

# The Democratic Trend Phenomena

The Predictability of the Democratic Vote for President

Anthony E. Fairfax

# The Democratic Trend Phenomena

**Remondes, Jorge, Remondes,  
Fernando, Serrano, Vicente**

## **The Democratic Trend Phenomena:**

The Democratic Trend Phenomena Anthon Fairfax, Edward,Anthony E. Fairfax,2005-08-01 The Democratic Trend Phenomena addresses a little known oddity in presidential politics The oddity is that the popular vote of the Democratic candidate for president has trended in a predictable pattern since 1980 If the election of 1976 is disregarded the trend is revealed to actually begin in 1972 This book describes the cause of the phenomena measures the accuracy and outlines the future effects

**The Sarkozy Phenomenon** Nick Hewlett,2017-05-11 After his victory at the Presidential elections in May 2007 Nicolas Sarkozy quickly became both deeply controversial and intriguing It was clear from the start that his rule was to be the most autocratic since Charles de Gaulle s Prime Minister government and parliament found themselves eclipsed by the ever present hyperactive President who sought to take many decisions on his own and to implement changes in numerous different domains but with no obvious overall plan His sweeping reform programme was inspired by a perceived need for rupture with the past and bringing former Socialists into government seemed to confirm his insistence on the validity of some left leaning points of reference as well as those on the right To many Sarkozy was both dangerous and unfathomable like Napoleon In this short book the author argues that the Sarkozy phenomenon is best explained by principal reference to the notion of Bonapartism which of course has a long history in French politics Bonapartism is an exceptional form of political rule which results from an unstable situation and where an authoritarian leader steps in and appeals to the electorate in populist fashion with promises of modernization and progress But Sarkozy s authoritarian populist rule is also influenced by the extreme right as well as by more conventional centre right politics in which Sarkozy worked for many years Yet Sarkozy is less out of step with trends in other liberal democratic states than it might seem in other highly industrialized countries also a long term decline of interest in politics has combined with the emergence of highly personalized media driven political leadership The book is written in a clear accessible way which assumes little prior acquaintance with French politics or history Those with little knowledge of French politics will find it rewarding as will as readers with greater familiarity with the field

**Recent Social Trends in France, 1960-1990** Michel Forsé,International Research Group on the Comparative Charting of Social Change in Advanced Industrial Societies,1993 Over the three decades from 1960 to 1990 French society underwent a spectacular transformation due to the baby boom which was particularly broad based and prolonged in France and caused the population to climb by a full one third At the same time the French economy expanded and the pace of modernization picked up with the result that the wealth of the French quadrupled in a single generation The turning point between the reconstruction and development period and the period of profound social change appears to have been 1965 The baby boom was over by then and the production system was shifting in orientation No longer dominated by the growth of basic industries production was now starting to focus on consumer goods and services

**Recent Social Trends in Greece, 1960-2000** Dimitris Charalambis,Laura Maratou-Alipranti,Andromachi Hadjiyanni,2004-02-25 The newest volume

in the Comparative Charting of Social Change series highlights the main elements of demographic social political and economic development in Greece during the period 1960-2000. Based on a systematic analysis of available information and data, this volume provides an overview of Greece's socio-economic profile which changed significantly during the studied period. The collapse of the dictatorship in 1974 and Greece's entry into the European Union (EU) in 1980 have led to a consolidation of democratic institutions and the improvement of living standards. During the 1960s and 1970s, the country experienced high rates of economic development and relatively low unemployment rates. However, this increase in economic development has slowed since the early 1980s, and the unemployment rate has risen, particularly among young people. Consistent with recent social trends in other Western societies, Greek society has become more tolerant and permissive with more diverse and flexible moral norms. However, the prevailing family model remains traditional, and the Greek Orthodox Church continues to have a strong influence on many aspects of Greek society, including social, political, and cultural life. The organization of work also follows traditional patterns despite the introduction of new and flexible forms of employment. Female participation in the labour market remains relatively low despite legislation and regulations that promote equality of opportunities between the sexes. Consistent with recent social trends in other Western societies, Greece's population is aging, and the birth rate has stabilized at a relatively low level.

