

THE HITLER SPRING

Ne quella ch'a veder lo sol si gira . . .
Dante (?) to Giovanni Quirini

The thick white cloud of crazy moths is whirling
around the pale lights and the parapets,
spreading a blanket on the earth that snaps
like sugar underfoot; the coming summer
frees the night frost locked in the dead season's
secret cellars, and the gardens
that scale down from Maiano to these sands.

An infernal angel passed in flight
just now along the avenue
in a crush of thugs; an eerie emptiness
lit and festooned with swastikas engulfed him;
the poor, defenseless windows, also armed
with guns and war toys too, are shuttered up,
the butcher who decked berries on the snouts
of his slaughtered baby goats has closed; the feast
of the meek executioners still innocent of blood
has turned into a foul Virginia reel of shattered wings,
ghosts on the sand bars, and the water rushes in
to eat the shore and no one's blameless anymore.

All for nothing, then?—and the Roman candles
at San Giovanni, slowly whitening
the horizon, and the vows and long farewells
definitive as baptism in the horde's
wan vigil (but a jewel scored the air,
sowing the icy edges of your beaches
with the angels of Tobias, the seven,
seeds of the future) and the heliotrope
born in your hands—all burned, sucked dry
by pollen that wails like fire
and stings like hail . . .

Oh the wounded spring
is still a festival if it can chill

The Hitler Poems Janet C. The Hitler of History John Lukacs, 2011-04-06 In this brilliant strikingly original book historian John Lukacs delves to the core of Adolf Hitler's life and mind by examining him through the lenses of his surprisingly diverse biographers Since 1945 there have been more than one hundred biographies of Hitler and countless other books on him and the Third Reich What happens when so many people reinterpret the life of a single individual Dangerously the cumulative portrait that begins to emerge can suggest the face of a mythic antihero whose crimes and errors blur behind an aura of power and conquest By reversing the process by making Hitler's biographers rather than Hitler himself the subject of inquiry Lukacs reveals the contradictions that take us back to the true Hitler of history Like an attorney Lukacs puts the biographies on trial He gives a masterly account of all the major works and of the personalities methods and careers of the biographers one cannot separate the historian from his history particularly in this arena he looks at what is still not known and probably never will be about Hitler he considers various crucial aspects of the real Hitler and he shows how different biographers have either advanced our understanding or gone off track By singling out those who have been involved in or co-opted into an implicit rehabilitation of Hitler Lukacs draws powerful conclusions about Hitler's essential differences from other monsters of history such as Napoleon Mussolini and Stalin and equally important about Hitler's place in the history of this century and of the world
