## **The Development Of Academic Freedom In The United States:**

*The Development of Academic Freedom in the United States. By Richard Hofstadter and Walter P. Metzger. (2. Print.)*  
Richard Hofstadter,1956     The Development of Academic Freedom in the United States Richard Hofstadter,Walter P. Metzger,1955     **The Development of Academic Freedom in the United States** Richard Hofstadter,Walter P. Metzger,1969     *The Development of Academic Freedom in the United States. By R. Hofstadter and Walter P. Metzger*  
Richard Hofstadter,Walter Paul METZGER,1955     **Academic Freedom** Stephen H. Aby,James Kuhn,2000-02-28 The freedom of academics to pursue knowledge and truth in their research writing and teaching is a fundamental principle of contemporary higher education in the United States But this freedom has been hard won and regularly abridged reinterpreted and violated Academic freedom has been central to many issues and controversies in higher education and has thus generated literature in a variety of disciplines This book provides access to that literature Included are entries for nearly 500 books chapters articles reports web sites and other sources of information about academic freedom Each entry includes a descriptive annotation and the entries are grouped in topical chapters While most of the works cited were published since the 1940 American Association of University Professors Statement of Principles on Academic Freedom and Tenure some older studies have also been included Though the volume focuses primarily on higher education in the U S it also includes a chapter on academic freedom in other countries     **Higher Education in the United States** James J. F. Forest,Kevin Kinser,2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis     *Development of Academic Freedom in the U.S.A.* Richard Hofstadter,Walter P. Metzger,1955     American Higher Education in the Twenty-First Century Michael N. Bastedo,Philip G. Altbach,Patricia J. Gumport,2023-01-31 Now in its fifth edition An indispensable reference for anyone concerned with the future of American colleges and universities Whether it is advances in information technology organized social movements or racial inequality and social class stratification higher education serves

as a lens for examining significant issues within American society First published in 1998 American Higher Education in the Twenty First Century offers a comprehensive introduction to the complex realities of American higher education including its history financing governance and relationship with the states and federal government This thoroughly revised edition brings the classic volume completely up to date Each chapter has been rewritten to address major recent issues in higher education including the COVID 19 pandemic the movement for racial justice and turmoil in the for profit sector Three entirely new chapters cover broad access colleges race and racism and organized social movements Reflecting on the implications of ethnic and socioeconomic diversity within higher education the book also grapples with growing concerns about the responsiveness and future of the academy No other book covers such wide ranging issues under the broader theme of higher education s relationship to society Highly acclaimed and incorporating cutting edge research American Higher Education in the Twenty First Century is now more useful and engaging than ever Contributors Michael N Bastedo Philip G Altbach Patricia J Gumpert Peter Riley Bahr Joy Blanchard Julia Brickfield Michael Brown Katherine S Cho Daniela Conde Charles H F Davis III Hans de Wit Peter D Eckel Martin Finkelstein Denisa G ndara Liliana M Garces Roger L Geiger Leslie D Gonzales Jillian Leigh Gross Jessica Harris Nicholas Hillman Julia Rose Karpicz Robert Kelchen Adrianna Kezar Lisa R Lattuca Demetri Morgan Rebecca Natow Anna Neumann Audrey Peek Laura W Perna Gary Rhoades Tykeia N Robinson Roman Ruiz Wonson Ryu Lauren T Schudde Jeffrey C Sun David A Tandberg

**The Future of United States Public Diplomacy** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations and Movements, 1969

The Soul of the American University Revisited George M. Marsden, 2021-04-28 The Soul of the American University is a classic and much discussed account of the changing roles of Christianity in shaping American higher education From the 1630s through the 1950s when Protestantism provided an informal religious establishment colleges were expected to offer some sort of religious and moral guidance Following reactions in the 1960s against the WASP establishment and concerns for diversity the specifically Protestant heritage quickly disappeared and various secular viewpoints predominated This revised and updated edition brings the story into the twenty first century

**American Higher Education Transformed, 1940-2005** Wilson Smith, Thomas Bender, 2008-04-11 This long awaited sequel to Richard Hofstadter and Wilson Smith s classic anthology American Higher Education A Documentary History presents one hundred and seventy two key edited documents that record the transformation of higher education over the past sixty years The volume includes such seminal documents as Vannevar Bush s 1945 report to President Franklin D Roosevelt Science the Endless Frontier the U S Supreme Court decisions in Brown v Board of Education and Sweezy v New Hampshire and Adrienne Rich s challenging essay Taking Women Students Seriously The wide variety of readings underscores responses of higher education to a memorable often tumultuous half century Colleges and universities faced a transformation of their educational goals institutional structures and curricula and admission policies the ethnic and economic composition of student bodies an expanding social and gender

membership in the professoriate their growing allegiance to and dependence on federal and foundation financial aids and even the definitions and defenses of academic freedom Wilson Smith and Thomas Bender have assembled an essential reference for policymakers administrators and all those interested in the history and sociology of higher education **The Law of Higher Education, 2 Volumes** William A. Kaplin, Barbara A. Lee, 2006-12-13 This fourth edition of the indispensable guide to the laws that bear on the conduct of higher education provides a revised and up to date reference research source and guide for administrators attorneys and researchers The book is also widely used as a text for graduate courses on higher education law in programs preparing higher education administrators for leadership roles This new edition includes new and expanded sections on laws related to religious issues alternative dispute resolution the college and its employees collective bargaining at religious and private colleges whistleblower and other employee protections personal liability of employees nondiscrimination and affirmative action in employment campus technology and computer networks disabilities student academic freedom freedom of speech and hate speech student organizations rights responsibilities and activities fees athletes rights USA patriot act and immigration status public institutions and zoning regulations regulation of research coverage of retaliatory and extraterritorial acts federal civil rights statutes The Praeger Handbook of Religion and Education in the United States James C. Carper, Thomas C. Hunt, 2009-03-05 Ten Commandments displays prayer at football games Bible in the curriculum vouchers for tuition at religious schools Pledge of Allegiance wall of separation between church and state among other hot button issues at the intersection of religion and education generate a great deal of heat but often light is sorely lacking The Praeger Handbook of Religion and Education in the United States provides a unique source of light to educators religious leaders journalists policy makers parents and the general public as well as a useful resource for scholars interested in the impact of religion on the origins development and current shape of the American educational landscape Following an introductory essay that surveys the relationship of religion to elementary and secondary education from the 1600s to the present this set offers 175 entries written by more than 40 scholars with national reputations that cover a wide range of topics related to religion and education both in the past and the present These jargon free entries are cross referenced and provide suggestions for further reading Readers who want to know what is behind the heat in current debates will find entries on United States Supreme Court decisions on religion and education current controversies regarding religion in the public schools religious legal and educational associations involved in these controversies religion and the curriculum religious schools individuals and movements that have affected the role of religion in education and religion and education developments in the eighteenth and nineteenth centuries This one of a kind set also includes a convenient table summarizing all of the religious liberty decisions of the Supreme Court from 1815 to the present Higher Education: Handbook of Theory and Research Michael B. Paulsen, 2016-04-12 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of

interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on a comprehensive set of central areas of study in higher education that encompasses the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community Each annual volume contains chapters on such diverse topics as research on college students and faculty organization and administration curriculum and instruction policy diversity issues economics and finance history and philosophy community colleges advances in research methodology and more The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world
