely acknowledged and that the indiscriminate promotion of a single legal and cultural tool meant to address conflict across a wide variety of cultures can have the perverse effect of exacerbating the problems that plague the communities cited as falling short **The British National Bibliography** Arthur James Wells,2006 **Crisis, Controversy and the Future of Religious Education** L. Philip Barnes,2019-12-05 Crisis Controversy and the Future of Religious Education sets out to provide a much needed critical examination of recent writings that consider and respond to the crisis in religious education and more widely to a crisis in non confessional forms of religious education wherever practised The book is critical wide ranging and provocative giving attention to a range of responses some limited to the particular situation of religious education in England and some of wider application for example that of the role and significance of human rights and that of the relevance of religious studies and theology to religious education It engages with a variety of positions and with recent influential reports that make recommendations on the future direction of religious education Constructively it defends both confessional and non confessional religious education and endorses the existing right of parental withdrawal Controversially it concludes that the case for including non religious worldviews in religious education and for the introduction of a statutory objective national religious education curriculum for all schools are both unconvincing on educational philosophical and evidential grounds Timely and captivating this book is a must read for religious and theological educators RE advisers classroom teachers student teachers and those interested in the field of religious education

The Decision Of Faith Can Christian Beliefs Be Freely Chosen: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
