Booklist** ,1951 [Buxton](#) Dorothy Schwieder,Joseph Hraba,Elmer Schwieder,2003-10 From 1900 until the early 1920s an unusual community existed in America s heartland Buxton Iowa Originally established by the Consolidation Coal Company Buxton was the largest unincorporated coal mining community in Iowa What made Buxton unique however is the fact that the majority of its 5 000 residents were African Americans a highly unusual racial composition for a state which was over 90 percent white At a time when both southern and northern blacks were disadvantaged and oppressed blacks in Buxton enjoyed true racial integration steady employment above average wages decent housing and minimal discrimination For such reasons Buxton was commonly

known as the black man's utopia in Iowa. Containing documentary evidence including newspapers, census records, photographs, and state mining reports along with interviews of 75 former residents, *Buxton Work and Racial Equality in a Coal Mining Community* originally published in 1987 and winner of the 1988 Benjamin Shambaugh Award explored the Buxton experience from a variety of perspectives. The authors, an American historian, a family sociologist, and a race relations sociologist, provided a truly interdisciplinary history of one Iowa's most unique communities. Now eighty years after the town's demise and fifteen years after Buxton's original publication, the history of this Iowa town remains a compelling story that continues to capture people's imaginations. In *Buxton: A Black Utopia in the Heartland*, the authors offer further reflections upon their original study and the many former Buxton residents who shared their memories. In the new essay *A Buxton Perspective*, issues such as social class and the town's continuing legacy are addressed. The voices captured in Buxton, although recorded over twenty years ago, still resonate with exuberance, affection, and poignancy; this expanded edition will bring their amazing stories back to the forefront of Iowa and American history. — *Heart of the Cariboo-Chilcotin* Diana Wilson, 2006 The spirited stories in *Heart of the Cariboo-Chilcotin* capture the severity and grace of the distinct pioneer culture that resides in British Columbia's rugged Central Interior. It's an area with a provocative history, plenty of colourful individuals, and a wealth of literary talent. The writers in this volume come from different periods, places, and occupations, each bringing a unique voice that adds to the diversity of the whole. A First Nations girl escapes her kidnappers, Greenhorn settlers outgun dangerous criminals, a young cowboy confronts the terrors and revels in the thrills of his first roundup. Occasionally shocking and always entertaining, these people stories celebrate and preserve the Cariboo-Chilcotin way of life. — *India - The North: Forts, Palaces, the Himalaya Dream Trip* Vanessa Betts, Victoria McCulloch, 2013-09-27 During your valuable holiday time, you will want to experience the heart of India. Footprint's *Dream Trip India: The North, Forts, Palaces, the Himalaya* will ensure you discover the very best this spirited destination has to offer, as well as take you to some fantastic out-of-the-way places hand-picked by the authors. Packed with detailed information on where to go and what to do, a hand-picked selection of the very best places to stay and to eat, a full-colour trip planning section featuring detailed itineraries and maps, off-the-beaten-track suggestions from the author, a compact pocket-sized format so you can carry it with you. By illuminating neglected aspects of the interaction between popular and elite cultures in late imperial China, this study portrays the rich connection between life and letters on the eve of the Western impact.

Enduring hardship Ban Seng Hoe, 2003-01-01 Faced with discrimination early Chinese immigrants had little choice but to create their own economic niche From the turn of the twentieth century into the 1950s generations of Chinese immigrants toiled as laundry workers This book poignantly describes why the Chinese laundry remains a symbol of hard work sacrifice and enduring hardship Published in English **Education Department Bulletin** ,1945 **Martial Musings: A Portrayal of Martial Arts in the 20th Century** Robert W. Smith, 1999 In every century there are unique individuals whose fate makes them standing symbols of unique merit and accomplishment Robert W Smith s *Martial Musings* stands out as the sole literary work which offers readers a special perspective of martial arts as they evolved during the 20th century Smith personally escorts the reader on a martial arts tour He starts with his own initial involvement in the arts then launches outward across the nation over to Asia and eventually home again Some of the topics covered in the book include martial arts theory and practice portrayals of leading Asian instructors profiles of Westerners who studied the arts and brought them back to their respective countries and an historical record of the evolution of fighting arts in the West *Martial Musings* represents the fourteenth book Smith has written on the subject and is a broader somewhat historical semi autobiographical commentary on martial arts in the 20th century But what makes this book such a joy to devour is the literary relish Smith stir fries in with the books basic ingredients He astutely couples combatives with literary panache and a ready wit In short *Martial Musings* introduces the reader to the individuals who shaped martial arts in the 20th century The hardbound book has 398 pages and over 300 illustrations with a full color cover and two color text pages **List of Books Suggested for First Purchase for Virginia Elementary Schools** Virginia.