**Authoritarian Backlash** Thomas Ambrosio, 2016-04-08

Authoritarian Russia has adopted five strategies to preserve the Kremlin's political power: insulate, bolster, subvert, redefine, and coordinate. Thomas Ambrosio examines each of these in turn, all of which seek to counter or undermine regional democratic trends both at home and throughout the former Soviet Union. Policies such as these are of great concern to the growing literature on how autocratic regimes are becoming more active in their resistance to democracy. Through detailed case studies of each strategy, this book makes significant contributions to our understandings of Russian domestic and foreign policies, democratization theory, and the policy challenges associated with democracy promotion.

*Political Theory* Evangelia Sembou, 2013-08-19

Political theory draws on a number of different disciplines such as political science, philosophy, history, and law. It is a broad subfield; its practitioners, depending on their background, bring different perspectives and

approaches to the study of political thought which range from historical to normative Moreover political theory often draws on the insights of as well as engages in a dialogue with social theory ethics and the philosophy of law In addition nowadays political theory has expanded to include the study of the international international political theory For all these reasons political theory is a core subject taught in a variety of academic departments Yet paradoxically there has been an increasing tendency in the past few years for political theory to be marginalized in the academy This is because so much academic policy concentrates on the main branches of the disciplines within which political theory falls Even worse for political theory social theory and the philosophy of law or legal philosophy with which it enters into fruitful dialogue are themselves weak areas within sociology and law respectively The aim of this volume is to address this situation What are the problems and challenges that political theory faces today What is its importance as a distinctive branch of enquiry What are its main concerns The fact that political thought operates across disciplinary boundaries and often challenges the boundaries of the aforesaid disciplines is one of its greatest strengths

**Al Jazeera Phenomenon** Mohamed Zayani, 2019-05-23 Few phenomena in the Arab world are more controversial than Al Jazeera the satellite television news channel that despite its brief history has made its impact known throughout the world and changed the face of a formerly parochial Arab media This timely collection of articles many by Arabic speaking scholars gives us more information and analysis of the network and how it has affected the public and even the foreign policies of Western governments than any other of the very few books published in English up to now The book provides rare insights into Al Jazeera s politics its agenda its programs its coverage of regional crises and its treatment of the West The authors attempt to gauge the station s impact on ordinary Arab viewers understand its effect on an increasingly visible Arab public sphere and map out the role it plays in regional Arab politics The image of Al Jazeera that emerges from this book is much more complex than its depiction in American media It reveals the powerful role that the network plays in shaping ideas and reconstructing Arab identities during a crucial juncture in Middle Eastern history and politics

**Punitivity: Punitiveness - a global phenomenon?** Helmut Kury, 2011 *Illiberal Trends and Anti-EU Politics in East Central Europe* Astrid Lorenz, Lisa H. Anders, 2020-10-27 This open access book provides an in depth look into the background of rule of law problems and the open defiance of EU law in East Central European countries Current illiberal trends and anti EU politics have the potential to undermine mutual trust between member states and fundamentally change the EU It is therefore crucial to understand their domestic causes context conditions specific processes and consequences This volume contributes to empirically informed theory building and includes contributions from researchers from various disciplines and multiple perspectives on illiberal trends and anti EU politics in the region The qualitative case studies comparative works and quantitative analyses provide a comprehensive picture of current societal political and institutional developments in the Czech Republic Hungary Poland and Slovakia Through studying similarities and differences between East Central European and other EU countries the chapters also explore whether there are regional

