## **The Decline Of Democracy In The Philippines:**

*The decline of democracy in the Philippines* William J. Butler, 1994      *The Decline of Democracy in the Philippines* William Jack Butler,      The Decline of Democracy in the Philippines William Jack Butler, John P. Humphrey, G. E. Bisson, International Commission of Jurists (1952- ), 1977      The International Law of Human Rights and States of Exception Anna-Lena Svensson-McCarthy, 2021-09-27 This study demonstrates the extensive protection that international law provides to human rights even in the most serious of emergencies when they are particularly vulnerable Based on a meticulous analysis of preparatory works and practice under the International Covenant on Civil and Political Rights as well as the American and European Conventions on Human Rights and with a special chapter on the International Labour Organisation s approach to international labour standards and emergencies this book shows that respect for the rule of law and the concept of a democratic society are controlling parameters in any valid limitation on the enjoyment of human rights It further shows that respect for human rights and the operation of institutions such as the Legislature and Judiciary are crucial to enabling societies to address and eventually remedy the root causes of emergency situations The study recommends possible directions for the development of case law and suggests some practical means to help ensure that international legal requirements are in fact respected in emergencies

**Conjunctures and Continuities in Southeast Asian Politics** Narayanan Ganesan, 2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy

**Comparative Politics of Southeast Asia** Aurel Croissant, 2022-09-01 This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor Leste from a comparative perspective It investigates the political institutions actors and processes in eleven states covering democracies as well as autocratic regimes Each country study includes an analysis of the current system of governance the party and electoral system and an assessment of the state its legal system and administrative bodies Students of political science and area studies also learn about processes of democratic transition and autocratic resilience as well as how civil society and the media influence the political culture in each country This second edition features revised and updated versions of all country studies and a new chapter that discusses the trends of democratization and autocratization in Southeast Asia in the late 20th and early 21st centuries

Crisis in the Philippines Epifanio San Juan, 1986-02-28 San Juan a noted Philippine Marxist now living in the United States gives a detailed account of the Philippine situation from many perspectives The essays deal with new imperialism the Muslim community literature the New People s Army women and Filipinos in the United States While

Marcos is gone many of the issues San Juan raises still need attention and the Marxist perspective he uses gives a very different insight than has been heard previously Thus the work merits serious consideration for academic libraries Library Journal Crisis in the Philippines is an unparalleled view of the making of a revolution E San Juan offers an insider s examination of the unrelenting avalanche of political events culminated by the summary killing of opposition leader Benigno Aquino He dramatically illuminates the Filipino people s struggle for self determination the actual activities and growth of the New People s Army and an analysis of the global forces influencing the current crisis Unprecedented focus is given to the ways in which certain groups within Philippine society particularly the feminist movement and the Church are coalescing with the Left Poignantly illustrated with photographs of village life the New People s Army protest rallies press and media clippings this is the first unrestricted story of the Philippine revolution

**Populist Threats and Democracy's Fate in Southeast Asia** William Case,2017-02-17 Democracy in Southeast Asia has been explained using a number of factors including historical legacies social structures developmental levels transitional processes and institutional designs while other elements such as elite level relations and social coalitions have been overlooked This book offers a new explanation for democracy s collapse or persistence in Southeast Asia today Focusing on Thailand the Philippines and Indonesia the three countries in the region with the most democratic experience William Case shows that existing accounts based on contextual factors are by themselves incomplete Hence they lead us wrongly to anticipate democracy s persistence in Thailand and its collapse in Indonesia They more accurately though only partially correlate with democracy s fluctuations in the Philippines Advancing a new argument Case shows that democracy s fate is determined instead by the opportunities that contextual factors can provide for populist mobilization His model enables us better to understand democracy s breakdown in Thailand its survival in Indonesia and its slippage in the Philippines Presenting research into vital questions over democratic durability and authoritarian backlash this book will be of interest to scholars in the field of comparative politics specifically comparative democratization and Southeast Asian politics

