From Blood Diamonds to the Kimberley Process Franziska Bieri, 2016-04-15 In the late 1990s several non-governmental organizations NGOs focused world attention on the issue of conflict diamonds which funded wars massive death and refugee crises across Central and West Africa Several governments NGOs and key industry players engaged in negotiations under the so-called Kimberley Process KP A voluntary global agreement came into effect leading to a substantial decline in illicit diamond trade Despite its importance in international affairs the KP remains understudied in academia Franziska Bieri's book provides the first comprehensive account of the KP and is the first to reveal how NGOs have become critical actors in their own right possessing the ability to directly influence policies and to participate in the decision making and the implementation of global agreements In developing this argument Bieri explains why the NGO campaign to raise awareness was successful why a rapid and comprehensive resolution on such a complex global problem was possible how the tripartite negotiations between states NGOs and industry developed during the implementation of the agreement which is an on-going process Based on extensive personal interviews with prominent campaigners leading bureaucrats and industry officials hundreds of KP publications official UN documents industry news and NGO reports this timely book allows for a much needed engagement in contemporary debates about the campaign against conflict diamonds the Kimberley Process and the themes defining today's global governance arena

The Political Economy of the Kimberley Process Nathan Munier, 2020-09-03 Investigating state responses to the Kimberley Process an ambitious international agreement meant to reduce the trade of conflict diamonds this study looks at the political economy of resource wealthy states in Africa to understand why some African states have higher levels of compliance and co-operation than others

Natural Resource Conflicts M. Troy Burnett, 2016-09-19 Natural resource and environmental conflicts have long been issues confronting human societies This case-based examination of a wide range of natural resource disputes exposes readers to many contemporary examples that offer reasons for both hope and concern The Rwandan genocide the Sudanese civil war

and perpetual instability in the Middle East and Africa each of these crises have arguably been instigated and maintained by natural resource disputes China has undertaken a Herculean task to plant hundreds of millions of trees along its margins in an effort to save Beijing from crippling dust storms and halt the expansion of the Gobi desert Will it work and is it worth it These and many other cases of conflict stemming from natural resource or environmental concerns are explained and debated in this up to date examination of contemporary and ongoing topics The book examines conflicts over precious resources and minerals such as diamonds oil water and fisheries as well as the pursuit of lesser known minerals like Coltan and other rare earth elements important resources in our technological age in remote locations such as Greenland and the Congo Each topic contains an overview and two position essays from different authors thereby providing the reader with highly informative and balanced perspectives Reference entries accompany each topic as well helping students to better understand each issue As the world hurtles into the 21st century these natural resource issues are becoming increasingly important with all global citizens having a significant stake in how these conflicts arise and play out

United States Code
United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America The Code was first published in 1926 and a new edition of the code has been published every six years since 1934 The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second Session the last of which was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress First Session enacted between January 2 2013 the date it convened and January 15 2013 By statutory authority this edition may be cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the United States The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51 titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U S C 285b to enact the remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published under the supervision of Ralph V Seep Law Revision Counsel Grateful acknowledgment is made of the contributions by all who helped in this work particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office

Preface *Deadly Sounds, Deadly Places* Peter Dunbar-Hall,Chris Gibson,2004 A comprehensive book on contemporary Aboriginal music in Australia [Resource Curse or Cure ?](#) Martin Brueckner,Angela Durey,Robyn Mayes,Christof Pforr,2014-04-02 Globalisation and rapid social and environmental change in recent decades have brought into sharper focus not only the benefits but also the costs of economic development The once assumed link between economic development and societal well being is being increasingly questioned in the face of growing social and environmental problems and unfulfilled

