The Kingdom of God graf Leo Tolstoy,1946 *The Kingdom of God and Peace Essays* Leo Tolstóy,1942 *The Kingdom of God and Peace Essays* Leo Tolstoy,1946 *Tolstoy's Search for the Kingdom of God* Javier Sethness Castro,2025-03-11 Building on its predecessor *Queer Tolstoy A Psychobiography* 2023 this book uncovers queer anarchist dimensions of the second half of Count Lev Nikolaevich Tolstoy s life 1828 1910 and of the Russian writer s later art works It features queer friendly readings of *Anna Karenina* 1875 1877 *The Gospels In Brief* 1881 *The Death of Ivan Ilych* 1886 *The Kreutzer Sonata* 1889 *Master and Man* 1895 and *Resurrection* 1899 among other classics However the argument does not overlook the gross misogyny expressed by Tolstoy in either his art or his marriage with Countess Sofia Andreevna Tolstaya Rather the author explores the fundamental contradictions between sexism and anti authoritarianism while critiquing Tolstoy s self defeating commitment to patriarchy The text also praises the writer s late turn toward preaching Christian anarchism as it traces aspects of Tolstoy s artistic and political resonance in the twentieth century including pacifist plant based communes the Russian and Mexican Revolutions the Bloomsbury Group the Catholic Worker and Soviet era hippies **The English Catalogue of Books Published from January, 1835, to January, 1863** ,1864 *The Kingdom of God and Peace Essays* Léon Nikolaïevitch Tolstoï,1960 *Global Nonkilling Leadership Forum Book of Proceedings* Glenn D. Paige,2008

Christian Anarchism Alexandre Christoyannopoulos,2022-02-17 Christian anarchism has been around for at least as long as secular anarchism Leo Tolstoy is its most famous proponent but there are many others such as Jacques Ellul Vernard Eller Dave Andrews or the people associated with the Catholic Worker movement They offer a compelling critique of the state the church and the economy based on the New Testament *Brill's Companion to Anarchism and Philosophy* Nathan J. Jun,2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill s Companion to Anarchism and Philosophy draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism s relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological tendencies *Power of the Universe Lies Within You* PRADIPTA KUMAR DAS.,2015-11-12 This book delves deep into the genesis and power of human thought Human civilization has consistently grown over few millennia but the exponential growth during last few centuries of industrialization and particularly during the last half a century due to digital revolution can be attributed to one single phenomenon called Human Thought Processes The idea of an acronym for Generation Operation and Destruction G O D by human thought has a spiritual background based on Karmic Principles argues the author in the book The delicate balance in the brain chemicals that are responsible for harmonious thought processes can sometimes be severely derailed due to

modern day anxiety and stress causing immense agonies leading to serious mental health problems The author had a firsthand experience of such a mental health crisis in July 2000 while during his PhD study in Adelaide Australia almost leading to a Near Death Experience which he not only survived but could convert the crisis into an opportunity to harvest immense knowledge and wisdom for self growth The author has adopted partly an autobiographical approach to put across ideas that he thinks can find some resonance with people struggling to overcome similar mental health problems in life While researching into concepts of life after death he raises few questions about the current understanding of human consciousness The ultimate realization of the author that Humans are infinite spiritual beings in finite bodies has been systematically and logically brought out to enable a conviction that mental health problems are better handled with medico spiritual practices The title of the book suggests that to achieve happiness and bliss in life human beings anywhere in this world need not search elsewhere because it is all there within The author has outlined all the practical steps which helped him not only overcome his serious crisis but achieve his desired goals and thus sublime happiness He strongly believes in the universal application of the principles enumerated

Global Peace and Anti-nuclear Movements Badruddin,2003 This Book Presents In Depth Observation And Analysis Of Global Peace Movement Organizations Both In Historical As Well As Contemporary Dimension

On Human Conflict Lou Marinoff,2019-02-13 On Human Conflict excavates the cavernous philosophical foundations of war and peace The magnum opus is bracketed by the author s experience of the Cuban missile crisis as a schoolboy and his witnessing of 9 11 as an adult It studies the human species with an admixture of evolutionary insight free ranging horror and heavily guarded optimism It is also the uncensored voice of a conservative philosopher who dares to speak his mind on contemporary conflicts including the culture and gender wars and Islamic jihad in an age when political correctness has lowered an Ivy Curtain prohibiting freedom of expression on campus and across Western civilization entire