**The Philippines Under Marcos** Robert B. Stauffer,1986 [A Changeless Land](#) David G. Timberman,2016-09-16 First Published in 1992 This book examines the elements of continuity and change in Philippine politics and government over the last quarter century The period covered from the early 1960s through 1988 encompasses three distinct phases the decline of traditional elite democracy the imposition of martial law and constitutional authoritarianism under Ferdinand Marcos and most recently the restoration of democracy under Corazon Aquino

[Routledge Handbook of Autocratization in Southeast Asia](#) Netina Tan,Yuko Kasuya,2025-07-31 The Routledge Handbook of Autocratization in Southeast Asia examines how global and domestic forces of autocratization affect regional and local politics It analyzes how the interactions of international and domestic factors affect actors and institutions in both democracies and autocracies in the region Bringing together a representative slate of both local and international junior and senior scholars of different methodological backgrounds this Handbook cross examines regional trends and provides an

insider view of the causes and effects of autocratization in a region with diverse experiences with de colonization state building and economic and political developments The 28 chapters are organized into three sections Part I examines a range of structural international socio political technological and ideological causal factors of autocratization Part II offers a comparative analysis of the consequences of autocratization on key actors and democratic institutions Part III provides a more detailed study of autocratic consolidation and pushback in each country in Southeast Asia Taking into account structural historical institutional and cultural factors the contributors analyze how domestic actors and democratic institutions withstand the global forces of autocratization This Handbook fills empirical gaps in the current scholarship by focusing on all nation states in the Association of Southeast Asia Nations and Timor Leste varied regime types with diverse socio religious backgrounds It is the first authoritative reference work dedicated to Southeast Asia s autocratization and will be an indispensable reference work for academics and policymakers interested in democracy and autocracy regime transition and Southeast Asian politics

**Between Principle and Practice** David Gillies,1996-05-28 Based on case studies of five Third World countries Sri Lanka the Philippines China Indonesia and Suriname Gillies explores the extent to which policy principles were applied in practice showing that consistent coordinated and principled action is elusive even for countries with a reputation for internationalism He highlights the growing rift between North Atlantic democracies and emerging Asian economic powers the effectiveness of using aid sanctions to defend human rights and the vicissitudes of human rights programming in emerging democracies On a theoretical level Gillies examines the explanatory power of political realism and the scope for ethical conduct in a world of states Linking policy assertiveness with perceived costs to other national interests he constructs a framework for analysing policy actions and applies it to his various case studies concluding that when it comes to human rights the gap between principle and practice is still far too wide

*Examining the Belt and Road Initiative (BRI)* Juichi Inada,2025-03-08 This book endeavors to examine the impact of China s rapid ascendance as a donor on the international development assistance regime over the past two decades China s rapid economic rise and the success of its economic development have led to a notable trend among many developing countries to view the way of China as a Chinese development model and to imitate it In addition China itself has been conscious of the challenge to the development theory and international development assistance regime that has been led mainly by the West and has pushed for policies that differ from those of traditional donors The Belt and Road Initiative BRI which was announced in 2013 is emblematic of these distinctive developments in China The proliferation of the Chinese development model in the context of these international trends has led some to view it as the global spread of the Beijing Consensus which has replaced the Washington Consensus led by the Bretton Woods Institutions that have exerted significant influence in the past This book presents case studies of several countries based on the author s field research in Cambodia Sri Lanka Myanmar Angola Rwanda and other countries

*American Politics* Samuel P. Huntington,2004-02-04 This stunningly persuasive book examines the persistent radical gap

between the promise of American ideals and the performance of American politics Samuel P Huntington shows how Americans throughout their history as a nation have been united by the democratic creed of liberty equality and hostility to authority At the same time he reveals how inevitably these ideals have been perennially frustrated through the institutions and hierarchies required to carry on the essential functions of governing a democratic society From this antagonism between the ideals of democracy and the realities of power have risen four great political upheavals in American history Every third generation Huntington argues Americans have tried to reconstruct their institutions to make them more truly reflect deeply rooted national ideals Moving from the clenched fists and mass demonstrations of the 1960s to the moral outrage of the Progressive and Jacksonian Eras back to the creative ideological fervor of the American Revolution he incisively analyzes the dissenters objectives All he pungently writes sought to remove the fundamental disharmony between the reality of government in America and the ideals on which the American nation was founded Huntington predicts that the tension between ideals and institutions is likely to increase in this country in the future And he reminds us that the fate of liberty and democracy abroad is intrinsically linked to the strength of our power in world affairs This brilliant and controversial analysis deserves to rank alongside the works of Tocqueville Bryce and Hofstadter and will become a classic commentary on the meaning of America

