masses gradually came to be regarded as the chief decorative values of the interior Portable hangings were in consequence replaced by architectural ornament in other words the architecture of the room became its decoration This architectural treatment held its own through every change of taste until the second quarter of the present century but since then various influences have combined to sever the natural connection between the outside of the modern house and its interior In the average house the architect s task seems virtually confined xx to the elevations and floor plan The designing of what are to day regarded as insignificant details such as mouldings architraves and cornices has become a perfunctory work hurried over and unregarded and when this work is done the upholsterer is called in to decorate and furnish the rooms **The**

Metcalf,1988 An appreciation of the renowned decorator Classical Principles for Modern Design Thomas Jayne,2018-01-09 Interior designer and decorative arts historian Thomas Jayne takes on the redoubtable Edith Wharton and her co author Ogden Codman whose 1897 book The Decoration of Houses is acknowledged as the Bible of American interior design Wharton and Codman advocated for classical simplicity and balance replacing the excesses of the Gilded Age In Jayne s view The Decoration of Houses is the level headed indispensable book on the subject It is not an overstatement to say that it is the most important decorating book ever written How much of Wharton and Codman s advice and how many of their principles are still applicable today In Classical Principles for Modern Design Jayne argues that Wharton and Codman s fundamental ideas about the proportion and planning of space create the most harmonious and livable interiors whether traditional or contemporary His authoritative and engaging text traces contemporary ideas about design elements and furnishing rooms back to Wharton and Codman and shows where his design approach coincides and where it diverges from their views The book follows the chapter organization of The Decoration of Houses chapters on walls doors windows and curtains ceilings and floors etc and adds important new perspectives on the design of kitchens and the use of color both major subjects that Wharton and Codman did not address Drawing on his own work at Jayne Design Studio Jayne has selected elegant traditional interiors that demonstrate these principles Projects range from a restoration of historic eighteenth century public rooms in Crichel House in Dorset England to a mountain retreat in the wilds of Montana to an array of luxurious New York City apartments and country houses in the Hudson Valley Captured in lush photographs by Don Freeman and others all speak to Thomas Jayne s commitment to the primacy of function quality and simplicity derived from the ancient tradition of classical design As he says Tradition is not about what was Tradition is now The Decoration of Houses... - Primary Source Edition Edith Wharton,Ogden Codman,2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this