patterns of democracy and EU related problems      *The Amicus Curiae Phenomenon* Shai Farber, 2024-09-25 This book offers a thorough analysis of the Amicus Curiae phenomenon emphasizing its critical role in modern legal systems The book reveals how these interventions influence judicial decisions legislative processes and societal norms by presenting third party perspectives through amicus briefs Delving into the historical development and global adoption of Amicus Curiae the book provides insights into its benefits and drawbacks Readers will learn about the various types of amici the breadth of issues they address and the diverse courts that accept these briefs The author's extensive research and case studies from multiple legal systems highlight the transformative power of third party interventions in ensuring justice and public transparency The book explores real world examples where amicus briefs have played pivotal roles in landmark cases from human rights advancements to environmental protections It discusses the strategic importance of these briefs and how they democratize the legal process by allowing more voices to be heard By fostering a deeper understanding of the complexities and significance of Amicus Curiae this book empowers readers to appreciate the intricate interplay between law and societal change Ideal for legal professionals academics and anyone interested in law and society this book is an essential guide to understanding the impact of Amicus Curiae on the judicial process Whether you are a seasoned lawyer a policymaker or a curious reader this book provides a comprehensive and engaging exploration of one of the most influential elements in contemporary jurisprudence      New Trends for the Governance of Non-Profit Organizations Remondes, Jorge, Remondes, Fernando, Serrano, Vicente, 2024-12-20 New trends in the governance of non profit organizations change how these entities operate and fulfill their missions in complex and dynamic environments As various organizations face new challenges from financial sustainability to demands for transparency and accountability innovative governance practices have emerged to address these issues This includes emphasis on data driven decision making stakeholder engagement and diversity in leadership The integration of technology in governance processes helps non profits improve efficiency enhance collaboration and measure their intended impact With a focus on adaptability ethical leadership and community involvement these new trends empower non profit organizations to navigate changing landscapes while staying true to their core values and objectives New Trends for the Governance of Non Profit Organizations offers techniques and strategies needed to make sustainable decisions in the governance of non profit organizations It delves into the knowledge skills and processes underlying organizational sustainability This book covers topics such as market disruption sustainability and social enterprises and is a useful resource for government officials policymakers non profit organizations business owners academicians and researchers      **Emerging Trends in Social Sciences Research Vol-1** Dr Roomi Rani, Dr Vaishali, Dr Hardeep Kaur,      **Not Only Syria? The Phenomenon of Foreign Fighters in a Comparative Perspective** K. Rekawek, 2017-05-30 The term foreign fighters describes nationals of one state who for whatever variety of reasons and motives travel abroad to take part in a conflict in another state without the promise of financial reward The majority of

attention has so far been focused on the nationals of Western European states who have gone to fight for the so called Islamic State in Syria There exist however other examples of contemporary European foreign fighters whose travails motivations and returns have been largely unnoticed and underappreciated This books attempts to balance this state of affairs by bringing to the fore some lesser known cases of non terrorist but foreign fighters related to the conflict in Ukraine and situating them against the backdrop of the larger mobilization for the war in Syria This book presents edited versions of the 12 papers presented at the NATO Advanced Research Workshop ARW Not Only Syria Foreign Fighters A Threat to NATO Allies and Their Neighbours The workshop was held in Chisinau Moldova in May 2016 and brought together researchers and experts in the field to discuss the differences similarities and parallels between different groups of foreign fighters engaged in the conflicts in Syria and the Ukraine The papers include contributions from the Netherlands Belgium Denmark and Poland among others and examine cases of foreign fighters from these and other countries The book will provide an interesting context to researchers who have up to now looked only at a single set of such fighters and will lead to tangible recommendations on how to develop policies to address the threat posed by returnees from any conflict