expectations concerning political and commercial decision makers The orthodox development dogma is being tested in particular in resource based economies such as Western Australia where globalisation pressures and the concomitant rise in the demand for natural resources highlight the difficulties of effectively balancing broader societal interests with those of industry and the state This book provides a critical review of the socio political environmental and cultural state of play in Western Australia offering an analysis of how resource based developments are shaping the state and its people The Diamond Trade Lillian E. Forman, 2010 This title gives readers a deeper look at the diamond trade and its surrounding conflicts Readers will learn the history of the diamond trade including its social political and economic effects Color photos and informative sidebars accompany easy to follow text Features include a table of contents timeline facts additional resources web sites a glossary a bibliography and an index Essential Viewpoints is a series in Essential Library an imprint of ABDO Publishing Company Federal Register , 2013-07 **The New Politics of Regionalism** Ulf Engel, Heidrun Zinecker, Frank Mattheis, Antje Dietze, Thomas Plötze, 2016-10-04 This edited volume approaches regionalism as one potential pattern in a changing global order Since the end of the Cold War different forms of territorialization have emerged and we are confronted with an increasing number and variety of actors that are establishing regional projects This volume offers an innovative contribution to the study of this new complexity by exploring constellations of regional actors spatial scales and imaginations beyond state centred perspectives as well as on multiple often overlapping levels The chapters analyse the emergence trajectories and outcomes of regionalisms from the perspective of the Global South specifically concentrating on regional projects in Latin America and Africa but also in the Asia Pacific They attempt to identify the specific conditions and junctures of different forms of region making in their external global and internal local national dimensions The volume also places special emphasis on interactions spatial entanglements and comparisons between regionalisms in different parts of the world By expanding beyond the perspective of North South transfers this book seeks to better understand the dynamics and diversity of interregional interactions This volume will appeal to scholars of global studies international political economy international relations human geography and development studies as well as area studies specialists who focus on Latin America and Africa Australian Coastal Systems Andrew D. Short, 2019-08-29 This book describes the entire coast and beaches and barrier systems of Australia It covers the coastal processes and systems that form and impact Australia's 30 000 km coast 12 000 beaches and 2750 barrier systems These processes include geology geomorphology climate waves tides currents sediment supply as well as coastal ecosystems The coast is divided into tropical northern and southern temperate provinces within which are seven divisions 23 regions and 354 coastal sediment compartments each of which is described in detail in the 34 chapters Within these systems are the full range of wave through tide dominated beaches and barriers ranging from cheniers to massive transgressive dune systems together with a range of onshore and longshore sand transport systems This is an up to date reference for the entire coast its present condition and likely responses to the impacts of

Dislocating the Frontier Deborah Bird Rose, Richard Davis, 2006-03-01 The frontier is one of the most pervasive concepts underlying the production of national identity in Australia Recently it has become a highly contested domain in which visions of nationhood are argued out through analysis of frontier conflict DISLOCATING THE FRONTIER departs from this contestation and takes a critical approach to the frontier imagination in Australia The authors of this book work with frontier theory in comparative and unsettling modes The essays reveal diverse aspects of frontier images and dreams as manifested in performance decolonising domains language and cross cultural encounters *Landmark Cases in Revenue Law* John Snape, Dominic de Cogan, 2019-01-10 In an important addition to the series this book tells the story of 20 leading revenue law cases It goes well beyond technical analysis to explore questions of philosophical depth historical context and constitutional significance The editors have assembled a stellar team of tax scholars including historians as well as lawyers practitioners as well as academics to provide a wide range of fresh perspectives on familiar and unfamiliar decisions The whole collection is prefaced by the editors extended introduction on the peculiar significance of case law in revenue matters This publication is a thought provoking and engaging showcase of tax writing that is accessible equally to specialists and non specialists

The Handbook of Transnational Governance Thomas Hale, David Held, 2018-02-12 When we speak of global governance today we no longer mean simply state to state diplomacy international treaties or intergovernmental organizations like the United Nations Alongside these traditional elements of global politics are a host of new institutions ranging from global networks of governmental officials to private codes of conduct for corporations to action oriented partnerships of NGOs governments corporations and other actors These innovative mechanisms offer intriguing solutions to pressing transnational challenges as diverse as climate change financial governance workers rights and public

health But they also raise new questions about the effectiveness and legitimacy of transnational governance An expanding body of scholarship has sought to identify and assess these new forms of governance but this young body of work has lacked a sense of the larger picture This volume seeks to fill that need by presenting a comprehensive overview of new forms of transnational governance This resource is essential for those who want to explain why transborder governance has changed and to understand what implications these changes have for global politics

Annual Review of United Nations Affairs 2009/2010 VOLUME II Joachim Muller, Karl P. Sauvant, 2011-04-15

a The set generally Since the publication of its first edition in 1950 the Annual Review of United Nations Affairs has stood as the authoritative resource for scholars students and practitioners researching the latest developments of that august body From the insightful introduction prepared each year by a distinguished expert on UN affairs to the full text presentation of reports and resolutions and the helpful subject index ARUNA provides a practical tour of each year's UN actions and debates The expert selection of documents by Joachim Muller and Karl Sauvant and the topic based organization of those documents make any researcher's task much easier than the vast searching sorting and pruning required by the UN's website The series topic based organization of the materials and subject index lend invaluable guidance to all researchers ARUNA presents comprehensive documentation of the work of the UN on an annual basis starting in September of each year with the beginning of the regular sessions of the General Assembly Coverage of the UN's key organs is provided including the General Assembly the Security Council the Economic and Social Council ECOSOC the International Court of Justice and the UN Secretariat In addition selected reports of intergovernmental bodies and expert groups are included Solely official UN documentation is used ARUNA occupies a special place in the publications on the work of the UN as it allows readers to obtain an overview of the principal developments in its key organs This makes it an important reference source for policy makers and academic researchers
