**Stephen A. Douglas, Western Man** Reg Ankrom, 2021-05-07 It didn't take long for freshman Congressman Stephen A. Douglas to see the truth of Senator Thomas Hart Benton's warning slavery attached itself to every measure that came before the U.S. Congress Douglas wanted to expand the nation into an ocean bound republic Yet slavery and the violent conflicts it stirred always interfered as it did in 1844 with his first bill to organize Nebraska In 1848 when America acquired 550,000 square miles after the Mexican War the fight began over whether the territory would be free or slave Henry Clay a slave owner who favored gradual emancipation packaged territorial bills from Douglas's committee with four others But Clay's Omnibus Bill failed Exhausted he left the Senate leaving Douglas in control Within two weeks Douglas won passage of all eight bills and President Millard Fillmore signed the Compromise of 1850 It was Douglas's greatest legislative achievement This book a sequel to the author's Stephen A. Douglas The Political Apprenticeship 1833-1843 fully details Douglas's early congressional career The text chronicles how Douglas moved the issue of slavery from Congress to the ballot box      The Estrangement of Western Man Robert Strausz-Hupé, 1953      **Questioning Martin Heidegger** Eric D. The Western Messenger James Freeman Clarke, William Henry Channing, James Handasyd Perkins, 1837      **Collingwood**  
**and the Crisis of Western Civilisation** Richard Murphy, 2012-02-23 This book argues that R G Collingwood's philosophy is  
 best understood as a diagnosis of and response to a crisis of Western civilisation The various and complementary aspects of  
 the crisis of civilisation are explored and Collingwood is demonstrated to be working in the traditions of Romanticism and  
 historicism On these subjects the theories of Collingwood and Ortega y Gasset are contrasted with those of Nietzsche and  
 Weber      *The Western Journal and Civilian*, 1854      The Western Medical Reformer, 1846      **The Western Sketch-book**  
 James Gallaher, 1850      **An Unconventional History of Western Philosophy** Karen J. Warren, 2008-12-16 Gender  
 scholarship during the last four decades has shown that the exclusion of women's voices and perspectives has diminished  
 academic disciplines in important ways Traditional scholarship in philosophy is no different The recovery project in  
 philosophy is engaged in re-discovering the names, lives, texts and perspectives of women philosophers from the 6th Century  
 BCE to the present Karen Warren brings together 16 colleagues for a unique groundbreaking study of Western philosophy  
 which combines pairs of leading men and women philosophers over the past 2600 years acknowledging and evaluating their  
 contributions to foundational themes in philosophy including epistemology, metaphysics and ethics Introductory essays,  
 primary source readings and commentaries comprise each chapter to offer a rich and accessible introduction to and  
 evaluation of these vital philosophical contributions A helpful appendix canvasses an extraordinary number of women  
 philosophers for further discovery and study      *An Unconventional History of Western Philosophy* Karen Warren, 2009-01-16  
 In this new account of Western philosophy throughout the past 2600 years Karen J Warren has paired sixteen women  
 philosophers alongside their historical male contemporaries in conversations on philosophy An overview essay together with  
 chapter introductions, primary readings and expert commentaries offer a rich description and evaluation of each philosopher's  
 vital contribution to Western philosophy Jacket      The Problem of the West Frederick Jackson Turner, 1896      **Southern**