**Global Politics in a Multiplex Era: Contemporary International Trends** 18-09-2025, 00000000 0000. This book emerges from a period of profound transformation in international politics As we navigate the complex terrain of the 21st century traditional frameworks for understanding global affairs have proven increasingly inadequate The post Cold War optimism about liberal internationalism has given way to a more complicated reality characterized by multiple centers of power diverse forms of governance and interconnected challenges that transcend traditional boundaries In conceptualizing this project I have drawn inspiration from Amitav Acharya s notion of a Multiplex Era an international system that resembles a multiplex cinema where different movies or in this case different international orders run simultaneously on other screens with viewers or states and societies choosing which ones to watch This metaphor captures the complexity diversity and interconnectedness that define contemporary international politics better than traditional concepts like unipolarity bipolarity or multipolarity My aim in this book is to provide a comprehensive analysis of current trends in international politics through this multiplex lens Rather than offering simplistic predictions or prescriptions I aim to illuminate the multifaceted nature of contemporary challenges and opportunities providing scholars policymakers and citizens with analytical tools that can help them navigate this complex landscape

**Liberty, Equality, Democracy** Eduardo Nolla, 1996-07-01 This volumes explores the whole range of Alexis Tocqueville s ideas from his political literary and sociological theories to his concept of history his religious beliefs and his philosophical doctrines Among the topics considered are Tocqueville s beliefs about foreign policy as applied to American democracy Tocqueville and Machiavelli on the art of being free Tocqueville and the historical sociology of state virtue and politics in Tocqueville Tocqueville s debt to Rousseau and Pascal Tocqueville s analysis of the role of religion in preserving American democracy Tocqueville and American literary critics and Tocqueville and the postmodern refusal of history The

different approaches to Tocqueville's classical work represented in this book combined with the frequent use of unpublished sources present a fresh and renewed vision of his classic *Democracy in America* reinforcing after a century and a half its reputation as the most modern provocative and profound attempt to explain the nature of democracy. Contributing to the volume are Pierre Birnbaum University of Sorbonne Herbert Dittgen University of Goettingen Joseph Alulis Lake Forest College Dalmacio Negro Universidad Complutense Madrid Peter A Lawler Berry College Catherine Zuckert Carleton College Francesco de Sanctis Naples University Hugh Brogan University of Essex Cushing Strout Cornell University Gisela Schlueter Universitaet Hannover Roger Boesche Occidental College Edward T Gargan University of Wisconsin and James T Schleifer College of New Rochelle

**Trends and Developments in Contemporary Terrorism** Dan-Radu Voica, 2012 Published in cooperation with NATO Emerging Security Challenges Division T p *Education Policy, Theories, and Trends in the 21st Century* Izhak Berkovich, 2021-01-25 This book provides a highly accessible overview of public education policy. It organizes knowledge about 21st century education policy around two main topics: the policy process and the discourse on public education policy. This unique organization provides a novel lens for better understanding the dynamics and contents of current education policy making. The work also offers a broad overview of theories of public policy, economics, demography, sociology, history, and psychology. Each chapter includes a discussion of data derived from the international and Israeli contexts. The book provides a series of valuable insights relevant to researchers, practitioners, and policymakers interested in understanding the multifaceted aspects that shape contemporary education policy.

*The Swedish Microchipping Phenomenon* Moa Petersén, 2019-09-16 This book maps the discourse around the Swedish phenomenon of microchipping humans. With help from a theory cluster of different theories on human technology relationships, the author explains different perspectives present within the discourse.

*Business Innovation, Development, and Advancement in the Digital Economy* Oncioiu, Ionica, 2013-02-28 Digital technologies maintain an important tool in today's business economy. As the economy continues to change, businesses seek out solutions in order to enhance and develop their organization. *Business Innovation, Development, and Advancement in the Digital Economy* highlights the competitive advantages on the emerging digital economy. Bringing together the classic economy theory and the developments of new technology, this book provides research on current innovations in the digital economy. It is a vital resource for practitioners, researchers, as well as graduate and undergraduate students.

**The Obama Phenomenon** Charles P. Henry, Robert Allen, Robert Chrisman, 2011-09-28 Barack Obama's campaign and electoral victory demonstrated the dynamic nature of American democracy. This collection shows the impact of the Obama phenomenon on the future of race relations within the United States through readings on Barack Obama's campaign as well as the idealism and pragmatism of the Obama administration.