Just Peace Theory Book One Valerie Elverton Dixon,2012-11-29 In these essays I often refer to social contracts such as the Declaration of Independence the Constitution of the United States the Universal Declaration of Human Rights and other international conventions that describe a vision of just human relations especially in the area of culture and health care We do not live behind a veil of ignorance where we enter into contemplation of questions of right and wrong without an awareness of our own particularities Moreover we do not always determine what is right based on reason But we do make decisions every day about how we will live within the social contracts that govern our lives Many of us go along to get along with a lets not rock the boat preserve the status quocaution Then there are those of us who use the documents of our social contracts to secure more justice and more peace The purpose is to rock the boat and to disrupt the status quo when it is unjust I understand Christ as a title not as a person It is a designation of an anointing This in my opinion is the anointing of radical love Christ is the human incarnation of divine love We each ought to strive to become this whether or not we are Christian whether or not we are even believers Those of us who are Christians believe that Jesus paid it all There is no more

need for blood shed sacrifice Murder is never holy God does not need it or want it Our work now is to become living sacrifices that will redeem this world through justice and peace That is the meaning of these essays From the Introduction

The Kingdom of God and the Yellow Barn Church Doug Hickerson, 2006 All his life author Doug Hickerson repeated Thy Kingdom come in the Lord's Prayer Yet God's kingdom seemed irrelevant to him even as a seminary student and a church layman Hickerson was a liberal Protestant active in a mainline denominational church and in community causes He became curious about spiritual paths to God beyond the Church While in his midfifties and still active in his church he started a spiritual journey that included exploring other religions and spirituality Steeped in the popular New Age spirituality of the 1990s he wrote about the coming new millennium He felt that humankind was evolving spiritually and was headed for an enlightened utopia the Age of Aquarius His humanistic visions ended abruptly when he met families who belonged to the yellow barn church in his village In their fellowship it became clear that God not man is in control and lovingly rules our destiny He awakened to the Kingdom of God present now on earth with its fulfillment yet to come At age sixty eight Hickerson's life changing experience in the evangelical Church and in God's kingdom is deeply personal and grounded in the Bible and solid theology The warm and at times humorous narrative in *The Kingdom of God and the Yellow Barn Church* details God's providence and promptings over Hickerson's lifetime

Peace, Good Order, and Prosperity, to the Nations Bryce Johnston, 1801 *The Concentration of Power* Anders Corr, PhD, 2021-11-22

Since the beginning of organized societies power and leadership have operated in human hierarchies which are concentrating power in an accelerating manner according to the comprehensive analysis of Dr Anders Corr in his book *The Concentration of Power* Institutionalization Hierarchy Hegemony This sweeping study belongs next to Niall Ferguson and Jared Diamond in our understanding of how the world works and how it can work better James Kraska Harvard Law School A must read for legislators military strategists leading academics regulators and anyone interested in the existential threat that the concentration of economic political and informational power in an illiberal country like China creates for the leading democracies of the world Kyle Bass Billionaire investor erudite and realistic appraisal of 21st century power politics Alex Gray former Chief of Staff White House National Security Council From The Book China's influence in US politics has coincided with the industrialization of China at the expense of a deindustrializing US Global corporations to which US politicians answer fled high wages and environmental regulations in the US for low wages and lax environmental standards in China Now the US is paying the price and might not recover sufficiently to defend itself against China's growing military The strategic ambitions of one nation can and have upset the United Nations and the balance between powers Now the Western world must understand the imminent threats from the hegemonic ambitions of China Hierarchy is the institutionalization of power according to Dr Corr's *The Concentration of Power* an institutionalization that is concentrating and accelerating over historical time from prehistory to the present Corr develops twelve historical theories and applies them to the greatest conflicts of the past and present including during the age of empires the present competition between superpowers such as the United States and China as well as conflicts between the nation state and emerging supranational powers such as the European Union and United Nations Corr's theories apply to domestic politics as well as illustrated by the evolution of conflicts between communism fascism and liberal democracy Corr argues that the concentration of power acts as a ratchet It concentrates when conditions are ripe and force is applied Due to mechanisms like subsidies transfers and corruption however power does not easily return to an unconcentrated state when conditions are not ripe This dynamic of the ratchet drives international and domestic concentration of power with no apparent end other than a global illiberal hegemon at some point in the future In sum *The Concentration of Power* is a short history of the world from the beginning to what the evidence indicates should be its logical conclusion From politics to unions associations corporations and the military Dr Corr analyzes them and provides readers with a sense of what the world could face if we allow hierarchy to continue its historical development toward global and illiberal hegemony Be it in China the United States or the European Union all are vying for global influence and the utilization of the structure of the United Nations to promote either the principles of human rights and democracy or in the case of Beijing the exact opposite This clash between democracy and autocracy on a global level could turn into a final war of world proportions No greater stakes have ever existed in world