**The End of Representative Politics** Simon Tormey, 2015-06-01 Representative politics is in crisis Trust in politicians is at an all time low Fewer people are voting or joining political parties and our interest in parliamentary politics is declining fast Even oppositional and radical parties that should be benefiting from public disenchantment with politics are suffering But different forms of political activity are emerging to replace representative politics instant politics direct action insurgent politics We are leaving behind traditional representation and moving towards a politics without representatives In this provocative new book Simon Tormey explores the changes that are underway drawing on a rich range of examples from the Arab Spring to the Indignados uprising in Spain street protests in Brazil and Turkey to the emergence of new initiatives such as Anonymous and Occupy Tormey argues that the easy assumptions that informed our thinking about the nature and role of parties and party based democracy have to be rethought We are entering a period of fast politics evanescent politics a politics of the street of the squares of micro parties pop up parties and demonstrations This may well be the end of representative politics as we know it but an exciting new era of political engagement is just beginning

*Whither the Philippines in the 21st Century?* Rodolfo C Severino, Lorraine Carlos Salazar, 2007 Examines contradictory economic and political trends occurring in the Philippines in order to gain a sense of the country's prospects Asia, America, and the Transformation of Geopolitics William H. Overholt, 2007-11-05 American security and prosperity now depend on Asia William H Overholt offers an iconoclastic analysis of developments in each major Asian country Asian international relations and US foreign policy Drawing on decades of political and business experience he argues that obsolete Cold War attitudes tie the US increasingly to an otherwise isolated Japan and obscure the reality that a US Chinese

bicondominium now manages most Asian issues Military priorities risk polarizing the region unnecessarily weaken the economic relationships that engendered American preeminence and ironically enhance Chinese influence As a result US influence in Asia is declining Overholt disputes the argument that democracy promotion will lead to superior development and peace and forecasts a new era in which Asian geopolitics could take a drastically different shape Covering Japan China Russia Central Asia India Pakistan Korea and South East Asia Overholt offers invaluable insights for scholars policy makers business people and general readers

**Ferdinand Marcos and the Philippines** Albert F. Celoz, 1998 *Routledge Handbook of Public Policy in the Global South* Gedion Onyango, Ishtiaq Jamil, 2025-06-30 This important new handbook provides a comprehensive assessment of contemporary public policy and governance in the Global South It offers incisive comparative analyses and presents policy specific case studies from across Asia Latin America Middle East and Africa The aim is to inform future governance research policy and practice in these regions This book is timely as it responds to how governments in the Global South are dealing with recent complex series of challenges and crises of the 21st Century These range from the pressures of a global pandemic to the impacts of climate change democratic backsliding deteriorating public services and the realignments in the international political economy following the rise of China In doing so it reflects on the political transformations global convergences and underlying regional as well as national trajectories that have taken place recently focusing on among others Democratic governance and institutional trust Public service delivery motivation and governance outcomes Policy crises disaster management and climate change Policy successes and failures Policy innovations digitalisation and policy research in the Global South Different authors bring together varied and specialised perspectives and experiences which are important for researchers practitioners and policymakers wishing to understand emerging governance models innovations and challenges within the Global South

*The Economy of the Philippines* Peter Krinks, 2003-09-02 In the late 1950s the Filipino economy could reasonably have been described as more advanced than those of its South Asian neighbours Ever since then however it has consistently lagged behind and only really started to grow strongly in the mid 1990s and even then it failed to achieve the growth rates of the rest of Southeast Asia ten years earlier This book critically analyses the Filipino economy and attempts to explain the problems that it has faced as well as the solutions that need to be put into practice This accessible and comprehensive book will be of great use to students academics and business professionals with an interest in the economies of Asia
