From the very infancy of the film industry, filmmakers have relied heavily upon literature as the foundation for their movie material. Well-known literary works such as Dickens's *A Christmas Carol* and Hawthorne's *The Scarlet Letter* were adapted to film in the silent era as were such books as Thomas Dixon's Jr's *The Klansman* basis for the film *Birth of a Nation*. In recent years, Nick Hornsby's *About a Boy* and each of Helen Fielding's *Bridget Jones's Diary* novels were the basis for popular movies bearing the same names. A guide to English language works that have been adapted as theatrical and television films, this volume includes books, both fiction and non-fiction, short stories, newspaper and magazine articles, and poems. Entries are arranged alphabetically by literary title with cross-listings for films made under different titles. Each entry includes the original work's title, author, year of first publication, literary prizes, and a brief plot summary. Information on film adaptation's of the work, including adaptation titles, director, screenwriter, principal cast, and the names of the characters they portray, major awards, and availability in the most common formats, DVD, VHS, is also offered.

**Novels of the Contemporary Extreme** Alain-Philippe Durand, Naomi Mandel, 2006-06-08. This book investigates a new form of fiction that is currently emerging in contemporary literature across the globe. Novels of the contemporary extreme from North and South America, from Europe and the Middle East, are set in a world both similar to and different from our own: a hyper-real, often apocalyptic world progressively invaded by popular culture, permeated with technology and dominated by destruction. While their writing is commonly classified as hip or underground literature, authors of contemporary extreme novels have often been the center of public controversy and scandal; they and their work become international bestsellers. This collection of essays identifies and describes this international phenomenon, investigating the appeal of these novels, styles and themes, the reasons behind their success, and the fierce debates they provoked. *New York Magazine*, 1971-01-04. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *The New Biographical Dictionary of Film* David Thomson, 2010.
