

A painting of a forest scene with a path leading into the distance. The path is made of dirt and stones, and the trees are tall and thin, with some leaves in shades of blue and purple. The overall tone is dark and moody.

The Devils Lie:

The Lie's Linda Wright,2012-07 You see I follow God so I didn t know anything yet about the fake rules they had made up about God s altar or themselves Plus they made up their own rules of saying you can t have any powers from God because I haven t given you permission to have powers from God Can you believe that That s just amazing to me that these people are so lost and just plain dumb to think they have any right what so ever to think that they are in charge of God s powers Have you ever read that in your bible You have to come over here so these people can approve if you re holy enough Stand in the line over there to your right please We ll see if these people will give you a stamp of approval The truth sadly is most of these people need an exorcism Thank God the one young Sister came to us with her hurts and we were able to council her and tell her how she is just to forgive and we will pray for the snake ladies in the bible study You see it s not just the one Sister who was spitting out the poison on the other Sister stabbing her in her back But remember there were other Sister s in the bible study who sat there listening and not defending the one Sister Or telling the head snake lady that she is wrong Sadly these ladies in the bible study are a pit of snakes all squirming together All with the same deadly hearts and deadly mouths with forked tongues and fangs of evil Evildoers in sheep s clothes coming as angels of light but filled with darkness of hell *The Devil's Lie* Ray Whisenant,2024-05-22

The Devil Wins Dallas G. Denery,2016-09-13 A bold retelling of the history of lying in medieval and early modern Europe Is it ever acceptable to lie This question plays a surprisingly important role in the story of Europe s transition from medieval to modern society According to many historians Europe became modern when Europeans began to lie that is when they began to argue that it is sometimes acceptable to lie This popular account offers a clear trajectory of historical progression from a medieval world of faith in which every lie is sinful to a more worldly early modern society in which lying becomes a permissible strategy for self defense and self advancement Unfortunately this story is wrong For medieval and early modern Christians the problem of the lie was the problem of human existence itself To ask Is it ever acceptable to lie was to ask how we as sinners should live in a fallen world As it turns out the answer to that question depended on who did the asking *The Devil Wins* uncovers the complicated history of lying from the early days of the Catholic Church to the Enlightenment revealing the diversity of attitudes about lying by considering the question from the perspectives of five representative voices the Devil God theologians courtiers and women Examining works by Augustine Bonaventure Martin Luther Madeleine de Scud ry Jean Jacques Rousseau and a host of others Dallas G Denery II shows how the lie long thought to be the source of worldly corruption eventually became the very basis of social cohesion and peace

Weber, 2014-07-18 There is no time for the people of the world to waste to decide to change their ways and their ways of living The world is in a crisis that it has not been in before Actually the world has been in countless crises in the past before disaster calamity or catastrophe struck the people of the earth We are not talking of crises of natural disasters calamities or catastrophes that have hit the earth we are talking about man made man engineered and man designed disasters calamities

and catastrophes that have hit the world from time to time History is full of them and apart from those natural disasters caused by God or the Devil themselves the rest were caused by man themselves Now this revelation is not about the natural but about the spiritual Power mad dictators rulers and potentates the world over are normally the cause of these disasters calamities and catastrophes and nature has little to do with them although they did affect nature in some way or another Small and great Wars were started by whosoever caused them without any due regard of men s lives and the resultant horrors hardships and horrendous pain lived on in the hearts and lives of the people that survived No one can add these things up nor can they count the cost in human suffering misery and pain nor the cost of men s souls lost all for the sake of man s vanity The current synopsis is catchy and intriguing This synopsis is well written and it will entice readers into picking this book up and reading it Cynthia Sherman Writer s Literary Publishing Services Critique Division
