

The AT&T Telephone Story

Alexander Graham Bell, 1876

The story of the telephone is the story of change, of the challenges faced by the pioneers who made the first telephone. Bell's invention was the first of many. The telephone has been improved by adding and subtracting features, and the telephone has been used in many ways. This is the AT&T telephone family tree as they evolved over the years.

1876 Graham Bell's Telephone
The first telephone was a simple device with a wooden box and a horn. It was used to communicate over a distance.

1876 Bell's Improved Telephone
Bell's improved telephone was a more complex device with a wooden box and a horn. It was used to communicate over a distance.

1876 "Magnetic" Telephone
The first magnetic telephone was a more complex device with a wooden box and a horn. It was used to communicate over a distance.
