*Jenisis Island of Doom: Book 1 (Horror Novel Series)* Srinidhi Ranganathan, 2025-07-31 My name is Pulakar Ramakrishnan and I am a scientist Or I used to be before I went to Jenisis Island Before that place my world was simple I believed in rules and numbers I only trusted what I could see and prove with my experiments I thought everything in the universe could be explained by science Jenisis Island changed all of that It destroyed everything I thought was true I was sent there on a scientific mission with my team We were told to study strange energy signals coming from the island It used to be a very famous prison and people were afraid of it I thought we would find a simple scientific reason for the energy I was wrong When we arrived the island felt wrong It was quiet in a scary way and it smelled of salt rot and something old and dangerous We found strange symbols carved into the prison walls They were not human The laws of science I had built my life on did not work on Jenisis It felt like the island was alive and watching us I don t want to tell this story It s painful to remember my team and what happened to them But I have to The island s secrets are too terrible to stay hidden The truth must come out So I will tell you what happened 400 years before your time when a search for knowledge became a fight to survive This isn t just a story it s a warning The line between our world and a world of monsters is much thinner than you think Be ready because once you hear the screams from Jenisis Island you can never forget them *The Demon Cycle*
